About Breast Cancer Foundation (BCF)

The BCF is a non-profit organization, whose mission is to "eradicate breast cancer as a life-threatening disease". This is done through awareness and education about breast cancer, support programmes for breast cancer patients, as well as donations and fund-raising drives among its many other initiatives.

Through its Awareness & Education Programme, BCF reaches out to as many people as possible irrespective of gender, profession or ethnic group. BCF believes that by doing so, more people will not only become aware of breast cancer and its related issues but also become their partners in spreading their education messages.

BCF has a charity status with charity registration number 1286 and registration date 22 October 1997. Find out more about BCF at www.bcf.org.sg.
