**SSA COUNCIL (2017/2019): CO-OPTION OF MR MARIO MORETTI TO SSA COUNCIL**

Dear Members,

As you may recall, at the 21st Singapore Shipping Association (SSA) Annual General Meeting held on 29 June 2017, SSA announced the formation of the SSA Council (2017/2019), comprising 7 Elected and 5 Co-opted Councillors.

Today, I am pleased to inform you that your Council has unanimously agreed to co-opt an additional Councillor, Mr. Mario Moretti, to the SSA Council (2017/2019), bringing us to our full strength of 13 Councillors.

Mr. Moretti, RINA Marine & Energy Asia Senior Director, is stationed in Singapore and is responsible for the company activities in the marine and energy sectors in Asia.

He has a Master's Degree in Naval Architecture & Marine Engineering from the University of Genova (Italy), and has over a decade of experience with RINA. He arrived in Singapore in July 2016 as Area Manager for South East Asia and in January this year, he took on his present role of Marine & Energy Asia Senior Director.

As I mentioned at the 21st AGM, we aimed to co-opt Councillors with specific expertise across a range of disciplines, and with Mr. Moretti joining the Council, we have representation from the Classification Societies as well as the legal and finance sectors. I have the utmost confidence that he is fully committed to joining us as we seek to take SSA into the future.

Esben Poulsson  
SSA President
