MISSION STATEMENT OF SSA

AS AN ASSOCIATION:

The Association will protect and promote the interests of its members. It will undertake activities on shipping matters which are beneficial to its members.

FOR SINGAPORE:

The Association will work closely with the government of Singapore to protect the extensive maritime interests of Singapore and to promote Singapore as a major port and international maritime centre.

FOR THE INDUSTRY:

The Association will take the view of the shipping industry as a whole. It will play its due role to promote the interests of shipping in Singapore, ASEAN, Asia and the world. To do so, the Association will co-operate with other shipping organisations, in ASEAN, Asia and elsewhere.

FOR INTERNATIONAL SHIPPING:

The Association will co-operate with governmental and non-governmental organisations to promote freedom of the sea, safety at sea and to protect the marine environment.

PRESIDENT'S REPORT

MR S. S. TEO
PRESIDENT
SINGAPORE SHIPPING ASSOCIATION

“

The SSA had a very active year in 2009. Despite the difficult market, SSA's membership achieved a steady increase of 30 new members last year.

”

2009 continued to be affected by the global economic downturn which started in the 2nd half of 2008. It was another very difficult year for the global shipping industry, affected by a decline in cargo flow, low freights and charter rates. An overall lack of business confidence and trust, particularly among the members of the banking industry, led to a general weakness in international trade and shipping.

Signs of global economic recovery began to show from end of 2009 with improved cargo volume and recovery of freight rates. The general mood of the shipping industry today is, I would say, one of cautious optimism. There is still the threat of over-capacity arising from new buildings coming online over the next two years. The debt crisis among some of the European countries and that of the United States, if not well contained, can also affect world financial system and trade. Ongoing pirate attacks and ship hijacks off the coast of Somalia, Gulf of Aden and the Indian Ocean are also serious issues of grave concern.

THE INTERNATIONAL SCENE

Issues of maritime safety have been in the limelight of late, with industry expressing deep concern at the ever-increasing magnitude of piracy and armed robbery attacks on ships around the world. There were 406 attacks around the world in 2009, a significant increase of 38.6 % from 2008, with over half the attacks taking place off the east coast of Africa.

Increased naval patrol in the Gulf of Aden has also driven the Somali pirates further into the Indian Ocean. More firm and effective action need to be taken to combat the piracy problem!

Nonetheless, we continue to believe that the final solution to the Somali piracy problem may only be found on land and not at sea.

In South East Asia, the piracy problem, although under control, deserves to be constantly monitored as there were a number of attacks on slow moving tugs towing barges in the South China Sea last year and early this year.

Environmental issues have also been of major concern to the industry. Your Association continues to promote the role of the International Maritime Organisation (IMO) as the forum that should develop pro-active legislation aimed at reducing Greenhouse Gas emissions from ships so as to avoid the introduction of unilateral regulations by individual States and regions.

At the United Nations Commission on International Trade Law (UNCITRAL), a new regime governing the carriage of goods, the "Rotterdam Rules", has been adopted for ratification. Whilst the "Rotterdam Rules" are intended to achieve a global harmonisation of the various laws on carriage of goods into a new international Convention, our Legal and Insurance Committee, which has been actively involved in the development and drafting of the Rotterdam Rules, nonetheless maintains that careful study is required.

What I had just mentioned are some of the significant changes and developments in international shipping. We must all be prepared to cope with these changes when they are implemented.

THE SINGAPORE SCENE

With the gradual recovery of the world economy, the Singapore economy managed to enjoy steady growth. Singapore Government's ongoing efforts to provide a conducive and business-friendly environment for international shipping companies and other maritime-related companies continue to bear fruit.

The Singapore merchant fleet rose marginally to 45.6 million Gross Tons (GT) in 2009. During the same period, vessel arrivals in terms of shipping tonnage reached 1.78 billion GT with total seaborne cargo carried close to 472.3 million tonnes, a decline of 8.34 % from 2008.

The container throughput at the port registered 25.9 million TEUs, a drop of 13.5 % whilst bunker liftings continued to increase to 36.4 million tonnes, an increase of 4.2% from 2008.

YOUR ASSOCIATION

The SSA had a very active year in 2009. Despite the difficult market, SSA's membership achieved a steady increase of 30 new members last year. Our membership roll saw another 10 new members admitted and 6 members resigned this year. As at 31 May 2010, our membership stood at 376 members. The SSA Council, Operational Committees and Sub-Committees had their fair share of the workloads in the Association throughout the year.

On the SSA Council at the end of last year and February this year, we saw the departure of two dedicated Council Members, namely Mr Kenichi Kuroya of "K Line" and Mr Ragnar Nielsen of Masterbulk. Mr Kuroya has returned to Japan to take on a senior appointment in "K Line" whilst Mr Ragnar Nielsen has retired from Masterbulk. I thank them for their strong support and contributions in the Council and wish them well in their new endeavours.

To fill Mr Kuroya's elected seat, "K Line" appointed Mr Makoto Hashizume, General Manager of its Liner Trade Management Division to the Council. The Council also appointed Mr Brian Townsley, Managing Director of Swire Pacific Offshore Operations (Pte) Ltd on 26 March 2010, and Mr Nicholas Sansom, Director, Charles Taylor Mutual Management (Asia) Pte Ltd as managers of The Standard Steamship Owners' P&I Association (Asia) Ltd on 10 May 2010.

I take this opportunity to welcome them aboard and look forward to their contributions in the Council and the Association.

The Association's four Operational Standing Committees, led by SSA Councillors, were fully engaged in their area of expertise. In view of the increased priority given to issues of maritime security, the Maritime Security Sub-Committee has been reactivated to address the numerous maritime security issues of concern to the industry.

Another Working Group, the SSA Competition Working Group, has also been reactivated in anticipation of renewed interest in competition legislation both in Singapore and the region.

At its Council meeting on 10 May this year, the Council decided to form an Offshore Services Committee which will be headed by Mr Brian Townsley to oversee and promote the development of the offshore shipping industry in Singapore.

The Association continues to work closely with the relevant organisations such as the Ministry of Transport (MOT), Maritime & Port Authority (MPA), the Ministry of Manpower (MOM), Workforce Development Authority (WDA), Singapore Maritime Academy (SMA), Association of Singapore Marine Industries (ASMI), the Singapore Chamber of Maritime Arbitration (SCMA), the Singapore Maritime Foundation (SMF) and the Asian Shipowners' Forum Permanent Office.

In particular, the Association has been closely engaged with stakeholders, at both the policy and operations levels, relating to issues aimed at addressing the chronic shortage of seafarers facing the industry.

SSA as a member of the Federation of ASEAN Shipowners' Associations (FASA) is a member of the Asian Shipowners' Forum (ASF). As a member of FASA, the SSA continues to chair the ASF Safe Navigation and Environment Committee (SNEC).

Internationally, the SSA is a member of the International Chamber of Shipping (ICS). We are honoured to have hosted the Annual General Meetings of the International Chamber of Shipping and the International Shipping Federation in Singapore at Resorts World Sentosa during Singapore Maritime Week in April 2010.

We also continue to maintain good working relationships with various international organisations such as the International Maritime Organisation (IMO), the International Association of Independent Tanker Owners (INTERTANKO), the Baltic and International Maritime Council (BIMCO), International Association of Dry Cargo Shipowners (INTERCARGO), the International Group (IG) of P & I Clubs and the International Association of Classification Societies (IACS).

CONCLUSION

Over the past year, I have received tremendous support from my fellow Council Members, Committees and Sub-Committees. I would like to take this opportunity to thank them for their hard work, dedication and excellent support in promoting the interests of the Association. They have worked tirelessly for the larger interest of the SSA, making my work as President that much easier.

I would also like to thank all our members whom I am deeply grateful for the continued support given to our Association.

Last but not least, I would also like to thank the Secretariat for the efficient discharge of their duties.

SSA ACTIVITIES REPORT 2009/2010

ANNUAL GENERAL MEETING (AGM)

The SSA 13th AGM was held on Wednesday, 24 June 2009 in the Taurus Room, Marina Mandarin Hotel Singapore, and was attended by 86 Ordinary and 15 Associate Members. The Meeting adopted the President's Annual Report, the Association's Activities and Financial Report ended 31 December 2008.

The AGM re-appointed M/S Rohan Mah & partners as the Association's external auditors and M/S Allen & Gledhill as its honorary legal advisor for 2009/2010.

Being an election year, the AGM was informed that the Secretariat had received 7 nominations for election to the incoming Council (2009/2011). As the 7 nominations just met the constitutional requirements, all 7 nominees were returned unopposed and elected by acclamation to the SSA Council (2009/2011):

	COMPANY (in alphabetical order)	NAME OF REPRESENTATIVE	COMPANY POSITION*
1	Evergreen Shipping Agency (S) Pte Ltd	Mr Patrick Phoon	Deputy Managing Director
2	'K' Line Pte Ltd	Mr Kenichi Kuroya	Managing Director
3	Neptune Orient Lines Ltd	Mr Eng Aik Meng	President (APL Co Pte Ltd)
4	Ocean Tankers (Pte) Ltd	Mr Aloysius Seow	Chief Operating Officer
5	Pacific Carriers Ltd	Capt Gerald Seow	Executive Director
6	Pacific International Lines (Pte) Ltd	Mr S. S. Teo	Managing Director
7	Torm Singapore Pte Ltd	Mr Esben Poulsson	President

*Designation at time of election

The Meeting unanimously re-appointed Mr Teo Siong Seng, Mr Patrick Phoon and Mr Ong Kok Wah to the SSA Board of Trustees. Mr Aloysius Seow was also appointed as a new member to the Board of Trustees.

Elected council members at 2009 AGM

COUNCIL

The first meeting of the SSA Council (2009/2011) was held immediately after the 13th AGM on 24 June 2009. During that meeting, the following SSA office bearers were elected for a two-year term.

- Mr S. S. Teo, Managing Director of Pacific International Lines (Pte) Ltd, was elected as President.
- Mr Patrick Phoon, Deputy Managing Director of Evergreen Shipping Agency (S) Pte Ltd was elected as Honorary Secretary.
- Mr Eng Aik Meng, President, APL Co Pte Ltd, was elected as Honorary Treasurer.

During the Meeting, the newly elected Council also decided to co-opt the following:

ORDINARY:

- Capt Bjorn Hojgaard, Managing Director, Thome Ship Management Pte Ltd
- Mr Ragnar Nielsen, President, Masterbulk Pte Ltd.

ASSOCIATE:

- Mr Mark McGrath, President & COO Pacific Division, American Bureau of Shipping
- Ms Seong Koon Wah Sun, Managing Director & Asia Regional Head, Global Shipping Asia, UniCredit Bank AG

During the period in review, Mr Kenichi Kuroya resigned from the Council on 28 December 2009 as he was posted back to Japan to assume a senior appointment. As an elected Council member, the Council approved 'K' Line Pte Ltd's General Manager of Liner Trade Management Division, Mr Makoto Hashizume in place of Mr Kuroya on 29 January 2010. Co-opted Member Mr Ragnar Nielsen also resigned from the Council on 1 February 2010 as he was retiring as President of Masterbulk Pte Ltd.

The Council accorded votes of appreciation to Mr Kenichi Kuroya and Mr Ragnar Nielsen for their past contributions and support and wish them well in their new endeavours.

On 26 March 2010 and 10 May 2010, the Council decided to co-opt Capt Brian Townsley, Managing Director of Swire Pacific Offshore Operations (Pte) Ltd and Mr Nicholas Sansom, Director, Charles Taylor Mutual Management (Asia) Pte Ltd as Manager for The Standard Steamship Owners' P&I Associations (Asia) Ltd respectively.

The composition of the SSA Council (2009/2011) currently is as follows:

ELECTED MEMBERS:

1. Mr S. S. Teo, Managing Director, Pacific International Lines (Pte) Ltd (President)
2. Mr Patrick Phoon, Deputy Managing Director, Evergreen Shipping Agency (Singapore) Pte Ltd (Honorary Secretary & Chairman of General Affairs Committee)
3. Mr Eng Aik Meng, President – APL Co Pte Ltd (Honorary Treasurer & Chairman of Finance, Investment & Audit Committee)
4. Mr Aloysius Seow, Chief Operating Officer, Ocean Tankers Pte Ltd (Chairman of Services Committee)
5. Mr Gerald Seow, Executive Director, Pacific Carriers Ltd
6. Mr Makoto Hashizume, General Manager (Liner Trade Management Division), "K" Line Pte Ltd
7. Mr Esben Poulsson, Non – Executive Director, Torm Singapore Pte Ltd (Chairman of International Committee)

CO-OPTED MEMBERS:

• Ordinary:

1. Capt Bjorn Hojgaard, Managing Director, Thome Ship Management Pte Ltd (Chairman of Technical Committee)
2. Capt Brian Townsley, Managing Director, Swire Pacific Offshore Operations (Pte) Ltd (Chairman of Offshore Services Committee)

• Associate:

1. Mr Mark McGrath, President & COO, Pacific Division, American Bureau of Shipping
2. Ms Seong Koon Wah Sun, Managing Director & Asia Regional Head, Global Shipping Asia, UniCredit Bank AG
3. Mr Nicholas Sansom, Director, Charles Taylor Mutual Management (Asia) Pte Ltd as Manager for The Standard Steamship Owners' P&I Associations (Asia) Ltd (Chairman of Legal & Insurance Committee)

The Council met once every two months. It reviewed the reports of the two administrative committees and four operational committees, and decided on all major policy decisions for the Association.

ADMINISTRATIVE & OPERATIONAL COMMITTEES

During the period in review, the SSA Council was supported by two Administrative Committees and four Operational Committees. The Administrative Committees were the General Affairs Committee and the Finance, Investment and Audit Committee, whereas the Operational Committees were the International Committee, the Technical Committee, the Services Committee and the Legal & Insurance Committee.

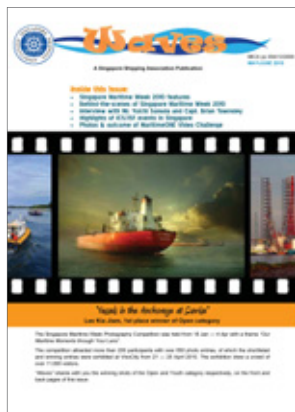

In addition, on 26 March 2010, the Council also decided to form another Operational Committee, the Offshore Services Committee, to address issues of concern to the offshore marine services sector, with a view towards promoting and establishing Singapore as a centre for the offshore industry in Asia.

ADMINISTRATIVE COMMITTEES' REPORTS

GENERAL AFFAIRS COMMITTEE

The General Affairs Committee was headed by the Honorary Secretary, Mr Patrick Phoon. Under his direction, all matters pertaining to the Association's public relations, collaterals, social activities and the Secretariat's administrative affairs came under his area of responsibility.

• Membership

As of 31 May 2010, Membership of the SSA stood at 376 members, of whom 229 are Ordinary Members, 145 are Associate Members and 2 are Individual Members. The Association also has 2 Honorary Members, namely, Mr Yeo Cheow Tong and Mr Ong Kok Wah.

The Association welcomed 30 new members into the Association in 2009. During the same period, 15 members had resigned. In this regard, the Association wishes to acknowledge the past support and contributions of these members who have resigned, and wish them well in their endeavours.

• Young Executives Group Sub-Committee

The Young Executives Group (YEG) continues to enjoy strong support from SSA member companies, with over 600 YEG members as of 31 May 2010. Since it was established in 2005, the YEG has encouraged young shipping executives to develop a greater awareness of and participation in the Association's activities with a view towards nurturing future leaders for the Association.

In July 2009, the YEG was formalised as a Sub-Committee under the auspices of the General Affairs Committee. At its first meeting, Ms Katie Men of Farglory Holdings Pte Ltd, Mr Ng Ee Ping of Kontiki Shipping Pte Ltd and Ms Agnes Chua of Island Shipbrokers Pte Ltd were elected as Vice Chairman, Secretary and Treasurer respectively by their fellow Sub-Committee members.

The YEG Sub-Committee also divided its members into three focus groups, namely Networking, Education and Community Outreach, to organise events catering to the more youthful requirements of the YEG.

Council Member Ms Seong Koon Wah Sun is Chairman of the YEG Sub-Committee. Together with Council Member Mr Patrick Phoon, they provide mentorship guidance to members of the YEG in their activities.

During the reporting period, the YEG has organised the following events:

YEG EVENTS			
	Event	Speakers	Date
1	Educational Talk & Networking Session on Understanding Ship Arrest & Judicial Sales	Mr Lawrence Teh - Partner, Rodyk & Davidson LLP Venue: SSA Maritime Lounge	29 Sept 2009
2	YEG Bowling Event	Venue: Superbowl Marina Square	27 Oct 2009
3	Tea Talk on "Rotterdam Rules" and SSA YEG – BIMCO 39 Networking Session	Prof. Richard Williams - Consultant, Ince & Co, U.K. Mr Nicholas Sansom - Executive Director, Singapore Chamber of Maritime Arbitration Venue: Maxwell Chambers	12 Nov 2009
4	Year-End Networking Cruise onboard "Cheng Ho"	Venue: Southern Singapore waters	19 Nov 2009
5	YEG 4th Anniversary event	Venue: Giraffe Bistro and Bar	23 Mar 2010
6	Educational Talk & Networking Session on "The Use of Derivatives to Hedge the Various Commercial Risks Faced by the Shipping Industry"	Mr James Atkinson - Derivatives Practitioner, Norton Rose (Asia) LLP Venue: SSA Maritime Lounge	8 Jun 2010

• SSA Secretariat

The SSA Secretariat is managed by a staff of 10 which is headed by the Executive Director, Mr Daniel Tan. It also provides secretarial support to the Singapore Maritime Employers Federation (SMEF), the Federation of ASEAN Shipowners' Associations (FASA) and the Safe Navigation & Environment Committee of the Asian Shipowners' Forum.

• SSA Corporate Communications

The SSA Secretariat maintains its website at <http://www.ssa.org.sg>. The site provides information on the Association's latest activities with regular updates on seminars, talks, courses and cocktail gatherings. Copies of SSA circulars and press releases are also posted immediately on the website.

In addition, the Association also publishes its bi-monthly newsletter, "Waves". The newsletter has an outreach of 550 print copies and over 1400 email copies, excluding hits via the SSA website.

Both the website and newsletter offer advertising opportunities at very competitive rates.

• SSA 24th Anniversary Gala Dinner

The SSA celebrated its 24th Anniversary with a Gala Dinner at the Raffles Ballroom, Raffles City Convention Centre on 18 September 2009. The Guest of Honour was Mrs. Lim Hwee Hua, Minister in Prime Minister's Office and Second Minister for Finance and Transport. Attended by more than 1,300 members, guests and associates of the SSA, coverage of the event was featured in the Business Times, Straits Times and Lianhe Zaobao.

In addition, to kick-start activities to commemorate SSA's 25th Anniversary in 2010, all attendees were presented with a specially-commissioned desktop calendar. The calendar showcased milestones of SSA's history and captured quotes from some of the more illustrious personalities of the Association.

• Relations with Local Bodies

The SSA continued to maintain strong working relationships with the various relevant government agencies, which include the Maritime and Port Authority of Singapore (MPA), the Singapore Customs (SC), the Immigration and Checkpoints Authority (ICA), the Republic of Singapore Navy (RSN), the Police Coast Guard (PCG) and other related government agencies.

Dialogue sessions are organised frequently to establish strong communication bonds between SSA and the various agencies to ensure there is a common understanding of the needs and issues within the industry. In particular, SSA engaged the RSN Information Fusion Centre (IFC) on 8 January 2010 in dialogue on how best to enhance Singapore's abilities to combat the increasing maritime security threats and challenges with real time information.

SSA is also represented on the board, advisory committees and working committees of several government statutory departments. Likewise, some of these government agencies are also invited to participate in several SSA Committees as Observers.

The Association has also continued to maintain close working relationships with other maritime-related organisations like the Singapore Maritime Officers' Union (SMOU), the Singapore Organisation of Seamen (SOS), the Singapore National Shippers' Council (SNSC), the Singapore Maritime Academy (SMA), Association of Singapore Marine Industries (ASMI), the Singapore Chamber of Maritime Arbitration (SCMA) and the Singapore Maritime Foundation (SMF).

Together with ASMI, MPA, SMF and other stakeholders under the MaritimeONE umbrella and initiatives, the SSA plays a strong and active role in promoting and elevating the profile of the maritime industry to young shipping executives and undergraduates from the local institutes of higher learning.

In light of increasing maritime activities in Asia, the Association, together with the SMF, engaged in discussions to develop a Singapore Ship Sale Form. Commissioned by the SMF and undertaken by the Centre for Maritime Studies of the National University of Singapore, the Singapore Ship Sale Form will present the shipping community with an alternative standard sale form which will cater to the needs of the fast-growing Asian shipowning community.

The SSA is also a member of the Singapore Business Federation (SBF) and the Singapore Chinese Chamber of Commerce & Industry (SCCCI).

• Relations with Foreign Bodies

Regionally, the SSA is an active member of the Federation of ASEAN Shipowners' Associations (FASA) and the Asian Shipowners' Forum (ASF).

The SSA participated in the FASA 35th Annual General Meeting in Hanoi, Vietnam on 11 December 2009 and also the FASA 40th Executive Committee Meeting in Hong Kong on 24 May 2010.

As a member of FASA, the SSA continues to chair the ASF Safe Navigation and Environment Committee (SNEC). The 17th and 18th Interim Meetings of the ASF Safe Navigation & Environment Committee (SNEC) meeting were held on 18 September 2009 and 19 March 2010 respectively.

The SSA was represented by 19 representatives from its membership at the 19th ASF held from 24 to 26 May 2010 in Hong Kong.

Internationally, the SSA is a member of the International Chamber of Shipping (ICS). It also maintains good working relationships with various international organisations such as the International Maritime Organisation (IMO), the International Association of Independent Tanker Owners (INTERTANKO), the Baltic and International Maritime Council (BIMCO), International Association of Dry Cargo Shipowners (INTERCARGO), the International Group (IG) of P & I Clubs and the International Association of Classification Societies (IACS).

During Singapore Maritime Week held on 25 – 30 April 2010, SSA played host to the Annual General Meetings of the International Chamber of Shipping and the International Shipping Federation in Singapore at Resorts World Sentosa.

Following the establishment of the Regional Agreement on Combating Piracy & Armed Robbery Against Ships in Asia (ReCAAP) Information Sharing Centre (ISC) in Singapore in November 2006, the Association has also developed close ties with the ISC in its ongoing efforts to help safeguard ships in Asia.

• Members' Networking Sessions

The SSA continues to organise evening Cocktail receptions for its members to interact and network, with one reception in the beginning of the year to tie-in with the Lunar New Year; one mid-year to coincide with the Annual General Meeting and a year-end cocktail, just before Christmas.

The receptions organised by the Association during the year in review were very well-attended by members and representatives from the shipping-related government departments, with the number of participants steadily increasing with each event.

The Association deeply appreciates the companies that came forward to sponsor the cocktails and looks forward to other members' contributions for future events.

• Educational Awards and Bursaries

In keeping with its long-standing tradition, the Association continued to provide academic awards to deserving top graduates of the Singapore Maritime Academy's maritime diploma courses, namely the Diploma in Marine Engineering, the Diploma in Nautical Studies and the Diploma in Maritime Transport and Technology.

The SSA has also teamed up with the Singapore Maritime Officers' Union (SMOU), National Trades Union Congress' (NTUC) e2i (Employment and Employability Institute) and Singapore Workforce Development Agency (WDA) in October 2009 to launch the Tripartite Nautical Training Award (TNTA) programme to encourage Singaporeans to join the maritime sector and pursue promising careers sailing onboard international vessels as seafaring officers. In recognition of the Association's efforts, the SSA was presented with the May Day CBF Model Partnership Institutional Award by the NTUC on 29 May 2010.

• Talks & Seminars

Given the dynamic, ever-changing nature of the maritime sector, the Association regularly organises talks and seminars to keep its members informed and up-to-date as to the latest developments affecting members of the shipping industry. The SSA invites distinguished and highly-qualified speakers to share their experiences and expertise with the Association's members.

These talks and seminars were well-received by members and friends of the shipping industry. The SSA will continue to organise talks and seminars to update members on the current trends and developments in the shipping world.

FINANCE, INVESTMENT & AUDIT

The Finance, Investment and Audit Committee is headed by the Honorary Treasurer, Mr Eng Aik Meng. He is in charge of all matters pertaining to the Association's finances, investments, accounts audit and surplus funds of the Association.

The Association is financially strong as reflected in the Audited Financial Statements of the Association for the financial year ended 31 December 2009.

OPERATIONAL COMMITTEES' REPORTS

INTERNATIONAL COMMITTEE

Councillor Mr Esben Poulsson is the Chairman of the International Committee.

A summary of the main issues that have been addressed by the Committee during the period in review is as follows:

→ Global Competition Developments

In light of the international nature of the shipping industry, the Committee continued monitoring developments in competition law in China, Hong Kong and India.

The Committee also continued to monitor updates relating to competition law in the European Union. In particular, the Committee welcomed the adoption of the European Commission's new Block Exemption Regulation, revising the current exemption for shipping consortia from the EC Treaty's ban on restrictive business practices (Article 81).

The Committee further noted that, whilst most members have been able to comply with European Commission requirements, some concerns remain with regard to determining market share threshold.

→ Singapore Competition Developments

On 1 January 2006, the provisions on anti-competitive agreements, decisions and practices and abuse of dominance for the Singapore Competition Act 2004 came into force. In anticipation of the entry into force of the provisions, an SSA Working Group was formed in 2005 with a view to securing a Block Exemption Order for liner shipping conferences.

After a succession of meetings in 2005 and 2006, the Competition Commission of Singapore (CCS) passed the Block Exemption Order (BEO) for Liner Shipping came into force on 1 January 2006, to last for a period of 5 years.

As the BEO will expire on 31 December 2010, the Committee was reactivated to engage the CCS in consultation with a view towards discussing a possible renewal of the BEO. The Committee has met with the CCS on 2 February this year. On 23 April, the Committee again met with the consultant appointed by the CCS. On both occasions, the Committee explained on the importance of the BEO and the impact to Singapore as a shipping hub and international maritime centre if it is not renewed. There will be further public consultations in the near future.

⇒ Piracy & Armed Robbery

Whilst the Committee expressed deep appreciation to Singapore and other governments for sending naval assets and personnel to support ongoing multinational anti-piracy efforts in the Gulf of Aden and the Somali Basin, it acknowledged that these naval patrols could only be temporary, as they would be a serious drain on the national resources of the contributing States. As such, it would be necessary to develop firm punitive measures to actively deter pirates.

The Committee reaffirmed that, whilst the adoption of technical and operational best practices could counter incidents of piracy and armed robbery against ships, it is absolutely important for the United Nations and the world's governments, as a matter of urgency, to adopt an aggressive approach to deal with the root of the serious piracy problem in the Gulf of Aden. Restoring a credible government should help to restore law and order, thus arresting the civil disorder and criminal activities in Somalia.

The Committee also discussed and expressed disappointment on the US President's Executive Order issued on 13 April 2010 which declared piracy off Somalia as a threat to the national security and foreign policy of the US and forbids material or financial assistance. The Order was deliberately vague and could have an effect on negotiations to free ships and crew hijacked by the Somali pirates.

The Committee considered suggestions that private armed guards should be hired to serve on board Singapore-flag vessels. It was reaffirmed that the IMO neither encourages nor endorses the hiring of armed guards as their presence might result in an escalation in the degree of violence used by the pirates. The Committee therefore maintained the policy of not arming crews or allowing armed guards onboard ships. The use of arms onboard would only lead to dangerous consequences and also raise a number of jurisdictional legal issues when the vessels call at ports around the world.

⇒ Canal Tolls

The Committee had expressed serious concern on the proposals by the Panama Canal Authority (ACP) and the Suez Canal Authority (SCA) to increase tolls for ships passing through their respective canals especially during such difficult economic times and the fragile recovery of the shipping industry.

The Committee agreed to give its full support to the Asian Shipowners' Forum and the International Chamber of Shipping to petition to the respective Canal Authorities to reduce tolls and/or defer increases in tolls till the industry has fully recovered.

SERVICES COMMITTEE

Chaired by Councillor Mr Aloysius Seow, this Committee oversees the activities of the Bunkering, Cruise, Ship Operations & Port Services, and the Training & Development Sub-Committees.

• Bunkering Sub-Committee

The Bunkering Sub-Committee, chaired by Mr Kan Hoi Yuen of Shell Eastern Trading (Pte) Ltd, works closely with the MPA to enhance the development of the bunkering industry in Singapore.

⇒ Singapore Standard for Mass Flow Meters

The Sub-Committee took a serious interest in the joint proposal by Spring Singapore and MPA to develop processes and procedures for a new Singapore Standard for the use of mass-flow meter as another option for the measurement of bunkers delivered by bunker tanker.

Whilst the Sub-Committee will welcome the adoption of a Singapore Standard for mass-flow meters, it stressed, however, that while individual suppliers may choose to use the mass-flow meter to differentiate their services, its use must not be made mandatory. Instead, the use of mass-flow meter should be optional and left to the discretion of the bunker buyer and seller in their commercial agreement.

⇒ Framework to Encourage Singaporeans to Serve on Port Limit Vessels

In view of the chronic shortage of trained seafarers facing the industry, the Sub-Committee was supportive of MPA's initiative to encourage Singaporeans to work on port limit harbor craft.

The Sub-Committee had engaged in discussions with MPA to develop a practical framework to train Singaporeans to serve on port limit vessels. Whilst this framework is initially focused on training deck officers, SSA hopes that MPA will develop a similar program to produce ships' engineers. SSA harbor craft owners and operators are encouraged to provide berths for these cadets during the sea-phase training.

⇒ Blending on Board

At the 86th Session of the IMO Maritime Safety Committee (MSC 86) held in May/June 2009, MSC considered the outcome of the BLG Sub-Committee regarding the issues surrounding blending on board at sea, and agreed that such practice should be prohibited and that mandatory provisions should be developed for bunkering activities outside territorial waters.

The Sub-Committee took note of the draft IMO Circular and agreed that further clarification on the definitions of the text would be needed, especially with regard to the phrases "sea voyage" and "new product blends". It was further noted that there are instances of blending onboard bunker tankers at anchor, especially for supplying smaller and/or older vessels that require special/intermediate grades that can only be produced by blending.

The Sub-Committee is expected to continue working with MPA to address concerns with regard to the development of mandatory provisions for blending on board, as well as the adoption of definitions that might have an adverse impact on Singapore's bunkering industry.

• Cruise Sub-Committee

The Cruise Sub-Committee is chaired by Mr Frankie Tan of Harpers Shipping (Singapore) Pte Ltd. The Sub-Committee works closely with the MPA, the Immigration and Checkpoints Authority (ICA), the Singapore Cruise Centre (SCC) and the Singapore Tourism Board (STB) to develop and enhance the cruise shipping industry in Singapore.

Due to the increasing popularity of Singapore as a port of call for cruise ships, the availability of cruise-ship berths has been a topic of grave concern for the Sub-Committee. Whilst expectations are that the completion of the new International Cruise Terminal at Marina South will eventually help alleviate the problem, the Sub-Committee, working with MPA, STB and other stakeholders, has been working urgently towards finding alternative and economical solutions in the interim.

In particular, the Sub-Committee has expressed great concern that the shortage of suitable berths could have an adverse effect on the image of the Singapore cruise industry.

• Ship Operations & Port Services Sub-Committee

The Ship Operations Sub-Committee is chaired by Mr Kek Beng of MOL (Singapore) Pte Ltd. The Sub-Committee works closely with the MPA, terminal operators and service providers to overcome any problems associated with ship operations and port services in Singapore.

Photo courtesy of PSA Singapore Terminals

⇒ Centralised Crew Clearance Offices

The Sub-Committee welcomed the establishment of Crew Clearance Offices at the Pasir Panjang and Keppel terminals in January 2010, as these centralised offices are beneficial and they facilitate crew signing on and off from ships.

The Sub-Committee continues to work closely with PSA and the Immigration & Checkpoints Authority (ICA) to further enhance the services and facilities offered at the two crew clearance offices.

→ Extension of Port Dues

The Sub-Committee welcomed MPA's decision to extend the 10% port dues concessions for ocean-going ships and harbour craft till 30 September 2010. The Association is hopeful that the concession will continue for an extended period upon its expiry in September as the recovery for the shipping industry is still relatively weak.

With regard to the 20% port dues concession for container ships that will expire on 30 June 2010, the Sub-Committee expects the MPA to extend the concession scheme further.

→ Pilotage Services

The Sub-Committee is appreciative of PSA Marine's recent expansion of its pool of pilots to cope with the increased demand of the shipping industry. Nonetheless, in light of the concerns that newer, less-experienced pilots might be asked to serve unsupervised, the PSA Marine assured the Sub-committee that all its pilots are examined and certified by MPA. Trainee pilots, as the SSA was given to understand, will be under the close supervision of licensed pilots during their pilotage training.

PSA Marine advised the Sub-Committee that its pilot training programme is subject to constant review to ensure that pilots are familiar with the conditions at any new terminals.

In anticipation of possible increase in pilotage fees, the Sub-Committee had maintained that any cost increases in the near term would be ill timed and would pose unnecessary financial burden on the shipping industry and therefore stifle its recovery.

→ Potential Dangers to Navigation

The sea lanes outside Singapore port limits are increasingly crowded. While the traffic separation schemes in the Singapore Strait have been working well, there have been a number of contacts of vessels anchored OPL.

As the situation is unlikely to improve in the short term, the Sub-Committee felt that it is important for the MPA to update the industry on how Singapore is planning to address navigational safety in the Singapore Strait.

→ Manpower Issues

The constant delay and rejection of work permit applications for foreign workers to work in the harbor craft industry had raised some serious concerns among the operators. Discussions were held with the MPA to address the concerns and shortage faced by the harbor craft industry. This has resulted in a manning formulation being developed between the SSA and MPA. Further considerations of the formula will be required before being applied for the various sectors of the harbor craft industry.

Meanwhile, MPA had been requested to address the delay and rejection problem faced by the operators with the Ministry of Manpower (MOM) and also to explore means by which the work permit applications for new seafarers can be expedited.

• Training & Development Sub-Committee

The Training & Development Sub Committee is chaired by Capt Mark Heah of Jardine Shipping Agencies. The role of the Sub-Committee is to assist shipping staff in upgrading their professional skills, and to support and cooperate with other educational institutions in providing executive training courses for the shipping industry.

The Sub-Committee continues to update and renew the courses offered under its Executive Development Program to ensure the courses remain relevant in today's market.

SSA Executive Development Programme 2010

➔ Executive Development Programme

- Introduction to Shipping
- Principles of Shipping Operations & Practices
- Principles of Shipping Documentations & Practices
- Understanding Import/Export Techniques and Documentation
- Principles of Shipbroking and Chartering
- Shipping Law & Disputes
- Compliance of the IMDG Code for Transport of Dangerous Goods
- Container Management
- Marine Insurance
- Effective Written Communication in the Shipping Industry
- Basic Course on the Code of Practice for Bunkering (SS600:2008)

- Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter I – for Cargo Officers)
- Crew Operations Management

Developed jointly by SSA and STET, the new course on Crew Operations Management is intended to enhance skills and improve productivity of shore-based support staff engaged in crewing operations for ships. The course will commence in July 2010.

In addition to its internal courses, the Association co-operates with the MPA and the Singapore Maritime Academy (SMA) on other programmes, namely the:

- Certificate of Performance (COP) Programme
- Diploma in Ship Operations & Management (DSOM)

➔ Skills Programme for Upgrading & Resilience (SPUR)

SPUR or Skills Programme for Upgrading and Resilience, is a 2 year enhanced financial support scheme developed by the Singapore Workforce Development Agency (WDA) in consultation with tripartite partners - Ministry of Manpower (MOM), National Trades Union Congress (NTUC) and the Singapore National Employers Federation (SNEF) to incentivize companies to train their (Singaporean and Permanent Resident) employees during the economic downturn with up to 90% course fees and absentee payroll subsidies from the Skills Development Fund.

Working closely with the Singapore Workforce Development Agency (WDA), NTUC's e2i (Employment and Employability Institute), the Singapore Industrial & Services Employees' Union (SISEU) and Maritime and Port Authority of Singapore (MPA), SSA announced its series of SPUR-funded courses to its members, just 11 days after SPUR was officially launched in December 2008.

As a result, 1370 employees underwent courses run by the SSA Executive Development Programme in 2009, more than double that of the 582 trained in 2008.

In recognition of SSA's contribution to the skills upgrading of the maritime industry during the economic downturn through SPUR, the Association was awarded the "Upturn the Downturn" award presented by the National Trades Union Congress (NTUC) in April 2010.

TECHNICAL COMMITTEE

Following Councillor Mr Kenichi Kuroya's resignation from the Council on 1 January 2010, the Council appointed Councillor Capt Bjorn Hojgaard as Chairman of the Technical Committee. Capt Hojgaard has two sub-committees under his care, namely the Maritime Security Sub-Committee and the Tanker Sub-Committee.

A summary of the main issues that have been addressed by the Committee and its Sub-committees during the period in review is provided below:

⇒ Greenhouse Gases – Market-Based Measures

The Technical Committee was instrumental in developing an SSA position that an incentivised Bunker Levy Scheme is the best and preferred option to reduce GHG emission from international shipping because it is transparent, predictable, simple and equitable in application.

While SSA has reaffirmed its support for an incentivised bunker levy scheme, with similar views being shared by the shipowners' associations of Hong Kong, Japan and Korea, the IMO's position remains unclear.

At the IMO MEPC 60th session held in March 2010, an Expert Group had been established to examine the feasibility and the pros and cons of the 9 Market Based Measure proposals. The Expert Group's report will be considered at MEPC 61st session scheduled to be held in October 2010.

The Technical Committee will continue to monitor and intervene, where necessary, in the discussions at the IMO.

⇒ Greenhouse Gases – Energy Efficiency Measures

At MEPC 60, the Energy Efficiency Design Index (EEDI) for new ships and Ship Energy Efficiency Management Plan (SEEMP) for existing ships were actively deliberated. The EEDI and SEEMP will stipulate mandatory application of technical and operational measures designed to regulate and reduce emissions of Greenhouse Gases from international shipping.

An Intersessional Meeting of the Working Group on Energy Efficiency Measures for Ships (EE-WG I) will be held from 28 June to 2 July 2010 to examine and improve on the text for the mandatory requirements of the EEDI and SEEMP. It is also tasked to develop guidelines to support the regulatory framework for verification of the EEDI.

As this is very much a work in progress, the Technical Committee will continue to take an active role in discussions aimed at developing a Singapore position for consideration at EE-WG I.

⇒ Ballast Water Convention 2004

The Ballast Water Convention has been ratified by 22 countries representing 22.65% of world tonnage, with Brazil stating that it will ratify in the near future - this is against an entry into force criteria of 30 countries representing 35% of world tonnage.

As there are expectations that the entry into force requirements for the BW Convention may soon be met, the Technical Committee emphasised that more study is required as there are concerns that the list of approved ballast water management systems may not be applicable and fits all sizes and classes of ships.

The Technical Committee has decided to form a Focus Group to examine this matter further with the MPA and the classification societies.

→ EU 0.1% Sulphur Requirements at Berth

With regard to the EU's requirement that all ships at berth in EU ports use fuel with a sulphur content of 0.1% or less, the Technical Committee members that trade to European ports shared their experiences and best practices and noted that a number of different approaches had been adopted.

The Committee further agreed that SSA will monitor the situation closely.

• Maritime Security Sub-Committee

Chaired by Capt George Solomon of Neptune Orient Lines Ltd, the Sub-Committee works closely with the MPA, the ReCAAP Information Sharing Centre (ISC), the Republic of Singapore Navy (RSN) and other maritime security providers to discuss proposed measures and submissions concerning maritime security and to make the appropriate recommendations including practical measures to improve security arrangements for ships.

The Sub-Committee also analysed the latest situation of piracy and armed robbery that threatened international shipping around the world. With statistical and situational reports from the International Maritime Bureau (IMB) and ReCAAP ISC, the Sub-Committee studied the modus operandi of the pirates.

In particular, whilst the Sub-Committee expressed concern at the situation off the east coast of Africa, which accounted for almost 50% of all attacks reported in 2009, it was further agreed that the industry should not disregard other areas such as the west coast of Africa and the South China Sea.

In the absence of any solutions to stamp out the root problem of piracy and ship hijacks in Gulf of Aden and off the coast of Somalia, the Sub-Committee strongly recommended the shipping community to adopt the measures as listed in the Industry Best Management Practices aimed at countering piracy off Somalia and the Gulf of Aden.

In addition to providing feedback on the feasibility of such measures, the Sub-Committee agreed that all SSA members should continue to share experiences and best management practices.

The Sub-Committee further emphasised that, regardless of the actual measures used, the ultimate intent of any anti-piracy measures should be to harden a vessel, making it less attractive as a target for pirates.

• Tanker Sub-Committee

The Tanker Sub-Committee is chaired by Capt Surendra Dutt of Anglo-Eastern Shipmanagement (Singapore) Pte Ltd. The Sub-Committee engages itself in discussion mainly on issues emerging from the IMO and some local operations.

→ OCIMF/SIRE Inspections in Singapore

In early 2009, a set of guidelines and procedures for SIRE Inspections at private terminals as well as a SIRE Inspection Request Form (Singapore) was developed through consultation with MPA, Singapore Shipping Association, oil terminal operators in Singapore, INTERTANKO and OCIMF.

Following the introduction of the guidelines, the Sub-Committee has noted that members have generally had good experiences with the guidelines. The Sub-Committee will continue to monitor members' feedback.

→ Emergency Towing-Off Pennant

The Sub-Committee noted that Lloyds' Register (LR) has completed an OCIMF-commissioned assessment of the Emergency Tow-Off Pennant Systems (ETOPS) onboard Tank Vessels.

In particular, two key points raised in the LR Assessment are that, in the 42 years ETOPS have been in place, there have been approximately 17000 injuries incurred by seafarers when testing the system, and that the system has never been used in practice.

In light of this, the LR Assessment has recommended that ETOPS be eliminated from general use and that they should not be generally considered essential equipment for vessel safety. In view of the LR Assessment, the Sub-Committee will seek support from MPA with a view towards removing the need for ETOPS in Singapore waters.

LEGAL & INSURANCE COMMITTEE

Councillor Mr Ragnar Nielsen served as the Chairman of the Legal & Insurance Committee until his resignation from the Council on 1 February 2010. A reappointment was made by the Council and Mr Nicholas Sansom was appointed to take over from Mr Ragnar Nielsen as the Legal & Insurance Committee Chairman with effect from 10 May 2010.

Provided below is a summary of the main issues that have been addressed by the Committee during the period in review:

→ Rotterdam Rules

Whilst 16 countries had signed the Rotterdam Rules as a mark of intent, there had been no ratifications to-date. As such, the general expectation was that it would take at least 5 years for the rule to come into force, as the Convention will only come into force 1 year after 20 countries have ratified it.

The Rotterdam Rules are intended to replace the existing cargo liability regimes such as the Hamburg and Hague/Visby Rules. The Committee has followed the development of the Rotterdam Rules very closely during its many years of deliberations and has intervened on several occasions through the ICS and the Singapore's Attorney General's office. Comments had been made that there would be a significant increase in the cost of cargo liability claims due to certain provisions of the Convention. These provisions include:

- Loss of the right to the nautical fault defence
- Extension of the obligation to exercise due diligence to make the ship seaworthy
- Higher limits of liability.

In view of the global nature of the shipping industry, the Committee, whilst generally supportive of the new regime, maintained that Singapore should adopt a wait-and-see approach and not rush into ratification of the Convention. There was general willingness among the international associations that the new Convention must be supported by the shipping industry to avoid the risk of a proliferation of regional cargo liability regulations.

→ Limitation of Liability – Maritime Claims

In March 2009, off the south-east coast of Queensland, Australia, the Pacific Adventurer lost 31 containers of ammonium nitrate, resulting in the holing of the vessel and the loss of 270 tonnes of bunker fuel. While the carrier relied on its right to limit liability under the 1996 LLMC Convention, the Australian government insisted that the carrier meet all established claims in full. In addition to threatening to impose bans on the company's shipping and other interests, Australia was considering to impose a levy on all ships calling at Australian ports to recoup the shortfall between the shipowner's limitation amount and the eventual total amount of all established claims.

Australia has subsequently submitted a paper to the IMO Legal Committee calling for increases to the 1996 LLMC Convention amounts and also "an assessment of whether the current provisions under LLMC remain relevant and, if considered advisable, recommending possible amendments." This paper will be yet another proposal to have the 1996 LLMC Convention limits increased.

The Committee agreed that SSA would neither support any government's initiatives to raise the limits of shipowner's liability nor the enactment of any unilateral legislation aimed at raising limits of liability for ship owners.

It was further noted that there would be no advantage for owners to move from the LLMC '76 Convention to the LLMC '96, as there was no increase in defences to match the increase in limits.

→ People's Republic of China (PRC) Marine Pollution Regulations

The Committee viewed the PRC regulations on the prevention and control of marine pollution from ships (State Council Decree (No.561)) which entered into force in China on 1 March 2010 with concern as it bears resemblance to the US Oil Pollution Act 1990.

The PRC regulations are aimed at the prevention and control of marine pollution from ships (including port operations, ship-breaking and waste disposal) and will be administered by the PRC Ministry of Transport.

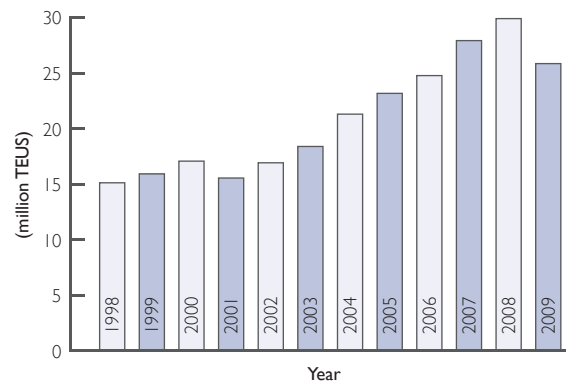

In spite of the implementation of the regulations, the Committee was concerned that there remained no clear guidance from the Chinese authorities with regard to a number of technical and operational requirements.

The Legal & Insurance Committee, working together with the other SSA Operational Committees, has continued to seek clarification on the actual implementation guidelines on the PRC regulations.

Nordisk Legal Services Pte Ltd

is the new name of Nordisk Defence Club (Singapore) Pte Ltd.

We specialize in shipping related disputes or transactions and assist members of Nordisk Skibsrederforening as well as independent clients in connection with dispute settlement, debt collection, arbitration, securing of claims, contract negotiations etc. We believe that the new name will better reflect what we do and offer.

About Nordisk

Our head office, Nordisk Skibsrederforening, is located in Oslo, Norway and we are one of the world's leading clubs within FD&D and maritime law. The Nordisk team is made up of 20 highly experienced and specialised maritime lawyers from England, Norway, Sweden and the USA together with support staff. Nordisk lawyers offer legal assistance to their members and clients within FD&D, marine insurance, sale & purchase of vessels and off shore units as well as other shipping law matters. Nordisk lawyers handle arbitration and court proceedings in many jurisdictions.

Good Moves

Whether you're in the business of break-bulk cargo, bulk cargo or containerised cargo, Jurong Port in Singapore is the right partner for you. With more than 40 years of know-how in handling a wide range of cargoes, Jurong Port is the partner for moving cargo in and out of Singapore, and for transshipment. The port is ISPS Code Compliant, and was awarded the Lloyd's List "Achievement in Safety Award" in 2009.

Jurong Port places special emphasis on the use of information technology and the latest cargo handling equipment. In bulk cargo, the port houses one of the world's largest common-user cement terminals equipped with three advanced screw-type unloaders and conveyor

systems; the terminal handles over 4 million tonnes of cement annually. The port also handles a wide variety of dry and liquid bulk cargo. In the break-bulk area, Jurong Port has the latest IT-based cargo movement and management system that ensures optimum productivity for its customers. For containers, the port has, for several consecutive years, won the Best Container Terminal Operator - Asia (under 1 million TEUs per annum) Award, testifying to the efficiency and productivity of the port's container terminal.

Jurong Port. Good Moves.
