### **MARITIMEONE MARITIME LEARNING JOURNEY: 29<sup>TH</sup>, 30<sup>TH</sup> APRIL 2010**

In line with Singapore Maritime Week 2010, MaritimeONE will be organizing its first Maritime Learning Journey for maritime employees. This activity aims to showcase the diversity of roles in the maritime industry and how the various sectors support one another.

There will be two identical tours held on the 29 and 30 April from 9.30 am – 3 pm. Coaches will depart at 9am from Tanjong Pagar MRT station to PSA Vista where the tour will start at the Port Operations Control Centre to view the impressive Vessel Traffic Information System (VTIS).

The rest of the tour will be conducted on the ferry where participants will see bunkering and terminal operations up close as well as viewing Api Api (MPA's firefighting craft) in action, before returning to Marina South Pier at 3 pm.

A detailed itinerary is attached for your reference.

**However, do note that submission of registrations does not guarantee a place on the tour.** Due to space constraints at various facilities, only 80 people will be accepted on each tour, up to a maximum of **two** registrants per company, to allow as many maritime companies to participate as possible. Priority will be given to MaritimeONE affiliated companies.

To register, fill up the registration form attached and send it back to the SSA Secretariat via email to [registration@ssa.org.sg](mailto:registration@ssa.org.sg) or fax at **6222 5527** by **12 noon on 9 April 2010, Friday**. Please note that late submission of registrations or substitution of registered participants after the deadline will not be entertained. As the tour involves entry to restricted areas, all registration details provided will be sent for security clearance. Please ensure that the details provided are accurate and true.

This tour is fully sponsored by MaritimeONE as one of its industry outreach projects for 2010. We look forward to your enthusiastic participation.

Best regards,

GINA GOH  
Executive Officer, Corporate Communications
