Date: 20 May 2020

Dear Members,

### **Smart Port Challenge 2020 Launch on Live Webcast**

The Smart Port Challenge (SPC) is an annual innovation competition for technology start-ups to address challenges put forth by maritime corporates. It is one of several industry-wide initiatives under PIER 71 to build a vibrant maritime entrepreneurial and innovation eco-system in Singapore.

A much-awaited maritime event, the launch of Smart Port Challenge (SPC) 2020 will take place on Thursday, 4 June, from 4-6pm via a LIVE webcast.

Chief Executive of the Maritime and Port Authority of Singapore, Ms Quah Ley Hoon, will be giving the opening address. The webcast programme includes a panel discussion with representatives from the Singapore Shipping Association (SSA). Hear from Mr. Tonci Zdunic, Fleet Director from Asia Lloyd Ship Management, Mr. Haymon Sinapius, Investment Manager at Bernard Schulte and Capt. Naveen S Singhal, member of SSA Technical Committee in the panel discussion on 'Testing water quality on vessels'.

Please refer to the attached EDM for full details of the event. Interested members who wish to attend this virtual launch event can register via the appended link

<https://spc2020launch.eventbrite.sg>.

For further details or clarification on the event and registration, please email [priscillaqoh@nus.edu.sg](mailto:priscillaqoh@nus.edu.sg).

Thank you!
