As an Association

The Association will protect and promote the interest of its members. The Association will undertake activities on shipping matters which are beneficial to its members.

For the Industry

The Association will take the view of the shipping industry as a whole. It will play its due role to promote the interests of shipping in Singapore, ASEAN, Asia and the world. To do so, the Association will cooperate with other shipping organisations, in ASEAN, Asia and elsewhere.

For Singapore

The Association will work closely with the Government of Singapore to promote the extensive maritime interests of Singapore and to promote Singapore as a major port and international maritime centre.

For International Shipping

The Association will cooperate with government and non-governmental organisations to promote freedom of the sea, safety at sea and to protect the marine environment.

President's Report

Mr Teo Siong Seng
SSA President

"I am confident that we will emerge stronger and more resilient to seize the abundant opportunities that await us."

2008 was a year of extremes for the shipping industry. For the first half of 2008, the shipping market was performing well. However, the continued steep rise in crude oil prices and the turmoil in the global financial market caused by the US sub-prime mortgage crisis began to have its adverse impact on the global economy towards the second half. Stock and shipping markets around the world suffered free fall by the third quarter causing widespread fear of a serious global economic recession not seen since the Great Depression. The credit crunch in the financial market had a dramatic effect on the shipping industry with rates slashed, services reduced and vessels being laid up.

Our industry is a cyclical one – whilst this downturn has proven to be exceptionally severe, we are starting to see slow but steady signs of recovery during the second quarter of this year. Having weathered the rough seas, I am confident that we will emerge stronger and more resilient to seize the abundant opportunities that await us.

The International Scene

Shipping is a global industry. Besides the depressed freight market, a number of issues have arisen which the Association had to pay full attention to in the past year. In particular, the Association has been very concerned with the ever-growing threat of pirate attacks and ship hijacks off the coast of Somalia and in the Gulf of Aden. We were also actively engaged in issues relating to atmospheric emissions from ships, in particular reference to Sulphur Dioxide (SO_x), Nitrogen Oxide (NO_x) and particulate matters. The latest hot debate at the International Maritime Organisation (IMO) is related to the reduction of Greenhouse Gas (GHG) emission from ships.

The steep increase in pirate attacks off the coast of Somalia and in the Gulf of Aden is a topic of real concern. More than 40 ships, along with their crew and cargo, were hijacked by Somali pirates last year. For this year to-date, already 29 ships have fallen victims. Fortunately no Singapore flag ships were hijacked although a number of them were being pursued. The Association is pleased that the Singapore government has dispatched its naval and air assets in April this year to join the coalition forces in the Gulf to provide protection and security for transiting merchant ships. We are also appreciative of other Governments that have committed their resources to combat piracy in that area.

President's Report

SSA members whose ships are transiting the Gulf have been strongly advised to adopt the Best Management Practices issued by industry organisations. Ship masters should make full use of the voluntary reporting system implemented by the coalition forces and to navigate their ships within the safe corridor in the Gulf. Arming the ship to fight the pirates is not an option and should be strongly discouraged.

Whilst all these are temporary stop-gap measures at best, the Association is of the view that the long term solution actually lies with weeding out the root causes of the problem in Somalia itself. Having a stable and credible government in Somalia will help provide job security and employment to the young Somalis and keep them off such illegal activities.

Elsewhere in South East Asia, we are pleased to note a significant drop in piracy incidents. The ongoing sea and air patrols in the Straits of Malacca and Singapore have worked well to ensure the safety and security of passing ships. In light of the current difficult times, a revival in piracy activities around this region should not be discounted. We urge our members to remain alert when transiting the straits.

Safe navigation and the protection of the marine environment are top priorities in our shipping operations. In this regard, the SSA fully supports and encourages all stakeholders to play an active role in the Cooperative Mechanism that has been established for the Straits of Malacca and Singapore.

Shipping is relatively an easy target where atmospheric pollution is concerned. Based on studies, ships emit less than 4% of the CO₂ emission globally as compared with other industries. Nevertheless, in the wake of global concerns over climatic changes and rising sea levels, the shipping industry is strongly committed to further reduce this emission level. Intense debate is now taking place at the International Maritime Organisation (IMO) with every intention to come out with operational measures and Market Based Instruments (MBI) that would be realistic, pragmatic and effective.

The Association maintains its stand that the IMO should serve as the main forum to discuss any regulatory measures that would control GHG emissions from ships. It further maintains that any measures adopted should demonstrate effective and substantial reduction of total GHG emissions. Provisions should also be made to recognize and reward operators who deploy environmentally friendly technology for their ships, including more efficient ship engines.

A SSA Working Group has been formed to look at the options available to us and to adopt a SSA stand on this issue.

The Singapore Scene

In spite of the global economic downturn, Singapore's maritime industry continued to grow. Singapore has remained an important and major hub port in the world with ships' calls of just over 5 billion gross tons (GT) in 2008. The Port of Singapore has also handled more than 29.9 million TEUs of containers in 2008, maintaining its lead as the world's largest container port.

The Singapore Registry of Ships (SRS) is among the top ten registries in the world with a fleet of more than 3,800 vessels totaling 43.7 million gross tonnes. Besides having a young fleet, the SRS is well known as a quality registry with high standards.

The bunkering industry in Singapore also performed relatively well continuing its lead as the largest bunkering port in the world with more than 34.9 million tonnes of bunkers delivered last year.

All the above developments reinforce Singapore's important role as an International Maritime Centre (IMC) that contributes to the global economy.

When the shipping market started to deteriorate in the third quarter last year, the Association quickly organised an urgent meeting on 18 November 2008. The high level meeting was attended by selected members from the Association's wide spectrum of membership – bulk, container and tanker companies, ship management and ship broking companies, marine insurance, ship finance and terminal operators. The aim of the meeting was to address the immediate concerns and to propose measures to jump-start a quick recovery for the Singapore's shipping industry.

The meeting proposed that companies should focus

on training, upgrading and re-skilling to improve the efficiency of their staff. The Government could stand guarantee for trade finance, offer more tax relief and waive withholding tax on mortgage interest for Singapore-flagged ships, as part of an effort to restore confidence in global trade. This is crucial to long-term stability, rather than simply relying on short-term fixes like handouts. Government agencies were also strongly advised to defer any statutory costs increase under their control.

Your Association

Despite the depressed market, the Association's membership has continued to grow steadily.

As of 23 June 2009, the SSA membership stood at 362 members, 221 of which are Ordinary Members, 138 are Associate Members and 3 Individual Members. Mr Yeo Cheow Tong and Mr Ong Kok Wah are honorary SSA members.

The Association's Young Executives Group (YEG), which celebrated its 3rd anniversary in March this year, now stands at 555 members. A group of 8 Young Shipowners also joined the 19 – member SSA delegation to the 18th Asian Shipowners Forum in Tainan, Taiwan on 25 – 27 May 2009. We hope that these young members of our Association will continue to make enthusiastic and positive contributions to Singapore's shipping industry.

President's Report

SSA members are strongly encouraged to take advantage of the current economic slowdown and generous funding to send their staff for retraining and upgrading under these SSA courses.

The Association's eNewsletter, "Waves", entered its 3rd year with the release of the 18th issue published in May this year.

The SSA is a close partner with the Maritime and Port Authority of Singapore (MPA), the Singapore Maritime Foundation (SMF), the Workforce Development Agency (WDA), the National Trade Union Congress (NTUC) and other related organisations to foster the continued development of Singapore as an

international maritime centre. Through this strong and strategic partnership, the Association is able to initiate educational and social networking events for the benefit of the members. Through the WDA and the NTUC, courses under the SSA Executive Development Programme have been accorded 90% subsidies under the Skills Programme for Upgrading and Resilience (SPUR). SSA members are strongly encouraged to take advantage of the current economic slowdown and generous funding to send their staff for retraining and upgrading under these SSA courses. To cope with the strong demand, new courses and more runs of the existing SSA courses have been scheduled.

With such support from the government, coupled with the traditional resilience of Singapore's shipping industry, I would like to urge our members to try their best to retain their staff and resort to retrenchment only as a measure of last resort.

The Association is also pro-active in voicing industry concerns to MPA. The SSA was very much involved in the highly successful SeaAsia event in April 2009.

Conclusion

The SSA is fortunate to have dedicated and committed members willing to serve on the Council, the various Committees and Sub-Committees. As this is our election year, I wish to take this opportunity to thank all of them for their hard work, dedication and excellent support in promoting the interests of the SSA. I am grateful for what they had done as a team to advance the well-being of your Association.

I would like to thank all members of the Association for their continued support.

Last but not least, I would also like to thank the Secretariat for the efficient discharge of their duties.

Activities Report

Activities Report

Annual General Meeting (AGM)

The SSA 12th AGM was held on Friday, 13 June 2008 at the Swissotel Merchant Court and was attended by 81 Ordinary and 16 Associate Members. The Meeting adopted the President's Annual Report and the Association's Activities and Financial Report ended 31 December 2007.

As M/S ComLaw LLC had informed the Association that they can no longer serve as SSA's honorary legal advisors for various reasons, the AGM appointed M/S Allen & Gledhill as the Association's Legal Advisors for 2008/2009.

The AGM re-appointed M/S Rohan Mah & partners as the external auditors for the Association for another year.

The Meeting unanimously re-appointed Mr Teo Siong Seng, Mr Chan Tuck Hoi, Mr Patrick Phoon and Mr Ong Kok Wah to the SSA Board of Trustees of Properties.

The Meeting unanimously appointed Mr Ong Kok Wah as an Honorary Member of the Association, in appreciation of his 14 years of service to the SSA Council.

Council

The SSA Council (2007/2009) currently comprises six elected Ordinary Members, one co-opted Ordinary Member and one co-opted Associate Member. They are:

Elected Members:

- Mr S. S. Teo, Managing Director, Pacific International Lines (Pte) Ltd
- Mr Patrick Phoon, Deputy Managing Director, Evergreen Shipping Agency (Singapore) Pte Ltd
- Mr Goh Teik Poh, President, South Asia, Neptune Orient Lines Ltd
- Mr Aloysius Seow, Chief Operating Officer, Ocean Tankers Pte Ltd
- Mr Kenichi Kuroya, Managing Director, "K" Line Pte Ltd
- Mr Esben Poulsson, President and Chief Executive Officer, Torm Singapore Pte Ltd

Co-opted Members

- Mr Ragnar Nielsen, President and Chief Executive Officer, Masterbulk
- Ms Seong Koon Wah Sun, Managing Director, Global Shipping International Markets, Bayerische Hypo-und Vereinsbank

During the period in review, there were 3 resignations from the Council without replacements:

- Mr Douglas Robinson, Chief Operating Officer, V. Ships (Asia) Pte Ltd – 1 November 2008,
- Mr Kaw Jit Kee, Executive Director, New Econ Line Pte Ltd. – 2 March 2009,
- Mr Nicholas Sansom, Senior Vice President & Head of Marine, Asia, Marsh (Singapore) Pte Ltd – 1 May 2009.

The Council accorded votes of appreciation to Mr Douglas Robinson, Mr Kaw Jit Kee and Mr Nicholas Sansom for their past contributions and support.

The Council met once every two months. It reviewed the reports of the two administrative committees and four operational committees, and decided on all major policy decisions for the Association.

Administrative & Operational Committees

During the period in review, the SSA Council was supported by two Administrative Committees and four Operational Committees. The Administrative Committees were the General Affairs Committee and the Finance, Investment and Audit Committee, whereas the Operational Committees were the International Committee, the Services Committee, the Technical Committee and the Legal & Insurance Committee.

General Affairs Committee

The General Affairs Committee was headed by the Honorary Secretary, Mr Patrick Phoon. Under his direction, all matters pertaining to the Association's

public relations, Association's collaterals, social activities and the Secretariat's administrative affairs came under his responsibility.

SSA Secretariat

The SSA Secretariat is managed by a staff of 9 which is headed by the Executive Director, Mr Daniel Tan. It also provides secretarial support to the Singapore Maritime Employers Federation (SMEF), the Federation of ASEAN Shipowners' Associations (FASA) and the Safe Navigation & Environment Committee (SNEC) of the Asian Shipowners Forum.

Membership

As of 1 June 2009, Membership of the SSA stood at 358 members, of which 219 are Ordinary Members, 137 are Associate Members and 2 are Individual Members. The Association also has 2 Honorary Members, namely, Mr Yeo Cheow Tong and Mr Ong Kok Wah.

The Association welcomed 29 new members into the Association in the past 1 year since the last Annual General Meeting.

During the same period, 18 members had resigned. In this regard, the Association wish to acknowledge the past support and contributions of these members who have resigned, and wish them well in their endeavours.

Activities Report

Young Executives Group

The Young Executives Group (YEG) was set up to serve as a platform in connecting young shipping executives in the industry by generating greater awareness of the Association activities and also encouraging greater participation. Through these activities, the YEG aims to nurture future leaders for the Association.

Councillor Ms Seong Koon Wah Sun provides guidance to the members of the YEG in their activities. Following its incorporation as a formal SSA sub-committee under the auspices of the General Affairs Committee, response

to the YEG continues to be very enthusiastic, with a membership base of 555 young individuals.

Throughout the year, the YEG organised networking events and even a bowling competition, to bring the youth of the shipping community together. The YEG celebrated its 3rd Anniversary with an Anniversary Party on 29 March 2009 with over 100 members attending.

Working together with the MaritimeONE partners – Maritime and Port Authority of Singapore (MPA), Singapore Maritime Foundation (SMF) and the Association of Singapore Marine Industries (ASMI),

the YEG was also instrumental in organising the Singapore Maritime Week Regatta, which served as the platform to mark the opening of Singapore Maritime Week 2009 on 18 April 2009.

SSA Website

The SSA Secretariat maintains its website at <http://www.ssa.org.sg>. The site provides information on the Association's latest activities with regular updates on SSA circulars, seminars, tea talks, shipping courses, job vacancies as well as social events for Members.

Members and non-Members alike can easily access the posted information and to sign up for various activities on-line. In addition, the website offers advertising opportunities at very competitive rates.

Educational Awards and Bursaries

Continuing its long-standing tradition, the Association continues to support maritime education in Singapore, offering academic awards to deserving top graduates of the Singapore Maritime Academy's maritime diploma courses.

The courses so supported are the Diploma in Marine Engineering, the Diploma in Nautical Studies and the Diploma in Maritime Transport and Technology.

A cheque of S\$69,400 was presented to the Nanyang Technological University (NTU) in December 2008 as an endowment to sponsor on an annual basis, 1 to 2 deserving Maritime Studies undergraduates every year for their travel abroad during their exchange semester. The Government will match this amount dollar for dollar and the total amount of \$138,800 is self-sustaining for years to come.

Members' Networking Sessions

The SSA organises evening cocktail receptions for its members to interact and network – in the beginning of the year to tie-in with the Lunar New Year, mid-year with the Annual General Meeting and a year-end cocktail, just before Christmas.

Members look forward to these events as it provides opportunities to network with the shipping fraternity as well as representatives from the shipping related government bodies.

These cocktails are usually co-sponsored by the Association and SSA member companies. The Association deeply appreciates the companies that have come forward to sponsor the cocktails and look forward to other members' contribution for future events.

Activities Report

SSA 23rd Anniversary Gala Dinner

The SSA celebrated its 23rd Anniversary with a Gala Dinner at the Raffles Ballroom of the Swissotel the Stamford on 16 October 2008. The Guest of Honour for the Gala Dinner was the Senior Minister of State for Finance and Transport Mrs Lim Hwee Hua. The IMO Secretary General Mr E. E. Mitropoulos also graced the occasion as a special guest.

The event was attended by over 1400 members and guests.

Talks, Seminars and Forums

As part of the Association's efforts to keep its members informed and up-to-date with the latest developments in the dynamic, ever-changing maritime sector, the SSA regularly organises talks, seminars and forums for its membership and the industry at large. It has been a busy year as seen in the number of events organised below. The SSA has had the pleasure and good fortune to be able to

invite distinguished and highly-qualified speakers to share their experiences and expertise with the Association's members.

These events were well-received by members and friends of the shipping industry and your Association will continue organising such insightful, information-sharing sessions.

Title	Speaker(s)	Date
FORUM		
Forum on Piracy & Maritime Security in the Gulf of Aden	Vice Admiral Gerard Valin – French Navy Ship “VAR” Capt Khong Shen Ping – Asst Chief Executive Officer, Maritime & Port Authority of Singapore Cdr Dave Bancroft – United Kingdom Maritime Trade Operations Cdr Tim Unrein – Asst Naval Attaché, USDAO Singapore, US Defence Attaché Office	30 Sep 2008
SEMINARS		
1 Seminar on Maritime Safety & Environment Protection	Mr Yoshiaki Ito – Executive Director, ReCAAP ISC Mr Dave Salt – Operations Director, OSRL/EARL UK Capt Satnam Singh Kumar – Managing Director, V. Ships (Asia) Pte Ltd Mr Yee Cheok Hong – Group Director (Policy & Planning), Maritime & Port Authority of Singapore Capt Kevin Wong – Assistant Director (Vessel Traffic Management), Maritime & Port Authority of Singapore	15 Sep 2008
2 Seminar on Climate Change & Emissions Trading Scheme	Mr Mark Lim – Deputy Director, Shipping Div. (Hub Port Cluster), Maritime & Port Authority of Singapore Mr Gavin Kramer – Regional Director, Asia Pacific, BP Shipping Limited Mr Chew Hwee Hong – Managing Director, Ecospec Global Technology Pte Ltd Mr Giedre Kaminskaite-Salters – Snr. Adviser on Climate & Clean Energy, Norton Rose LLP Mr Philip Roche – Partner, London, Norton Rose LLP	27 Feb 2009

Activities Report

TALKS			
1	How to Handle a Piracy Incident – Practicalities & Legalities	Mr James Drummond – Marine Manager, Ince & Co Mr Chris Grieveson – Partner, Ince & Co	22 Jul 2008
2	SSA Distinguished Speaker Series: ICS, IMO and Environmental Regulation	Mr Peter Hinchliffe – Marine Director, ICS	02 Sep 2008
3	Competition Developments in the EU	Mr Kenichi Kuroya – Managing Director, ‘K’ Line Pte Ltd	25 Sep 2008
4	Maritime Safety & Security in the U.S.	Capt Gerald M. Swanson – Commander, U.S.Coast Guard Activities Far East	13 Nov 2008
5	SSA Distinguished Speaker Series: Tanker News: Headlines & Editorials	Dr Peter Swift – Managing Director, INTERTANKO	26 Nov 2008
6	Shipping Industry – Financial Reporting in Current Crisis and Impact of 2009 Budget	Ms Trillion So – Audit Partner, Pricewaterhouse Coopers LLP Ms Ho Mui Peng – Tax Partner, Pricewaterhouse Coopers LLP	25 Mar 2009
7	Coping with Economic Crisis – From a Technical Viewpoint: Laying up of Vessels & Slow Steaming	Mr Ole Grøne – Senior Vice President, Low-Speed Sales and Promotion, MAN Diesel Singapore Pte Ltd Mr Stig Baungaard Jakobsen – Senior Manager, Two-Stroke Operations, MAN Diesel Singapore Pte Ltd Capt Tey Yoh Huat – Vice President, Technical Services, APL Co Pte Ltd	13 May 2009

Finance, Investment & Audit Committee

The Finance, Investment and Audit Committee is headed by the Honorary Treasurer, Mr Goh Teik Poh. He takes charge of all matters pertaining to the Association's finances, investments, accounts audit and surplus funds of the Association.

The Association is financially strong as reflected in the Audited Financial Statements of the Association for the financial year ended 31 December 2008.

International Committee

Councillor Mr Kenichi Kuroya is the Chairman of the International Committee.

A summary of the main issues that have been addressed by the Committee during the period in review is as follows:

➤ Asian Competition Developments

In light of the international nature of the shipping industry, the Committee closely monitored developments in competition law in China, Hong Kong and India, submitting comments where the local competition authority had issued consultation documents for public feedback.

➤ **European Competition Developments**

Following the abolishment of the exemptions for liner conferences and pooling agreements in trades to and from Europe with effect from 18 October 2008, the Committee took the lead in briefing members on measures individual companies should take to ensure that they do not inadvertently violate EU Competition law, especially in light of the severe penalties that might be imposed. The Committee further encouraged members to show due diligence to ensure that any market-related data is compartmentalised, both in terms of digital data and physical proximity between various branches and subsidiaries.

Following the release of Preliminary Draft Regulations on consortia by the European Commission, the Committee also submitted its comments on the application of the Regulation to certain categories of agreements, decisions and concerted practices between liner shipping companies (consortia).

➤ **Enhancing Safety, Security & Environmental Protection in the Straits of Malacca & Singapore**

The Committee continued to promote active support amongst SSA members for the Cooperative Mechanism, which comprises a Cooperation Forum, a Projects' Coordination Committee and the voluntary Aids to Navigation Fund.

In particular, the Committee expressed its willingness and strong commitment to participate actively in the Cooperation Forum to enhance safety, security and environmental protection in the Straits of Malacca and Singapore.

Services Committee

The Services Committee is chaired by Councillor Mr Aloysius Seow. This Committee oversees the activities of the Bunkering Sub-Committee, the Cruise Sub-Committee, the Ship Operations & Port Services Sub-Committee and the Training & Development Sub-Committee.

Provided below is a summary of the main issues that were addressed by the Committee and its Sub-committees during the period in review:

Bunkering Sub-Committee

The Bunkering Sub-Committee is chaired by Mr Kan Hoi Yuen of Shell Eastern Trading (Pte) Ltd. It works closely with the MPA to develop and enhance the bunkering industry in Singapore.

➤ **Material Safety Data Sheets**

The Sub-Committee continued to contribute actively to the IMO Bulk Liquids and Gases (BLG) Correspondence Group on Material Safety Data Sheets (MSDS). At the 13th session of the IMO BLG held in March 2009, MSC resolution 150(77) on MSDS was finalized and to be forwarded to MSC 86 for approval and adoption.

The revised MSDS is in line with Singapore's position and the Globally Harmonised System (GHS). Effectively it would not require a separate MSDS for each separate load/lifting.

Details of the requirements for MSDS under the revised MSC res 150(77) have since been circulated to all SSA members as part of the MPA's Shipping Circular No. 17 of 2009.

Activities Report

➤ Code of Practice for Bunkering SS 600:2008

In October 2008, SPRING Singapore and the MPA consolidated the revised SS CP 60 and SS CP 77 into a new Singapore Standard SS 600:2008 - Code of Practice for Bunkering to further enhance consistency in bunkering practices by bunker tankers to ships calling at Singapore's port. The SS 600 was developed by a technical committee that comprised representatives from MPA, bunker suppliers, testing laboratories and industry associations, of which SSA was represented Councillors, Mr Patrick Phoon and Mr Aloysius Seow.

➤ Singapore Bunkering Video

The Sub-Committee embarked on a project with MPA to produce an updated training video based on the consolidated SS 600:2008. A similar video was last produced in 1993 by the SSA. The new video was unveiled at Singapore International Bunkering Conference (SIBCON) 2008, and is available from MPA for free distribution to all ships calling at Singapore.

Summary of Bunker Operations in Singapore

	2004	2005	2006	2007	2008
No. of Quantity Disputes	13	25	14	11	18
No. of Quality Disputes	2	4	2	5	3
Others	1	–	–	1	–
Total No. of Disputes	16	29	16	17	21
No. of Vessels Bunkered in the Port*	22,804	25,479	27,103	29,729	31,892
Total No. of Disputes Against No. Of Vessels Bunkered	0.07%	0.11%	0.06%	0.06%	0.06%

*MPA source

Cruise Sub-Committee

The Cruise Sub-Committee is chaired by Mr Frankie Tan of Harpers Shipping (Singapore) Pte Ltd. The Sub-Committee works closely with the MPA, the Immigration and Checkpoints

Authority (ICA), the Singapore Cruise Centre (SCC) and the Singapore Tourism Board (STB) to develop and enhance the cruise shipping industry in Singapore.

Due to bunching and increased cruise calls at Singapore, the availability of berths at the SCC became a topic of grave concern to the cruise agents. These concerns were addressed with the MPA and STB to seek urgent and alternative solutions to alleviate the problem. Although the problem may continue for the next two years until a new cruise terminal is built at Marina South, the Sub-Committee feared the adverse publicity on berth availability for the cruise ships could have a far wider effect on the image of the Singapore cruise industry.

Ship Operations & Port Services Sub-Committee

The Ship Operations Sub-Committee is chaired by Capt Chak Kwok Wai of NYK Group South Asia Pte Ltd. The Sub-Committee works closely with the MPA, terminal operators and service providers to overcome any problems associated with ship operations and port services in Singapore.

➤ Pilotage Performance Update

The challenge to provide efficient pilotage services to all ships calling at the Singapore Port was seriously addressed by the Sub-Committee with the pilot service provider, PSA Marine and the MPA. This culminated in the implementation of the New Pilotage Procedures by PSA Marine on 1 August 2008.

Under the new procedures, all orders for pilotage services should be placed 4 hours before the Service Requested Time (SRT), after which a Confirmed Service Time (CST) will be given by the pilot office. Further to this new procedure, PSA Marine has also increased the number of pilots from 154 in September 2008 to 196 by end of May 2009.

Nonetheless, while PSA Marine acknowledged that it remains a challenge to have a 100% match between the CST and SRT due to factors such as limited anchorages, ships bunching and environmental constraints, PSA Marine further affirmed its commitment to achieve a performance level of about 90% match between the SRT and CST.

➤ Work Permits for Foreign Seafarers

Concerns were expressed by some government agencies that seafarers from a particular non-traditional source and who require work permits to work in Singapore have exceeded the national quota. Work permit applications for new recruits from this source to work in the harbour craft industry therefore became increasingly difficult and much to the inconvenience of the operators because they were badly affected by the availability of crew to operate their newbuildings and for their routine replacements. Some companies were apparently found to have abused the system by engaging many of these foreign workers for non – seafaring jobs, such as dredging and other shore-based installations.

The SSA worked closely with MPA and the Ministry of Manpower (MOM) to explore ways to ease the situation. The following understanding was reached with MOM and MPA:

- One-to-One replacement for existing crafts will be approved by MOM.
- Work permit applications for new SB tankers and tugs, if endorsed by MPA, will also be approved by MOM.
- Additional crew for training requirements, if the demand is reasonable, will be endorsed by MPA and approved by MOM.

Activities Report

Training & Development Sub-Committee

The Training & Development Committee was chaired by Mr Sim Hee Ping of Neptune Shipmanagement Services (Pte) Ltd until he resigned on 10 November 2008. The role of the Sub-Committee is to assist shipping staff in upgrading their professional skills, and to support and cooperate with other educational institutions in providing executive training courses for the shipping industry.

The Sub-Committee continued to update and renew the courses under its Executive Development Programme and to ensure that they stay relevant to current demands.

The Association also co-operates with the SMA and the MPA on other course programmes namely:

- Certificate of Performance (COP) Programme
- Diploma in Ship Operations & Management (DSOM)

➔ Executive Development Programme

The Programme currently offers the following shipping and shipping-related courses:

- Introduction to Shipping
- Principles of Shipping Operations & Practices
- Principles of Shipping Documentations & Practices
- Understanding Import/Export Techniques and Documentation
- Principles of Shipbroking & Chartering
- Shipping Law & Disputes
- Compliance of the IMDG Code for Transport of Dangerous Goods
- Container Management
- Marine Insurance
- Effective Written Communication in the Shipping Industry
- Basic Course on the Code of Practice for Bunkering (SS600:2008)
- Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter 1 – for Cargo Officers)

The 'Basic Course on the Code of Practice for Bunkering (SS600:2008)', previously termed as CP 60, is an updated course reflecting the changes encompassed in SS 600:2008.

The '*Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter 1 – for Cargo Officers)*' is a collaborative effort of the SSA, MPA and the Singapore Maritime Academy (SMA) to create a more in depth course for cargo officers and bunkering personnel to comply with the new Standard.

'*Compliance of the IMDG Code for Transport of Dangerous Goods*' is also a new course which all shore based staff handling dangerous goods must attend. This is in compliance of the mandatory training requirements as set out in resolution MSC.262 (84) on the amendments to the International Maritime Dangerous Goods (IMDG) Code.

➤ Skills Programme for Upgrading & Resilience (SPUR)

Some 580 maritime personnel were trained last year under the SSA Executive Development Programme. This number is expected to double to at least 1000 trainees for 2009 with SPUR subsidies. Additional runs and day classes are being organised to meet the increased demand.

The SSA collaborated with MPA, the Workforce and Development Agency (WDA) and Singapore Industrial and Services Employees' Union (SISEU) to obtain SPUR funding for all SSA-run shipping courses to help companies reduce training costs and build new capabilities in preparation for the economic recovery.

Under the SPUR programme, Singaporeans and Permanent Residents are eligible to claim for 90% of course fees and absentee payroll subsidies from the Skills Development Fund when attending SSA-run courses.

In light of this successful collaboration, the SSA was awarded the May Day Model Partnership Award (Institutional Category) 2009.

May Day 2009
model partnership awards

MPA, WDA, SISEU and SSA receiving the Model Partnership Award.
(Left to right: Mr Tay Yeow Min of MPA, Mr Bob Tan of SNEF, Mr Ong Kieng Hwee of WDA, Mr John De Payva of NTUC, Mr Steven Goh of SISEU, Mr Gan Kim Yong Minister of Manpower, Mr S.S. Teo of SSA)

Technical Committee

Councillor Mr Goh Teik Poh, President, South Asia, Neptune Orient Lines Ltd chairs the Technical Committee. He has two sub-committees under his care, namely the Maritime Security Sub-Committee and the Tanker Sub-Committee.

Provided below is a summary of the main issues that have been addressed by the Committee and its Sub-committees during the period in review:

➤ Industry Container Best Practice Guidelines

Following UK MAIB investigations into the Annabella and the MV Napoli, an Industry Working Group was formed by the ICS Marine Committee to develop a Code of Best Practice for the container industry.

Members of the Technical Committee were actively involved in discussions of the Working Group, and following the adoption of the final draft, the International Chamber of Shipping has since published the 'Best Practices Guidelines for Safe Transport of Containers By Sea'.

The Guidelines highlight such problems as incorrect packing and misdeclaration of weights by other parties in the transport chain, as well as issues directly relevant to containership operators, shipping agents, freight forwarders, ports and terminal operators and in particular, the Shippers from whom the cargo originates. All of these players have important responsibilities which are addressed by these new industry Guidelines.

Activities Report

➤ **Ballast Water Convention**

The Ballast Water Convention will enter into force 12 months after ratification by 30 States, representing 35% of world merchant shipping tonnage. While only 18 States representing 15.36% of world merchant shipping tonnage have ratified the Convention as of 30 April 2009, the Committee has continued to monitor the development of ballast water treatment systems very closely to ensure that there will be commercially-viable systems that meet Convention requirements when the Convention does enter into force.

➤ **Ship Recycling Convention**

At the 58th session of the IMO Marine Environment Protection Committee (MEPC 58), the IMO approved a revised draft of the International Convention for the Safe & Environmentally Sound Recycling of Ships (the Ship Recycling Convention), which was adopted by a diplomatic conference held in Hong Kong in May 2009.

The Committee agreed that the shipping industry should have no objections to the Convention, so long as the Convention does not contravene WTO principles of transparency and non-discrimination.

It was further agreed that maintenance of an accurate inventory is crucial, and that the Convention should not be applied retroactively to existing vessels.

➤ **Environmental Issues – Greenhouse Gases (GHG)**

At the 58th session of the IMO Marine Environment Protection Committee (MEPC 58), the MEPC maintained its focus on developing a framework for reducing CO₂ emissions. In particular, substantive progress was made with regard to developing technical and operational measures to address such emissions, including the development of an energy efficiency design index (EEDI) for new ships, an energy efficiency operational index (EEOD), a Ship Efficiency Management Plan (SEMP) suitable for all ships and a voluntary code on best practice in energy efficient ship operations.

MEPC 58 also considered market-based instruments aimed at reducing CO₂ emissions. Some of these measures included Emission Trading Schemes and a Compensation Fund, and how such measures should be applied. Discussions were inconclusive, however, and it was agreed that further work on the limitation and reduction of GHGs from ships would continue at the GHG Intersessional Working Group meeting held in March 2009 with a view to presenting its findings to MEPC 59 in July 2009. MEPC 59 will then present its proposals to the United Nations Framework Convention on Climate Change (UNFCCC) to be held in Copenhagen in December 2009.

In view of rising concern and greater awareness of climate change and rising sea levels, the Committee has been active in developing Singapore's position with regard to the reduction of GHG from ships. The Committee further agreed that IMO is the best forum for discussing and regulating GHG emissions from ships, and that any measures to reduce GHG emissions should be realistic and practical.

Photo courtesy of US Naval Forces Central Command

Maritime Security Sub-Committee

The Maritime Security Sub-Committee is chaired by Capt. George Solomon of Neptune Shipmanagement Services (Pte) Ltd. The Sub-Committee works closely with the MPA, the ReCAAP Information Sharing Centre (ISC) and the Republic of Singapore Navy (RSN) and discussed proposed measures and submissions concerning maritime security and to make the appropriate recommendations including practical measures to improve security arrangements for ships transiting or calling at Singapore and the surrounding region.

➤ Piracy & Armed Robbery

The Sub-Committee constantly analysed the quarterly and annual reports of the International Maritime Bureau (IMB) and ReCAAP ISC to identify if there are any clear trends of pirate attacks on ships around the world.

Based on the reports, the number of pirate attacks for 2008 had increased to 293, which is 11.4% more attacks than the 263 reported for 2007. The number of hostages taken in 2008 also shows a very steep increase of 204.5% or 889 crew members as compared with 292 crew members taken hostage in 2007. 49 vessels were hijacked in 2008, 42 of which were by Somali pirates.

The pirates and armed robbers boarding vessels were reportedly better-armed with a great number of incidents involving guns.

Geographically, attacks in the African region ranked highest with 189 attacks. South-East Asia ranked second with 65 incidents and the Indian Sub-Continent ranked third with 23 incidents. Nigeria

and Somalia in Africa were identified as crucial hotspots of piracy with attacks accounting for 65% of the global total.

The Sub-Committee was however pleased to note that incidents of piracy and armed robbery in South-East Asia had continued to show a year-on-year decline.

In view of the deteriorating situation off the coast of Somalia and in the Gulf of Aden, the Sub-Committee encouraged SSA members to share and disseminate industry best practices aimed at countering attacks by Somali pirates. SSA members were strongly advised to make use of the voluntary reporting system when their ships are navigating through the Gulf of Aden. The ship masters should cooperate with and abide by the advisories and guidance issued by the Maritime Security Centre – Horn of Africa (MSCHOA) and navigate their ships within the safe corridor as designated or advised by the United Kingdom Maritime & Trade Office (UKMTO) from time to time.

The Sub-Committee stressed that all governments and littoral states should take a strong interest in ship's navigational safety and security in the Gulf of Aden and is pleased to note that at least 20 countries have committed their naval and air assets to protect ships in the Gulf. The industry is highly appreciative of the multilateral efforts to protect shipping and trade in this vital sea lane between the East and the West. Undoubtedly this large naval presence has achieved some success in deterring attacks in the Gulf of Aden but the pirate attacks are still continuing.

Activities Report

More therefore should be done by the international community to arrest this problem. It is strongly recommended that the United Nations should seriously study the root causes of piracy in Somali waters and take appropriate measures to urgently establish a credible and stable government to bring about law and order in Somalia. Every effort should be taken to alleviate the poverty of the Somali people through capacity building and jobs for the youth. Pirates that have been apprehended should be severely punished and put behind bars.

Learning from the experience in the Malacca Strait, it was strongly recommended that the littoral states bordering the Gulf of Aden should urgently establish multilateral governmental cooperation in sea and air surveillance to protect ships transiting that area. The sharing of piracy information amongst them will help to arrest any potential threats of pirate attacks.

The Sub-Committee further maintains the policy of not arming crews or allowing armed guards onboard ships. The use of arms onboard would only lead to dangerous consequences and also raise a number of jurisdictional legal issues when the vessels call at ports around the world.

In view of current global economic conditions, the Sub-Committee expressed concern that there might be an accompanying surge in the number of piracy and armed robbery attacks around the world. In this respect, the Committee urged all governments and littoral states to strengthen and increase their naval and air surveillance to deter any potential threats of pirate attacks.

Incidents of Piracy and Armed Robbery in 2007

	2007	2008	Trend (%. 2007-2008)
Worldwide reported attacks	263	293	+11.41
No. of actual attacks (including hijacks)	187	200	+6.95
No. of attempted attacks	76	93	+22.37
No. of attacks (actual & Attempted) whilst ships were underway at high seas	111*	169*	+52.25
No. of attacks (actual & Attempted) while ships were at berth or at anchor	145*	123*	-15.17
No. of hijacks	18	49	+172.22

Source: IMB Annual Report 2008

*: 7 reported attacks in 2007 and 1 reported attack in 2008 did not specify if the ship was at berth, at anchor or underway.

Tanker Sub-Committee

The Tanker Sub-Committee is chaired by Mr Vijay Bhandari of Teekay Shipping (Singapore) Pte Ltd. The Sub-Committee engages itself in discussion mainly on issues emerging from the IMO and some local operations.

OCIMF/SIRE Inspections in Singapore

At the request of a number of tanker operators, a meeting was held between the members in question and the terminal operators, with MPA serving as the moderator.

The purpose of the meeting was to understand and discuss the OCIMF SIRE requirements with regard to vetting and inspection of tankers at oil and storage terminals while undergoing discharging operations, and to allow terminal representatives to highlight their concerns in permitting SIRE Vetting Inspections on ships that are conducting discharging operations.

Following the meeting, a set of guidelines and procedures for SIRE Inspections at private terminals as well as a SIRE Inspection Request Form (Singapore) was developed through consultation with MPA and all oil terminal operators in Singapore and with SSA, INTERTANKO and OCIMF. These guidelines were then promulgated by MPA in the form of MPA's Port Marine Circular No. 05 of 2009 dated 8 April 2009.

Legal & Insurance Committee

Councillor Mr Nicholas Sansom served as the Chairman of the Legal & Insurance Committee until his resignation from the Council on 1 May 2009. The Marine Insurance Sub-Committee falls under the ambit of this Legal and Insurance Committee.

Provided below is a summary of the main issues that have been addressed by the Committee and its Sub-committee during the period in review:

Bunkers Convention

The International Convention on Civil Liability for Bunker Oil Pollution Damage (the "*Bunkers Convention*") entered into force on 21 November 2008. Under the Convention, all ships over 1,000 GT will need to possess a Bunker Convention Certificate (the "*Bunkers Certificate*") issued by their Flag States when calling at a port that is party to the Convention.

As Singapore had ratified the Convention, this Committee took the lead in liaising with the MPA to ensure that procedures for the issuance of Bunkers Certificates to Singapore-flag ships as well as ships flagged to non-Party States that called at Singapore was efficient and practicable.

The Committee further sought to explore the feasibility of Singapore's administration issuing Bunkers Certificates to foreign-flag vessels that do not call at Singapore although they are operated or managed by Singapore based companies.

IMO/ILO Guidelines on Fair Treatment of Seafarers in the Event of a Maritime Accident – Criminalisation of Seafarers

The Legal & Insurance Committee welcomed an initiative by the International Chamber of Shipping (ICS) to promote the IMO/ILO Guidelines. To that effect, the Committee proposed that the Association should promote the fair treatment of seafarers.

It was further noted that the persecution of seafarers was a major issue in light of the current shortage of trained seafarers; such persecution would only serve as an added disincentive for anyone interested in pursuing a maritime career. In this regard, SSA issued two Press Statements aimed at supporting fair justification for the two detained officers in connection with the Hebei Spirit.

The Committee further agreed that it would work with MPA to help ensure that Singapore does not unfairly criminalise seafarers in the event of pollution arising from a maritime accident.

Activities Report

➔ **UNCITRAL Rotterdam Rules**

Following the adoption of the final draft UNCITRAL Transport Law at the meeting of the UNCITRAL Commission in June 2008 as the "*Rotterdam Rules*", the Committee noted that the Rotterdam Rules would be up for adoption by the UN General Assembly in September 2009.

In anticipation of this, the Committee was of the opinion that Singapore should not rush into ratifying the Rotterdam Rules. Nonetheless, the Committee also agreed that the Association should circulate a layman's summary of the Convention to ensure that SSA members are familiar with the Rotterdam Rules if and when they should come into force.

➔ **The International Convention on Liability and Compensation for Damage in Connection with the Carriage of Hazardous and Noxious Substances (HNS) by Sea**

At the 93rd session of the IMO Legal Committee (LEG 93) held in 2007, a Focus Group was formed to develop a Protocol to amend the HNS Convention that would address issues impeding ratification and implementation of the Convention.

Working closely with the MPA, the SSA Legal and Insurance Committee was pleased to note that the HNS Protocol was finalised at the 94th Session of the IMO Legal Committee (LEG 94) held in October 2008, with a view to adopting the Protocol at a Diplomatic Conference in 2010.

Nonetheless, the Committee also agreed that, from an owners' perspective, it would be necessary to conduct a study on the impact of the Convention, and to seek clarification on a number of technical issues.

Marine Insurance Sub-Committee

The Marine Insurance Sub-Committee is chaired by Ms. Grace Wong of Neptune Orient Lines Limited. The Sub-Committee's role is to monitor and review insurance issues that affect the shipping community.

➔ **Singapore Arbitration**

Working closely with the Singapore Chamber of Maritime Arbitration (SCMA) and the SMF as well as a number of Singapore lawyers, the Marine Insurance Sub-Committee continued to work on drafting an arbitration clause allowing for Singapore arbitration that would be acceptable to the BIMCO Documentary Committee.

While work on the Singapore arbitration clause was temporarily suspended in light of an ongoing revision of the SCMA's rules, the Committee is expected to resume work with the SCMA and BIMCO to list the clause as an alternative now that the new SCMA rules have been adopted.

➤ **Hull War Risk Insurance Listed Areas**

The Sub-Committee continued to monitor the Lloyds' Joint War Committee (JWC) Hull War, Strikes, Terrorism and Related Perils Listed Areas.

Following the JWC's revision of the list to include waters beyond the eastern Somalia coast and Gulf of Aden areas out to 600 nautical miles, the Sub-Committee agreed that it would be necessary for individual owners and operators to decide if it might be more prudent for them to deviate their ships from the Gulf of Aden and to sail round the Cape of Good Hope.

The Sub-Committee further agreed that it would be necessary for owners, operators, charterers and their respective P & I Clubs to determine who should bear the additional costs that might arise from such a deviation or if a ship should be hijacked and held for ransom.

IMO Committee

Chaired by Councillor Mr. Patrick Phoon, the IMO Committee comprises the Chairman and members drawn from all the four SSA Operational Committees.

To assist the IMO Committee in their work, MPA has agreed to conduct briefings for the Committee both prior to and immediately after major meetings of the various IMO Committees such as the Marine Environment Protection Committee (MEPC) and the Maritime Safety Committee (MSC).

In addition to the ongoing work done on Material Safety Data Sheets and contributions to the MSC Correspondence Group on piracy, the Committee has also worked closely with MPA to develop a Singapore position on the ongoing discussions at MEPC on addressing the emission of Greenhouse Gases from ships.

SSA in the Local and International Arena

Relations with Local Organisations

The SSA continues to nurture its close working relationships with various government agencies

and statutory boards, including the MPA, ICA, the Singapore Customs (SC), and other related institutions. Dialogue and exchange sessions are organised frequently to ensure a common understanding of the needs and issues within the industry.

SSA is represented on the board, advisory committees and working committees of several government statutory departments. Likewise, some of these government agencies are also invited to participate in several SSA Committees as observers.

Strong ties are also maintained with other organisations dealing with the maritime industry such as the SMA, SMF, ASMI, SCMA, the Singapore Maritime Officers' Union (SMOU), the Singapore Organisation of Seamen (SOS) and the Singapore National Shippers' Council (SNSC).

The SSA is a member of the Singapore Business Federation (SBF) and the Singapore Chinese Chamber of Commerce & Industry (SCCCI).

The SSA also plays an active role in promoting the maritime industry with ASMI, MPA and SMF through the various MaritimeONE initiatives, such as NetworkONE receptions involving industry representatives and students from the local institutes of higher learning, creating a presence at career fairs and Sea Asia Conference and Exhibition 2009, Singapore Maritime Week Regatta 2009 and 'Making Waves' publications.

Activities Report

Relations with Foreign Organisations

Regionally, the SSA is an active member of the Federation of ASEAN Shipowners' Associations (FASA) and participated in the 38th FASA Executive Committee Meeting in Boao, Hainan Island, China, on 2 June 2008 and the FASA 34th Annual General Meeting in Hanoi, Vietnam on 1 December 2008.

As a member of FASA, the SSA chairs the Asian Shipowners Forum (ASF) Safe Navigation and Environment Committee (SNEC) and played host to the 15th and 16th interim meetings in Singapore on 15 September 2008 and 17 March 2009 respectively.

The SSA also sent a delegation comprising 19 participants to the 18th ASF which was held from 25 to 27 May 2009 in Tainan, Taiwan. Eight of these participants are from members of the SSA Young Shipowners Group.

On the global stage, the SSA is a member of the International Chamber of Shipping (ICS). It also maintains good working relationships with various international organisations such as the International Maritime Organisation (IMO), the International Association of Independent Tanker Owners (INTERTANKO), the Baltic and International Maritime Council (BIMCO), International Association of Dry Cargo Shipowners (INTERCARGO), the International Group (IG) of P & I Clubs and the International Association of Classification Societies (IACS).

The Association also continues to work hand-in-hand with the International Maritime Bureau (IMB) and the Regional Agreement on Combating Piracy & Armed Robbery Against Ships in Asia (ReCAAP) Information Sharing Centre (ISC) to help safeguard ships against piracy.

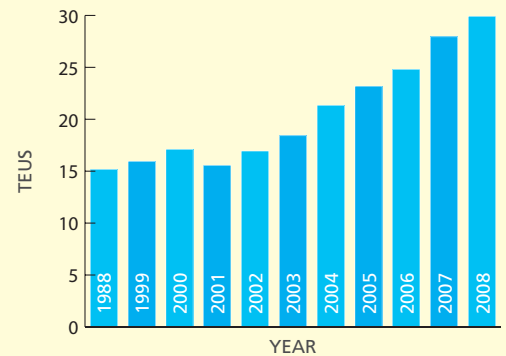

Port Statistics

Source: Maritime & Port Authority of Singapore (as at 12 June 2009)

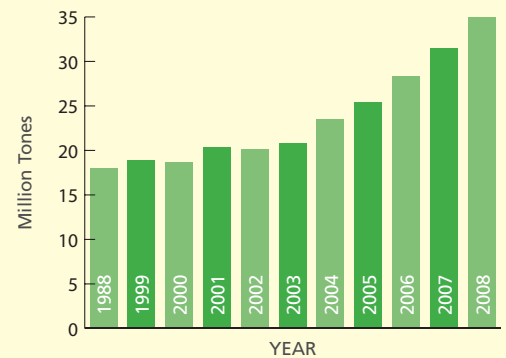

Container Throughput

Year	Container Throughput (million TEUS)
1998	15.14
1999	15.94
2000	17.09
2001	15.57
2002	16.94

CONNECTIVITY

One-fifth of the world's containers connect here.
The world's largest transshipment hub. 200 shipping lines.
600 ports. 123 countries. This is Singapore. This is PSA.

Membership Particulars & Fleet Statistics

In the following pages, we have detailed listings of all SSA Ordinary and Associate members.

We have also included the Fleet Statistics of vessels owned, operated and/or managed by SSA member companies in Singapore, based on responses received prior 12 June 2009.

We would like to thank all SSA members who made this compilation possible.

Legend

Type	Vessel Type Description
BC	Bulk Carrier
CC	Combination Carrier
CS	Container Ship
CT	Chemical Tanker
GCS	General Cargo Ship
LGC	Liquefied Gas Carrier
MISC	Miscellaneous
NPB	Non Propelled Barge
OBO	OBO Carrier
OSV	Offshore Supply Vessel
OT	Oil Tanker
PF	Passenger Ferry
PT	Product Tanker
TUG	Tug (incl. Anchor Handling Tug and related Supply Vessel)
UV	Utility Vessel
VC	Vehicle Carrier
VLCC	Very Large Crude Carrier

Fleet Statistics Summary

Ships Owned, Managed and/or Operated By SSA Members (Ships > 1000 GT) (as at 12 June 2009)

Vessel Type	No. of Vessels	GT	DWT	TEU
Bulk Carrier	369	13,438,547	23,999,164	1,738
Combination Carrier	2	4,914	6,289	480
Container Ship	548	15,988,544	18,718,620	891,160
Chemical Tanker	274	4,581,938	7,298,460	-
General Cargo Ship	106	1,904,790	2,609,771	69,386
Liquefied Gas Carrier	158	3,532,831	3,418,758	-
Miscellaneous	27	820,798	880,817	-
Non-Propelled Barge	52	142,176	214,840	-
OBO Carrier	15	662,611	1,186,880	-
Offshore Supply Vessel	58	120,811	40,003	-
Oil Tanker	363	11,173,781	16,095,067	-
Passenger Ferry	2	28,417	2,591	-
Product Tanker	170	4,972,803	8,427,285	-
Tug	69	241,642	288,060	-
Vehicle Carrier	22	1,073,247	414,319	8,100
Very Large Crude Container	75	10,742,781	20,271,985	-
Total Vessels	2,310	69,430,631	103,872,909	970,864

Vessels and Tonnage by Register - Owned, Managed and/or Operated by SSA members (Ships > 1000 GT) (as at 12 June 2009)

STENA BULK is one of the world's leading shipping companies with a fleet of more than 75 tankers.

Our challenge is to provide cost-effective and safe transportation with the lowest possible environmental impact.

The Stena MAX concept represents a new approach in worldwide tanker shipping and is the product of our in-house shipping and shipbuilding know-how.

These vessels have double hulls, separate engine rooms and double propulsion and manoeuvring systems. Propellers, generators, rudders, steering gear and control systems are doubled and can be operated independently of each other like on airplanes.

EXECUTIVE SHIP MANAGEMENT PTE LTD

|| A CLASS ABOVE THE OTHERS

We offer unique solutions to make our Partners grow...

At ESM, we start our relationship with our commitment that each crew member on board a ship that we manage will be trained in our world class maritime training institute. Because we strongly believe, a well-trained crew is the solution to a well-run vessel.

A Training Commitment of Executive Ship Management Pte Ltd
