Welcome to Singapore!

In 1998, a group of pioneering women in the Singapore shipping and trading industries set up WISTA Singapore, which became WISTA International's first chapter in Asia. 20 years have passed and WISTA Singapore has grown from strength to strength thanks to the efforts and contributions of its members throughout the past 20 years. It is now time to gather and celebrate this milestone anniversary!

The team here in Singapore has been hard at work putting this amazing conference together and it is heartening to see that the local and international shipping and trading industries have embraced this event and the support received has been overwhelming.

Come be a part of what promises to be an informative and memorable event - I very much look forward to seeing you in Singapore this May!

Magdalene Chew

WISTA Singapore President
