COVID-19 PROTOCOL ON CREW CHANGE AND REPATRIATION OF SEAFARERS

SINGAPORE CREW CHANGE GUIDEBOOK

In collaboration with and supported by:

Part of:
The Singapore Crew Change Workgroup (SGCCWG) was initially formed on 2 April, but began formalised videoconference meetings every Tuesday from 7 April to coordinate efforts in Singapore for Crew Change. The SGCCWG is also connected to the larger global worldwide Crew Change Taskforce led by ICS, providing an exchange of updated information regarding changing developments around respective international government restrictions, on air-travel, health advisories on the pandemic, which impact crew change.

The main SGCCWG consists of the following representations, led by the SSA:
- Industry
  International Maritime Employers’ Council (IMEC), Singapore Shipping Association (SSA), World Shipping Council (WSC)
- Union
  Singapore Maritime Officers’ Union (SMOU), Singapore Organisation of Seamen (SOS)
- Government
  Maritime and Port Authority of Singapore (MPA)

The SGCCWG strives to provide periodic updates on developments in Singapore to the larger community of Ship owners, Managers, Agents and Crewing/Manning companies, receiving relevant inputs that are considered and implemented in this document.

A further development team within the SGCCWG was formed pulling resources from experienced ship managers. The members in this team are:
- Singapore Shipping Association
- Synergy Marine Group
- Western Shipping and IMEC board member rep
- Wilhelmsen Ships Service
- World Shipping Council (Asia Pacific rep)

This document focuses on the various stages of crew change administration, and the recommended steps following the ICS issued Framework of Crew Change Protocol and based on the Maritime and Port Authority of Singapore (MPA) issued Port Marine Circular (PMC) 26 of 2020.

***Acknowledgement: This document is prepared by Wilhelmsen Ships Service AS, drawing upon feedback from the main SGCCWG***
Crew change process for sign on and sign off in Singapore

- A safe and coordinated planning process, ensuring minimal contact between crew and various staff of hotel, transportation providers and launch hire services
- All aspects of the value chain are considered including self-reporting of health status to detect early symptoms and seek prompt medical attention

(A) Process for sign on crew

SHN – denotes “Stay Home Notice”, details is as per laid out in the URL link: https://www.gov.sg/article/everything-you-need-to-know-about-the-stay-home-notice

Figure 1.1

Figure 1.2

Figure 1.3
To minimise the risk of importation and spread of COVID-19 in Singapore and to the ship, the crew must be transferred directly between the vessel and the point of arrival/departure. Company may wish to take note of the following requirements:

<table>
<thead>
<tr>
<th>Phase Descriptor</th>
<th>Check List</th>
<th>Mitigating Factor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sign-On Crew A</td>
<td>Crew must serve 14-days SHN* at his/her home country prior to his/her departure flight to Singapore. (For the period of SHN, the crew should abide by the standards equivalent to the “Health Advisory for Persons Issued Stay-Home Notice” issued by MOH). All visa requirements for Singapore must be followed. Countries that require visa to enter Singapore must take into consideration the application period of 10 days processing time that ICA needs. • Crew shall take his/her temperature twice daily and keep a record. • Crew shall remain healthy throughout the 14-days SHN period. • Crew shall provide a declaration that he/she has complied with the above and provide the temperature records for verification. • Company shall, at the point of application, provide a declaration that 1) Confirmation that the crew has been in quarantine for at least 14 days prior to entering Singapore and has been well throughout that period. 2) Mandatory Temperature screening when crew disembarks from the plane 3) If temperature is above 37.6, it will be led out to the nursing station set up in the airport for further assessment 4) Agent must be present to meet the crew when they arrive. The crew will produce the MPA’s approval letter to ICA, the crew will be escorted</td>
<td></td>
</tr>
</tbody>

(B) Process for sign off crew

**Process for Sign Off Crew - Port of Singapore**

**Vessel**
- Crew not sign off
- The crew identified for crew change must have an available flight for them to sign off so that they can go direct to airport once they disembark from the vessel
- Master’s statement that vessel shall not depart Singapore until clearance has been given by the Authorities**
- Seamen’s Employment Agreement (SEA) of the signing off crew
- Sea port doctor to certify crew member are fit to travel on board provide fit to travel medical certificate
- Crew can only alight from launch boat when blind transport is ready
- Crew transfer to vessel to launch boat

**Transit from place of arrival**
- Crew boards designated private transport and heads to the airport
- Crew meets Ship Agent after clearing immigration at the arrival hall
- Immigration and customs clearance for signing off crew
- All crew disembark from launch boat

**Singapore Airport**
- Crew arrives at the airport and check in to obtain boarding pass
- Crew clears immigration and customs
- Crew boards airplane and depart as per flight schedule
- Ship Agent to notify MPH, Ship Manager and on vessel reason that crew has safely departed Singapore port

**Country of Destination**
- Sign off completed
- Crew arrives at destination

**Remarks**
- **COVID-19 safety measures**
  - Face mask and hand sanitizer should be made available to crew at all times
  - Ensure all service suppliers adhere to the MDO procedures and requirements in this process
  - All crew should adhere to MDO safety and hygiene measures at all times

**Notes**
- **Subject to the crew member obtaining the lift off - travel on board the vessel by public transport may be sub-replaced by the ship’s port doctor. Otherwise, Master to seek further instructions by the Authorities.**
- **Should there be any delays, crew should be directed to a staging location by their Ship Manager/Owner or appointed agent.**
To minimise the risk of importation and spread COVID-19 in Singapore, the crew must be transferred directly between the vessel and the point of arrival/departure. Company may wish to take note of the following requirements:

<td>Ensure all crew sanitise their hands once in vehicle/launch</td>
<td></td>
</tr>
<tr>
<td>C</td>
<td>Sanitise and disinfect seats/interior after dropping off crew.</td>
<td></td>
</tr>
</tbody>
</table>

If the above requirements can be met in line with Port Marine Circular 26, kindly submit the following documents to MPA to process the request:

A. Application form as attached. (Complete one per crew)

B. Letter of undertaking by owner/agent/operator.

C. Scanned copies of crew’s passport.

D. Flight itinerary for both sign-on and sign-off crew.
E. Written confirmation that the last port of call was more than 14 days ago and that the crew remained well throughout; or, if the last port of call was less than 14 days ago, the crew has not gone ashore for the last 14 days and remains well.

F. Written health declaration by all crew members that they are asymptomatic and have not had contact with a known or suspect case of COVID-19 in the 14 days preceding arrival in Singapore.

G. A copy of the ship’s Maritime Declaration of Health in accordance with Port Marine Circular No. 16 of 2020.

Please note that the documents A, B, C, and D (just flight itinerary not e-ticket) shall be submitted at least fourteen (14) days prior to the scheduled signing on/off date of the crew, unless expressly stated otherwise. Documents E and F must be submitted at the earliest possible instance before the vessel’s arrival. Document G must be submitted 12 hours before the vessel arrives in Singapore. Any changes to documents or information submitted must be notified to MPA immediately. Failure to comply with the deadlines may result in the rejection of the request.

For Ship Owners and Managers;

a) Application for crew change has to made at least 14 days in advance of the intended crew change date.

b) Strict compliance with the requirements for sign-on and sign-off crew must be adhered to.

c) All efforts must be made to time ship and flight schedule so that direct transfer between ship and flight can be carried out for the crew change. Should the above not be possible, ship owners and managers should explore options of chartered flights or place the crew temporarily onboard another ship in port while waiting for the intended ship/flight.

d) All efforts must be made to seek approval from other port authorities for crew change to be carried out.

e) If the request for crew change in Singapore is not approved, the company should plan for the crew change to be conducted at other ports which allow crew change to be done.

More importantly, with the ongoing COVID-19 pandemic around the world, ship owners and managers cannot expect business-as-usual. The potential strain on public health resources arising from crew change will necessarily mean that the total number of crew change will be significantly reduced globally. Ship owners and managers must play a role to manage the expectations of crew and provide incentives and a good working environment for crew to be willing to serve longer contracts onboard, subject to the requirements of the Maritime Labour Convention, so as to minimise the number of instances crew change is needed during this pandemic.
