

## Singapore Shipping Association

Ref: SSA/085/10/EML

7 May 2010

Dear Members,

### LAUNCH OF SEATRADE ASIA WEEK – THE LATEST ONLINE MARITIME PUBLICATION

The Singapore Shipping Association is pleased to announce the launch of Seatrade Asia Week, designed to fill a long-overdue gap in the market and recognise Asia's emerging role as centre of the maritime world.

Edited by Marcus Hand, Seatrade Asia Week will be delivered every Friday in an electronic format covering the latest news, market information, analysis of key issues across all shipping sectors and incorporating the entire region. Regular in-depth features will focus on law, finance, insurance, environmental issues and bunker quality reports.

The Singapore Shipping Association and Singapore Maritime Foundation have been instrumental in providing Seatrade with the support required to launch a publication which takes Singapore, and the region, to the world. In light of this we would like to ask all members to support this publication and subscribe it at specially negotiated SSA member rates as below:

**Seatrade Asia Week annual subscription (single user):** US\$150 (U.P. US\$300)  
**Seatrade Asia Week annual subscription (10 user license):** US\$500 (U.P. US\$700)

Please double click here for the latest copy of the [Seatrade Asia Week \(Issue 7 May 2010\)](#). For the special order form which entitles you to special discounts on the subscription rates, [click here](#). Please send the order form directly to Seatrade as per the instructions on it. This will be the last issue that will be sent free of charge to all SSA members.

If you would like to subscribe to the publication, please contact the person-in-charge below:
