The much anticipated flagship event by SCCC for SMEs – the Annual SME Conference, Infocomm Commerce Conference and SME Expo (SMEICC) 2018 is back again with a 2-day power-packed conference program and an extensive gallery of solutions.

We are excited to share the 2018 conference programme with you. Find out if you are a **Disruptor**, **Challenger** or **Leader** in today's marketplace.

Strategically paired with the conference is the SME Expo, with over 100 business solutions providers and 11 government agencies to help you transform, digitise and level up your business.
