Date : Tuesday, 27 April 2010
Time : 1.30pm to 5.00pm
Venue : STI Auditorium, Level 9
Capital Tower, 168 Robinson Road, Singapore 168912

The International Chamber of Shipping (ICS) and the International Shipping Federation (ISF) are the principal international trade association and employers' organisation for the shipping industry, with a membership comprising national shipowners' associations from 36 countries, representing all sectors and trades and around 75% of the world fleet.

ICS – ISF will be organizing an "International Shipping Seminar" in Singapore during Maritime Week. This is a prelude to their annual general meetings which the SSA will be hosting.

A distinguished panel of speakers comprising representatives from national shipowners' associations, ICS and ISF will discuss some of the major issues which they are addressing on behalf of the global industry. Topics will include reduction in CO₂ emissions, piracy, manpower issues, and a discussion of how Asian shipping can best participate in the international regulatory discussions.

Registration is **free** for the first two registrants of a SSA member companies. Subsequent participants, no-show registrants, walk-ins and non-SSA members will be charged **S\$50** (includes GST) each. In order to allow as many companies as possible to participate, priority will be given to the first 2 registrants per company. Subsequent registrants from the same company will be put on a waiting list and would be offered the remaining seats, if there are any, after the deadline.

If you are interested in attending this seminar, please fill-out the attached registration form and submit it to **ICS – ISF** through email at shantel.ryan@marisec.org by **Friday, 09 April 2010**.
