**Dear Valued Members,**

SSA brings to you an update on our Executive Development Programme for 2019!

The SSA Executive Development Programme was set up in 1991 to implement training programmes for the benefit of SSA member companies and the Singapore shipping industry at large.

SSA aims to promote and inculcate lifelong learning in the maritime community by providing highly relevant training courses for shore-based staff to be equipped with the pertinent skill-set for their jobs, whilst upgrading the professional skills and standard of the industry as a whole.

The lecturers engaged to deliver SSA courses are a committed and experienced team of qualified professionals in their respective fields within the shipping industry.
