

Japanese Shipbuilding & Ship Machinery Seminar in Sea Asia 2017

**JAPAN Pavilion hold its first Seminar at SEA ASIA!**

While in Singapore for Sea Asia 2017, JSMEA and CAJS will be organizing a joint seminar, to allow Japanese shipbuilding companies and ship machinery and equipment manufacturers to unveil vessels of high technologies complying with the latest international rules and regulations. They will also introduce energy-saving and eco-friendly machinery and equipment that are expected to be used for such ships. After the seminar, the partners will hold a networking reception to deepen the friendship between Japanese shipbuilders and ship machinery and equipment makers and parties that are concerned with maritime affairs from Singapore, which is a world-renowned centre of the maritime industry.
