# Our Mission

## AS AN ASSOCIATION

The Association will protect and promote the interests of its members. It will undertake activities on shipping matters which are beneficial to its members.

## FOR THE INDUSTRY

The Association will take the view of the shipping industry as a whole. It will play its due role to promote the interests of shipping in Singapore, ASEAN, Asia and the world. To do so, the Association will co-operate with other shipping organisations, in ASEAN, Asia and elsewhere.

## FOR SINGAPORE

The Association will work closely with the government of Singapore to protect the extensive maritime interests of Singapore and to promote Singapore as a major port and international maritime centre.

## FOR INTERNATIONAL SHIPPING

The Association will co-operate with governmental and non-governmental organisations to promote freedom of the sea, safety at sea and to protect the marine environment.

**T**he global economic climate today is very much an improved one as compared with the global economic recession experienced in 2009. Continued rapid economic developments and expansion in countries, such as China, India and Vietnam, have largely played key roles in maintaining buoyancy in the supply and demand of shipping services, particularly in Asia in the last one and a half years.

For the most part of 2010, the shipping industry and seaborne trade have recovered some of the lost grounds. Whilst many had assumed that the worst was over, we should be mindful that the global economy on the whole is still in a fragile state. Prospects for shipping in the near term remain difficult and uncertain, due in particular to the significant size of the ship supply capacity and the impact of the demand/supply mismatch in the shipping markets. There are also many other challenges looming in the horizon.

The economic and debt situation in the US and some EU countries is still far from over. If this problem continues to be unresolved and soon, economists have forewarned that it may lead to another global downturn. Besides, we are also coming to grips with the tragic effects of the devastating earthquake and tsunami which hit Japan in March this year. The ongoing political upheaval in the Middle East and North Africa is also another area of concern, especially if it brings disruption to East – West trade passing through the Red Sea. Already, we have witnessed higher commodity and energy prices. Crude oil prices were also exceptionally volatile over the past year.

Generally, the shipping industry is facing a period of substantial adjustment in the wake of the downturn in the world economy and slump in world trade, due largely to events and developments not within our control. The shipping industry should maintain its course on an even keel and weather the rough seas as they come. I am confident that we are well-placed to seize the opportunities that await us.

MR. S. S. TEO  
President  
Singapore Shipping Association

**// The shipping industry should maintain its course on an even keel and weather the rough seas as they come. //**

## THE INTERNATIONAL SCENE

Shipping is a global industry. Besides the depressed freight market, a number of issues have arisen which the Association had to pay full attention to in the past year. In particular, the Association has been very concerned with the ever-growing threat of pirate attacks and ship hijacks by Somali pirates. We were also actively engaged in issues relating to ongoing debates at the International Maritime Organisation (IMO) relating to the reduction of Greenhouse Gas (GHG) emission from ships.

Our Association has expressed grave concern and great alarm at the ever-increasing threat of attacks by Somali pirates as they extend their reach into the Arabian Gulf and greater Indian Ocean. Currently, whilst we are having our meeting, there are 14 merchant ships, 5 fishing vessels and 2 yachts with about 445 seafarers still held in captivity by armed gangs of Somali pirates, in appalling conditions, and subject to physical and psychological abuse. One of the victims, unfortunately, is a Singapore flag ship.

Whilst the SSA is pleased that the Singapore government and other governments have contributed ships, personnel and air assets to the naval forces stationed in the region, the SSA continues to maintain that these are temporary stop-gap measures and are not sustainable in the longer term. Instead, the SSA is of the view that the

**On global warming... the SSA  
is strongly committed towards  
further reducing the emission  
of greenhouse gases from  
Singapore-registered ships**

world's governments must exercise strong political will to address the root causes of the problem in Somalia itself.

Meanwhile, SSA members whose ships are transiting the Gulf have been strongly advised to adopt the Best Management Practices issued by industry organizations. In this regard, ship masters should make full use of the voluntary reporting systems implemented by the naval forces operating in the region. SSA also acknowledges that individual SSA Member companies should adopt additional safety measures to protect the lives and well-being of their seafarers. The Association wishes to caution that the use of security service providers is, however, subject to individual company's policy and risk assessment.

In South-East Asia, we are pleased to note a significant drop in piracy incidents, due in no small part to the ongoing sea and air patrols in the Straits of Malacca and Singapore. Nevertheless, SSA is monitoring the situation closely as a number of slow moving tugs towing barges were attacked in the South China Sea last year and early this year. We urge our members to remain vigilant when transiting the straits, especially during the hours of darkness.

The continued debate on global warming and climatic changes at international fora is putting extra pressure on the shipping industry to develop mitigation and adaptation imperatives to reduce its carbon footprints. It should be noted that shipping, which carries 90% of the world trade, accounts for only 1.5% of the world's carbon emissions. Without shipping, the import and export of goods on

the scale necessary for the modern world would not be possible. On its part, the SSA is strongly committed towards further reducing the emission of greenhouse gases from Singapore-registered ships, and is strongly committed towards promoting sustainable, environmentally-friendly shipping. As such, SSA continues to contribute to the intense debate taking place at the IMO, with every intention of promoting operational measures and Market Based Instruments (MBI) that will be realistic, pragmatic and effective.

**Shipping, which carries 90% of the world trade, accounts for only 1.5% of the world's carbon emissions.**

The Association continues to maintain that the IMO should serve as the leading forum to develop pro-active and practical regulatory measures aimed at further reducing Greenhouse Gas emissions from ships. Provisions should also be made to recognize and reward operators who voluntarily deploy sustainable and environmentally friendly technology for their ships.

## THE SINGAPORE SCENE

In spite of the shocks of the past two years, Singapore's maritime industry has continued to grow from strength to strength. Aided by the government's ongoing efforts to provide a conducive and business-friendly environment for international shipping companies and other maritime-related companies, Singapore has maintained its position as an important global hub port with vessel arrivals of just over 1.92 billion GT and 503.3 million tonnes of seaborne cargo carried, an increase of 6.57% from 2009.

The Port of Singapore also maintained its position as one of the world's busiest container ports, handling more than 28.4 million TEUs in 2010, showing a strong recovery of almost 10% from 2009.

The Singapore Registry of Ships (SRS) is among the top ten registries in the world with a fleet of more than 3,950 vessels totaling 48.7 million gross tonnes. Besides having a young fleet, the SRS is well known as a quality registry with high standards.

The bunkering industry in Singapore also performed relatively well, with more than 40.8 million tonnes of bunkers delivered in 2010, a 12% increase from 2009.

Collectively, Singapore's achievements have reinforced Singapore's role as an International Maritime Centre (IMC).

## YOUR ASSOCIATION

Over the past year, the SSA has been very active, and despite an increasingly difficult market, the Association's membership saw an increase of 41 new members. Whilst the Association's membership roll also saw 16 members resigning, as at 15 June 2011, the Association's membership has grown to a total of 401 members, up from 376 members as reported at the last AGM.

The Association's Young Executives Group (YEG), which celebrated its 5<sup>th</sup> anniversary in April this year as part of the Singapore Maritime Week festivities, now stands at over 780 members. A group of 10 Young Shipowners also joined the 27-member SSA delegation to the 20<sup>th</sup> Asian Shipowners Forum in Bali, Indonesia from 23-25 May 2011. We hope that these young members of our Association will continue to make enthusiastic and positive contributions to Singapore's shipping industry.

Also celebrating its 5<sup>th</sup> anniversary was the Association's eNewsletter, "Waves", with the 30<sup>th</sup> issue being published in June this year.

**The Port of Singapore also maintained its position as one of the world's busiest container ports, handling more than 28.4 million TEUs in 2010, showing a strong recovery of almost 10% from 2009.**

Welcoming our new SSA members

YEG delegates at the 20th Asian Shipowners Forum in Bali, Indonesia

The Association's five Operational Standing Committees, each of which was led by SSA Councillors, have been fully engaged in their respective areas of expertise. In particular, the Association's Competition Working Group consulted extensively with the Competition Commission of Singapore, with a view towards securing a further extension of the Block Exemption Order (BEO) for Liner Shipping Agreements. The decision to extend the BEO for another 5 years is a very positive development that will allow Singapore to continue to provide a stable, regulatory environment for shipping lines to call at and operate out of. In light of the increasing concerns over the threat of Somali pirates, SSA has also been heavily involved at the policy and operational level in promoting feasible, practical anti-piracy measures for merchant vessels transiting the region. To this effect, the Council has formed an Anti-Piracy Task Force which is headed by the Technical Committee Chairman, Capt Bjorn Hojgaard. I hope the Task Force, which held its first meeting one week ago, will be able to accomplish the tasks that it sets out to perform.

On the global stage, the SSA is a member of the International Chamber of Shipping (ICS), the principal international trade association and employers' organisation for merchant ship operators, representing all sectors and trades and about 80% of the world merchant fleet. SSA also maintains close relations with all members of the Round Table of International Shipowners' Associations (RTISA).

Regionally, SSA is a member of the Federation of ASEAN Shipowners' Associations (FASA), and through FASA, a member of the Asian Shipowners Forum (ASF). As a member of FASA, the SSA continues to chair the ASF Safe Navigation and Environment Committee (SNEC). The SSA also works closely with the ASF Permanent Office to further enhance Asian shipping interests.

At home, your Association continues to work closely with such organisations as the Ministry of Transport (MOT), the Maritime & Port Authority (MPA), the Ministry of Manpower (MOM), the Singapore Workforce Development

Agency (WDA), the Singapore Maritime Academy (SMA), the Association of Singapore Marine Industries (ASMI), the Singapore Chamber of Maritime Arbitration (SCMA) and the Singapore Maritime Foundation (SMF). Over the past year, the SSA has closely engaged stakeholders on issues aimed at mitigating the chronic shortage of trained seafarers, especially in the harbour craft industry. The SSA was also very pro-active in voicing industry concerns to MPA.

## CONCLUSION

At this AGM, I would have served my fourth (4<sup>th</sup>) term or eight (8) years as President of the SSA Council. Some of you might recall that, towards the end of my first term, I had proposed amendments to the SSA Constitution to limit the tenure of the SSA Presidency to a maximum of three (3) terms or six (6) years to enable new blood to be injected into the Council. Pursuant to the amended SSA Constitution, I would like to inform all of you that I will be stepping down as SSA President at this AGM. It is, however, my intention that a new President will be elected to succeed me.

For the last eight years, my fellow Councillors and the volunteers serving on the Association's Committees and Sub-Committees have given me tremendous support. Without their dedication, hard work and excellent support in promoting the interests of the Association, the SSA would not have been able to accomplish its goals. I would like to take this opportunity to thank them for taking the time away from their own careers to support the efforts of the SSA.

I would also like to thank all our members whom I am deeply grateful for the continued support given to our Association, and also the Secretariat for the efficient discharge of their duties.

Last, but not least, I would like all of you to give your wholehearted support to the incoming SSA President and his new team.

## COUNCIL MEMBERS 2009/2011

### Standing (L-R):

Capt Jan Bjorn Hojgaard,  
Capt Brian Townsley,  
Mr Makoto Hashizume,  
Mr Mark McGrath,  
Mr Nicholas Sansom,  
Capt Gerald Seow,  
Ms Seong Koon Wah Sun

### Seated (L-R):

Mr Aloysius Seow,  
Mr Patrick Phoon,  
Mr S. S. Teo,  
Mr Eng Aik Meng,  
Mr Esben Pousson

# Annual General Meeting (AGM)

## The SSA 14th AGM

was held on 21 June 2010 at Marina Mandarin Hotel Singapore. It was attended by 100 Ordinary and 19 Associate Members. The Meeting adopted the SSA Annual Report (2009/2010) and Financial Report ended 31 December 2009.

The AGM re-appointed M/S Rohan Mah & partners as the Association's external auditors and M/S Allen & Gledhill as its honorary legal advisor for 2010/2011.

The Meeting unanimously re-appointed Mr. Teo Siong Seng, Mr. Patrick Phoon and Mr. Ong Kok Wah to the SSA Board of Trustees. Mr Aloysius Seow was also appointed as a new member to the Board of Trustees.

## COUNCIL

The SSA Council (2009/2011) comprises the following:

- **Mr. S. S. Teo**, Managing Director, Pacific International Lines (Pte) Ltd (**President**)
- **Mr. Patrick Phoon**, Deputy Managing Director, Evergreen Shipping Agency (Singapore) Pte Ltd (**Honorary Secretary & Chairman of General Affairs Committee**)
- **Mr. Eng Aik Meng**, President, APL Co Pte Ltd (**Honorary Treasurer & Chairman of Finance, Investment & Audit Committee**)
- **Mr. Aloysius Seow**, Chief Operating Officer, Ocean Tankers Pte Ltd (**Chairman of Services Committee**)
- **Mr. Esben Poullson**, Chairman, Avra Asia Pte Ltd (**Chairman of International Committee**)
- **Capt Bjorn Hojgaard**, Managing Director, Thome Ship Management Pte Ltd (**Chairman of Technical Committee**)

The Council met once every two months. It reviewed the reports of the two administrative committees and five operational committees, and decided on all major policy decisions for the Association.

## ADMINISTRATIVE & OPERATIONAL COMMITTEES

The Council is supported by two Administrative Committees and five Operational Committees.

### ADMINISTRATIVE COMMITTEE'S REPORTS

#### GENERAL AFFAIRS COMMITTEE

The General Affairs Committee was headed by the Honorary Secretary, Mr. Patrick Phoon. All matters relating to the Association's public relations, collaterals, social activities and the Secretariat's administrative affairs came under his area of responsibility.

#### • Membership

As of 15 June 2011, the Membership of the SSA stood at 401 members, of whom 241 are Ordinary Members, 160 are Associate Members and 3 are Individual Members. The Association also has 2 Honorary Members, namely, Mr. Yeo Cheow Tong and Mr. Ong Kok Wah. The Association welcomed 41 new members into the Association since the last AGM. During the same period, 16 members had resigned.

► YEG volunteers with beneficiaries from Society for the Physically Disabled

► YEG mini-golf networking event

#### • Young Executives Group Sub-Committee

The Young Executives Group (YEG) continues to enjoy strong support from SSA member companies. As of 15 June 2011, more than 780 young shipping executives have joined the YEG. Established in 2005, the main role of the YEG is to encourage young shipping executives to develop a greater awareness of and participation in the Association's activities with a view towards nurturing future leaders for the Association. Ms. Katie Men of Farglory Holdings Pte Ltd, Mr. Ng Ee Ping of Kontiki Shipping Pte Ltd and Ms. Agnes Chua of Island Shipbrokers Pte Ltd were elected as Vice Chairman, Secretary and Treasurer respectively by their fellow members to lead the YEG.

The activities of the YEG were focused in three main areas. They were Networking, Education and Community Outreach. Events were organized to suit the age group of the YEG.

The YEG Sub-Committee was chaired by SSA Honorary Advisor Ms. Seong Koon Wah Sun. Together with Honorary Secretary Mr. Patrick Phoon; they provided mentorship guidance to the YEG in their activities.

### • SSA Secretariat

The SSA Secretariat is supported by a staff of 9 which is headed by the Executive Director, Mr. Daniel Tan. Besides the SSA, the staff also provides a range of secretarial support to the Singapore Maritime Employers Federation (SMEF), the Federation of ASEAN Shipowners' Associations (FASA) and the Safe Navigation & Environment Committee of the Asian Shipowners Forum (ASF).

### • Corporate Communications

The Secretariat maintains the SSA website at <http://www.ssa.org.sg>. The site provides information on the Association's latest activities with regular updates on seminars, talks, courses, cocktail gatherings and latest shipping developments. Copies of SSA circulars and press releases are also posted immediately on the website.

The Association further publishes its bi-monthly newsletter, "Waves" which was distributed widely in an electronic form as well as hard copies to all SSA members and the maritime community at large.

Anniversary Gala  
Dinner

# SSA 25th Anniversary Celebrations

The 25th Anniversary of the Association was celebrated with pomp and pageantry at a Gala Dinner held at the Marina Bay Sands on 30 September 2010. The Guest of Honour was Deputy Prime Minister and Minister for Defence Mr Teo Chee Hean. The Second Minister for Finance and Second Minister for Transport, Mrs Lim Hwee Hwa also attended. Over 2,000 members, guests and associates also attended the 25th Anniversary Dinner, which was well featured in the local newspapers.

A special book on the Association's 25 years titled Unity in Diversity: The Story of SSA, 1985 – 2010, was published and launched to commemorate the event.

A record turn-out of over 2000 attendees at Marina Bay Sands Grand Ballroom.

### • Members' Networking Sessions

Besides the Annual Gala Dinner, the SSA also organised regular evening Cocktail Receptions for its members to interact and network. One reception was held in the beginning of the year to tie in with the Lunar New Year, another mid-year to coincide with the Annual General Meeting and the last, which was the year-end cocktail, just before Christmas.

The receptions are often well-attended by members and representatives from the shipping-related government departments.

The Association appreciates and thanks all the companies that generously sponsored the cocktails.

► The tradition of "lou hei" is not to be missed at every Lunar New Year Cocktail Reception!

Launch of Singapore Maritime Week 2011 at Suntec City Mall

#### • Relations with Local Bodies

In its efforts to promote the interests of its Members and to enhance Singapore's competitiveness as an International Maritime Centre, the SSA maintains strong working relationships with various relevant government agencies such as the Maritime and Port Authority of Singapore (MPA), the Singapore Customs (SC), the Immigration and Checkpoints Authority (ICA), the Republic of Singapore Navy (RSN), and the Police Coast Guard (PCG).

Where needed, dialogue sessions were conducted with these agencies to resolve industry-wide shipping problems and to ensure a common understanding of the needs and issues within the industry.

The Association is represented on the Boards, Advisory Committees and Working Committees of several government statutory departments. Some of these government agencies were likewise invited to participate as observers on the SSA Committees or Sub-Committees.

The Association further maintains close working relationships with other maritime stakeholders in Singapore such as the Singapore Maritime Officers' Union (SMOU), the Singapore Organisation of Seamen (SOS), the Singapore National Shippers' Council (SNSC), the Singapore Maritime Academy (SMA), Association of Singapore Marine Industries (ASMI), the Singapore Chamber of Maritime Arbitration (SCMA) and the Singapore Maritime Foundation (SMF).

The SSA is also a member of the Singapore Business Federation (SBF) and the Singapore Chinese Chamber of Commerce & Industry (SCCCI).

SNEC meeting in Singapore at Marina Mandarin

Representatives from Asian Classification Societies giving a seminar

#### • Relations with Foreign Bodies

Regionally, the SSA is an active member of the Federation of ASEAN Shipowners' Associations (FASA) and the Asian Shipowners Forum (ASF). In particular, SSA has worked closely with the ASF Permanent Office located in Singapore to address issues of concern to Asian shipping.

The SSA participated in the FASA 36th Annual General Meeting in Jakarta, Indonesia on 10 December 2010 and also the FASA 41st Executive Committee Meeting in Bali, Indonesia on 23 May 2011.

As a member of FASA, the SSA is chairman of the ASF Safe Navigation and Environment Committee (SNEC). The 19th and 20th Interim Meetings of the SNEC were held on 17 September 2010 and 18 March 2011 respectively.

At the 20th ASF held from 23 to 25 May 2011 in Bali, the SSA was represented by a 26-member strong delegation.

On the global scale, the SSA is a member of the International Chamber of Shipping (ICS). SSA also maintains good working relationships with various international organisations such as the International Maritime Organisation (IMO), the International Association of Independent Tanker Owners (INTERTANKO), the Baltic and International Maritime Council (BIMCO), International Association of Dry Cargo Shipowners (INTERCARGO), the International Group (IG) of P & I Clubs and the International Association of Classification Societies (IACS).

In its ongoing efforts to help safeguard ships and seafarers, the SSA also maintains strong working relationships with the Regional Agreement on Combating Piracy & Armed Robbery Against Ships in Asia (ReCAAP) Information Sharing Centre (ISC) and the multi-national Information Fusion Centre (IFC) based in Singapore.

In December 2010, SSA joined forces with other national, regional and international shipowners' associations to state its objections to the International Accounting Standards Board's (IASB) proposed revision to existing accounting standards that would remove the distinction between finance and operating leases and force shipowners that charter in tonnage to record period time charters as finance leases and place them on their balance sheets as liabilities.

In addition to the SSA's submission to the IASB, individual companies as well as other national and international shipping organisations had also submitted their concerns.

The IASB has since acknowledged the shipping industry's concerns and is in the process of revising its proposal. The Association will continue to monitor developments at the IASB.

Courtesy visit by BIMCO

## • Educational Awards and Bursaries

In keeping with its long-standing tradition, the Association continued to provide academic awards to deserving top graduates of the Singapore Maritime Academy's maritime diploma courses, namely the Diploma in Marine Engineering, the Diploma in Nautical Studies and the Diploma in Maritime Transport and Technology.

One deserving student from the Nanyang Technological University B.Sc. (Maritime Studies) also obtained the \$5,000 SSA Travel bursary to defray the costs of his study semester in Norway.

In February 2011, the Maritime and Port Authority of Singapore (MPA), National Trades Union Congress' e2i (NTUC Employment and Employability Institute) and Workforce Development Agency (WDA) jointly launched the new Certificate of Competency (COC) (Special Limits) programme for training Singaporeans and Permanent residents to work on harbor craft as deck officers. The three organizations in partnership with SSA's affiliated bunkering companies will collectively contribute over \$2.3 million to support the course fees and training allowances of these trainees. In recognition of the Association's efforts, the SSA was presented with the NTUC 50 Model Partnership Awards (Institutional Category) as a recognised partner along with MPA, WDA and Singapore Maritime Academy (SMA), for the CoC (Special Limits) Officers Programme on 21 May 2011.

Capt Mark Heah (far left), Chairman of the SSA Training & Development Sub-Committee, accepting the award on behalf of SSA

## • Talks & Seminars

Given the dynamic, ever-changing nature of the maritime sector, the Association regularly organises talks and seminars to keep its members informed and up-to-date with the latest developments in the shipping industry by inviting distinguished and highly-qualified speakers to share their experiences and expertise.

These talks and seminars are very well-received as they not only serve to update the participants with the current trends and developments in the shipping world, but also offer an opportunity for them to network with the shipping fraternity.

**List of Forums, Talks & Seminars**

**June 2010 – June 2011**

- 15 JULY 2010**  
Seminar on "Challenges for the Shipping Industry - The ICSISF Perspective"  
Speakers:  
**Mr. Peter Hincliffe** – Secretary General, International Chamber of Shipping.  
**Mr. John Murray** – Senior Marine Adviser, International Chamber of Shipping.
- 21 JULY 2010**  
Tripartite Forum on Maritime Labour Convention  
Speakers:  
**Mr. Sim Li Chuan** – Head (Tripartite Promotion & International Labour), Labour Relations & Workplaces Division, Ministry of Manpower.  
**Mr. Mark Lim** – Deputy Director, Shipping Division, Maritime and Port Authority of Singapore.  
**Capt. Yeow Kok Kean** – Director, Talent Management, Neptune Shipmanagement Services (Pte) Ltd.  
**Ms. Mary Liew** – Executive Secretary/Deputy Executive Director, Singapore Maritime Officers' Union & 1st Vice President, Singapore Council of Women's Organisations.
- 4 OCT 2010**  
Tea Talk on New Regulations of OPA 90 VRP (Vessel Response Plan) by Resolve Marine Group  
Speaker:  
**Capt. Farhat Imam** – Chief Operating Officer, Resolve Marine Group.
- 11 OCT 2010**  
MPA-SSA Maritime Forum on "Maritime Safety in the Traffic Separation Scheme of the Singapore Straits"  
Speakers:  
**Capt. I G Sangameswar** – Senior Assistant Director (Training Standards), Maritime and Port Authority of Singapore.  
**Capt. Foong Yee Kuan** – Assistant Director (Ship Investigation), MPA.  
**Mr. Krishnan Emayavaramban** – Assistant Director (Port Security), MPA.  
**Capt. Henry Heng** – Deputy Port Master, MPA.  
**Capt. Low Mun Sing** – Controller (Maritime Safety & Environment), MPA.  
**Ms. Trillion So** – Audit Partner, PricewaterhouseCoopers LLP.  
**Mr. Lee Chian Yern** – Advisory Partner, PricewaterhouseCoopers LLP.  
**Ms. Ho Mui Peng** – Tax Partner, PricewaterhouseCoopers Services LLP.
- 15 OCT 2010**  
Tea Talk on "New Wave of Changes in Financial Reporting Standards Impacting the Shipping Industry" by PricewaterhouseCoopers LLP
- 20 OCT 2010**  
Tea Talk on "Embracing Health, Safety, Security and Environment Strategies - A Journey to Long Term Success"  
Speakers:  
**Capt. George Solomon** – Director (Global Security & Environment), Neptune Orient Lines.  
**Ms. Swinnie Shum** – Director (Corporate Administration), Neptune Orient Lines.  
**Mr. William M. Bradshaw** – Senior Risk & Reliability Engineer, ABS Consulting.
- 29 OCT 2010**  
Dialogue Session by IMO on Market-based Measures (MBMs) to Address GHG  
Speakers:  
**Mr. Andreas Chrysostomou** – Chairman of the MEPC, Head of Cypriot Maritime Policy & Standards.  
**Mr. Christian Brienholt** – Vice-Chairman of the MSC, Deputy Director-General, Danish Maritime Authority.  
**Mr. Sveinung Oftedal** – Chairman of the BLG Sub-Committee, Senior Adviser, Norwegian Ministry of the Environment.
- 29 NOV 2010**  
Tea Talk on "The Oil Majors' Vetting Process for Vessels - What You Need to Know?"  
Speaker:  
**Sir Ian Hunter** – Senior Executive, Hudson Companies & President, Hudson Systems.
- 27 JAN 2011**  
Tea Talk on "Economic & Foreign Exchange Outlook 2011"  
Speaker:  
**Mr. Joseph Tan** – Director & Chief Economist, Private Banking Division, Credit Suisse.
- 28 JAN 2011**  
Explanatory Session for the Singapore Ship Sale Form  
Speaker:  
**Ms. Ticy Thomas** – Research Analyst, Centre for Maritime Studies, National University of Singapore.
- 18 MAR 2011**  
Safe Navigation and Environment Protection Seminar  
Speakers:  
**Cdr Ashish** – Manager (Research), ReCAAP ISC.  
**LTC Nicholas Lim** – Head, Information Fusion Centre.  
**Mr. Shin Jeong-do** – Chairman of WG BWMM/GHG, Asian Classification Societies.  
**Mr. Han Gil-Yong** – Ex-Member of TMG, ACS.
- 20 APRIL 2011**  
Tea Talk on "Overview of IMO: MPA's Effort to Champion & Protect Singapore Maritime Interest"  
Speaker:  
**Mr. Zafrul Alam** – Assistant Director (Shipping Regulation & Development), Maritime and Port Authority of Singapore.
- 6 MAY 2011**  
MPA-SSA Maritime Forum on Enhancing Maritime Safety  
Speakers:  
**Mr. Chan Keng Nee** – Deputy Director, Vessel Traffic Management Department, Maritime and Port Authority of Singapore.  
**Mr. Yee Cheok Hong** – Group Director (Policy and Planning), MPA.  
**Capt. Jamaludin Bin Jafar** – Senior Marine Surveyor, Ship Investigation Department, MPA.  
**Ms. Farrah Mohd Fadil** – Assistant Director, Maritime Security Department, MPA.  
**Mr. Gerald Loh** – Assistant Director, Marine Services Department, MPA.

## ★ FINANCE, INVESTMENT & AUDIT

Led by the Honorary Treasurer, Mr. Eng Aik Meng, the Finance, Investment and Audit Committee oversees all matters pertaining to the Association's finances, investments, accounts audit and surplus funds of the Association.

Based on the Auditor's report on the Accounts of the Association for the financial year ended 31 December 2010, the Association is financially strong.

## OPERATIONAL COMMITTEE'S REPORTS

### ★ INTERNATIONAL COMMITTEE

Councillor Mr. Esben Poulsen was the Chairman of this International Committee.

A summary of the main issues that were addressed by the Committee during the period in review is as follows:

#### ♦ Global Competition Developments

In light of the international nature of the shipping industry, the Committee monitored closely the competition law developments in several countries which included China, Hong Kong, India, the United States and the European Union.

#### ♦ Singapore Competition Developments

In 2006, the provisions on anti-competitive agreements, decisions and practices and abuse of dominance for the Singapore Competition Act 2004 came into force. Subsequently, the Competition Commission of Singapore (CCS) granted a Block Exemption Order (BEO) for Liner Shipping effective from 1 January 2006, to last for a period of 5 years.

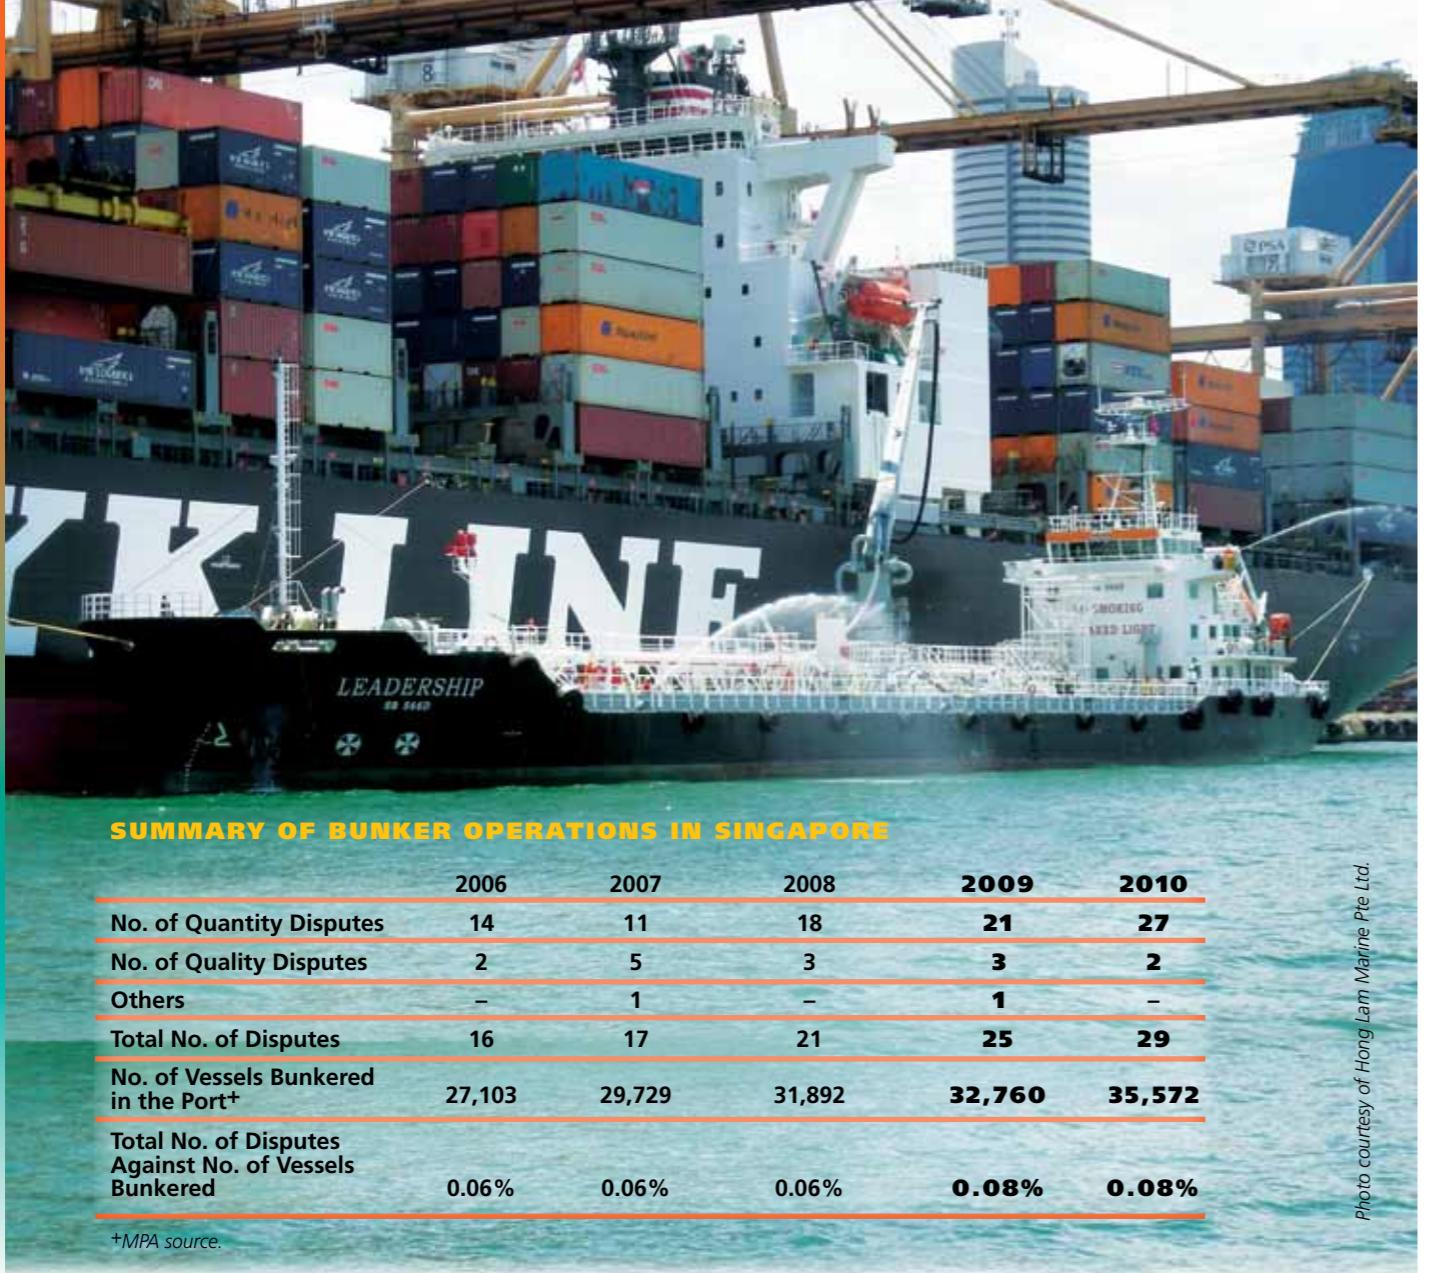

In anticipation of the expiry of the BEO for liner shipping conferences on 31 December 2010, the Association initiated a Competition Working Group to liaise and discuss with the CCS on the economic loss to Singapore as a shipping hub and international maritime centre should the CCS decide not to renew the BEO.

SSA was pleased that the Minister for Trade & Industry had announced on 16 December 2010 to exempt liner shipping agreements relating to liner shipping services from Section 34 of the Competition Act (Cap 50 B) for another 5 years until 31 December 2015. The extension of the BEO will allow Singapore to continue to provide a stable, regulatory environment for shipping lines to call and operate out from Singapore.

This was a positive outcome after a year of extensive consultations between the SSA and the CCS.

Photo courtesy of Rickmers Trust Management Pte Ltd.

## ★ SERVICES COMMITTEE

Chaired by Councillor Mr. Aloysius Seow, this Committee oversees the activities of Bunkering, Cruise shipping, Ship Operations & Port Services, and Shore Staff Training & Development.

### ♦ Bunkering Sub-Committee

The Bunkering Sub-Committee, chaired by Mr. Kan Hoi Yuen of Shell Eastern Trading (Pte) Ltd, works closely with the MPA to enhance the development of the bunkering industry in Singapore.

### ♦ Singapore Standard for Mass Flow Meters

The Sub-Committee monitored closely the development by Spring Singapore and the MPA of the processes and procedures to develop a new Singapore Standard on the use of mass-flow meters as a voluntary option for the measurement of bunkers delivered by bunker tanker.

### ♦ Framework to Encourage Singaporeans to Serve on Port Limit Vessels

In view of the chronic shortage of trained seafarers facing the industry, the members of the SSA harbor craft community worked closely with the MPA and other stakeholders to introduce a new framework to train Singaporeans to serve as deck officers aboard port limit vessels. SSA is pleased that its harbor craft operators were able to commit and provide berths for the initial batch of cadets during their sea-phase training.

Whilst the SSA welcomed the launch of the programme in April 2011, it hopes that the MPA will develop a similar training framework to produce ships' engineers for the harbour craft industry.

### ♦ Blending on Board

The Sub-Committee continued to consult with MPA with a view towards developing Singapore's position on an IMO proposal to prohibit blending at sea which included

the development of mandatory provisions for bunkering activities outside territorial waters.

The SSA is pleased that the IMO has provided clear guidance on the prohibition of physical blending on board of petroleum oil and bio-fuels during a sea voyage to create new product, as indicated in MSC-MEPC.2/Circ.8 Prohibition of Blending MARPOL Cargoes on Board during the Sea Voyage.

### ♦ Bunkering in Singapore

Singapore is the largest bunkering port in the world with more than 40.9 million tonnes of bunkers delivered in 2010. Singapore bunker suppliers are reputable for their efficient and reliable services to shipowners whose ships take bunker from the port of Singapore. The incidence of bunker disputes is insignificant.

### ♦ Cruise Sub-Committee

Chaired by Mr. Frankie Tan of Wallem Shipping (S) Pte Ltd, the Cruise Sub-Committee works closely with the MPA, the Immigration and Checkpoints Authority (ICA) and the Singapore Tourism Board (STB) to develop and enhance the Singapore cruise shipping industry.

Besides addressing operational issues of concern raised by port agents, the Sub-Committee has worked closely with all the relevant stakeholders to ensure that there are sufficient berths for international cruises calling at Singapore.

Anticipating the completion of the new International Cruise Terminal (ICT) at Marina South in early 2012, the Sub-Committee also consulted with the STB and the MPA on a framework to allocate berths to cruise ship calling at either the ICT or the Singapore Cruise Centre (SCC) so as not to disrupt cruise ship operations.

Photo courtesy of BW Maritime Pte Ltd.

#### ♦ Ship Operations & Port Services Sub-Committee

The Ship Operations Sub-Committee is chaired by Mr. Kek Beng of MOL (Singapore) Pte Ltd. The Sub-Committee works closely with the MPA, the ICA, terminal operators and other service providers to overcome any problems associated with ship operations and port services in Singapore.

#### ♦ Singapore Port Dues

As part of Government's Economic Resilience Package for Budget 2009, MPA introduced a 10 per cent port dues concession for all ocean going ships with a port stay of not more than 10 days, and a 20 per cent port dues concession for harbour craft from 1 Apr 2009 to 31 Mar 2010. This was later extended to 30 September 2010.

Following consultation with the Association, the MPA decided to extend the port dues concession for all ocean-going ships with a port stay of not more than 10 days by 5 per cent, for another six months expiring 31 March 2011. Harbour craft, with the exception of pleasure craft for personal use, were granted 10 per cent port dues concession till 31 March 2011.

#### ♦ Compulsory Pilotage & Potential Dangers to Navigation

The Sub-Committee noted concerns by members about safety of navigation and increased incidence of near misses as a result of congestion in Singapore's anchorages.

In light of this, it was proposed that, so long as pilotage service levels are maintained, SSA would support the MPA's introduction of compulsory pilotage requirement for vessels entering and leaving Singapore's bunkering anchorages by MPA.

#### ♦ Training & Development Sub-Committee

The Training & Development Sub Committee is chaired by Capt. Mark Heah of Jardine Shipping Agencies. The role of the Sub-Committee is to assist shipping staff in upgrading their professional skills, and to support and cooperate with other educational institutions in providing executive training courses for the shipping industry.

The Sub-Committee continues to update and renew the courses offered under its Executive Development Program to ensure the courses remain relevant in today's market.

During the past year, a 1-day course on the Maritime Labour Convention (MLC 2006) was launched to help prepare shipping companies in their implementation of the MLC before the Convention comes into force.

## The SSA

now runs 14  
courses under  
its Executive  
Development  
Programme

Singapore Shipping Association  
Executive Development  
Programme

Singapore Shipping Association  
Executive Development  
Programme

2010

Short Training Courses  
for the Maritime Community  
in Shipping, Shipbroking, Bunkering,  
Crew Management and many more!

2011

Short Training Courses  
for the Maritime Community  
in Shipping, Shipbroking, Bunkering,  
Crew Management and many more!

The SSA now runs 14 courses under its Executive Development Programme, namely:

- Introduction to Shipping
- Principles of Shipping Operations & Practices
- Principles of Shipping Documentations & Practices
- Understanding Import/Export Techniques and Documentation
- Principles of Shipbroking and Chartering
- Shipping Law & Disputes
- Compliance of the IMDG Code for Transport of Dangerous Goods
- Container Management
- Marine Insurance
- Effective Written Communication in the Shipping Industry
- Basic Course on the Code of Practice for Bunkering (SS600:2008)
- Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter 1 – for Cargo Officers)
- Crew Operations Management
- Maritime Labour Convention 2006 – The Concise Perspective

In 2010, a total of 965 people attended courses run by the SSA. The Association further co-operates with the MPA and the SMA on other programmes, such as the:

- Certificate of Performance (COP) Programme
- Diploma in Ship Operations & Management (DSOM)

#### ♦ Course Fee Subsidies

With the termination of the Skills Programme for Upgrading and Resilience (SPUR) funding scheme on 31 December 2010, the Association successfully obtained Maritime Cluster Fund subsidies for most of its courses under the SSA Executive Development Programme 2011, albeit at a reduced level.

## ★ TECHNICAL COMMITTEE

Councillor Capt. Bjorn Hojgaard is the Chairman of the Technical Committee. Capt. Hojgaard has two sub-committees under his care, namely the Maritime Security Sub-Committee and the Tanker Sub-Committee.

A summary of the main issues that have been addressed by the Committee and its Sub-committees during the period in review is provided below:

### ♦ Greenhouse Gases – Market-Based Measures (MBMs)

Further discussions on MBMs were held at the IMO third intersessional meeting on GHG emissions from ships (GHG-WG 3) from 28 March to 1 April 2011.

Whilst the intersessional meeting had, among other things, examined the principle and provisions of the MBMs in relation to the relevant IMO Conventions, it also evaluated the impact of the MBMs on specific aspects of international trade. The Technical Committee, however, reiterated its support for an incentivised levy/compensation fund-based system rather than an emissions trading scheme, as a levy-based system is the one that would most likely ensure a level playing field whilst avoiding serious market distortion.

Whereas an emissions trading scheme will result in unnecessary complications, an incentivised levy/compensation fund-based system will be simpler to manage and more transparent.

The SSA will continue to monitor and intervene, where necessary, in the discussions at the IMO.

### ♦ Ballast Water Convention 2004

The Convention aims to prevent the potentially devastating effects of the spread of harmful aquatic organisms carried by ships' ballast water from one region to another.

It will require all ships to implement a Ballast Water and Sediments Management Plan. All ships will have to carry a Ballast Water Record Book and will be required to carry out ballast water management procedures to a given standard. Existing ships will be required to do the same, but after a phase-in period.

The Convention will enter into force 12 months after ratification by 30 States, representing 35% of world merchant shipping tonnage. As of 28 February 2011, 27 States representing 25.32% of world shipping tonnage have ratified the Convention.

As of October 2010, the MEPC has granted 27 Basic Approvals and 18 Final Approvals to various ballast water management systems, with a further 7 Basic Approvals and 4 Final Approvals to be considered at the 62<sup>nd</sup> MPEC.

### ♦ Mandatory Carriage of ECDIS

With effect from 1 July 2012, SOLAS vessels will have to comply with the amendments to SOLAS regulation V/19 which make the carriage of Electronic Chart Display and Information System (ECDIS) under SOLAS Chapter V Safety of Navigation mandatory as proposed by NAV 54.

Whilst the Committee welcomed the mandatory carriage of ECDIS, it stressed that industry would have to address a number of issues to facilitate the shift from paper to electronic charts. Among other considerations, it would be necessary to review and establish clear company policies on ECDIS, train ships' officers, review bridge procedures and to select a service provider that can meet the company's needs.

### ♦ Maritime Security Sub-Committee

Chaired by Capt. George Solomon of Neptune Orient Lines Ltd, the Sub-Committee worked closely with the MPA, the ReCAAP Information Sharing Centre (ISC), the Republic of Singapore Navy (RSN) and other maritime security providers to discuss proposed measures and submissions concerning maritime security and to make appropriate recommendations, including practical measures, to improve security arrangements for ships.

The Sub-Committee analysed the latest situation of piracy and armed robbery that threatened international shipping around the world. With statistical and situational reports from the International Maritime Bureau (IMB) and the ReCAAP ISC, the Sub-Committee studied the modus operandi of the pirates.

The Association expressed great anger and outrage at the increasing number of attacks on merchant ships and also the brutality shown by Somali pirates. In 2010, attacks by Somali pirates accounted for almost 50% of all attacks worldwide.

Whilst the Association maintain its strong stance that all governments must act decisively and expeditiously to eradicate piracy and attacks on ships, it also acknowledged that industry must also be prepared to do its part. The Association therefore urged all member companies to comply fully with the voluntary Best Management Practices (BMP) promulgated by the International Maritime Organisation and industry associations.

Despite the measures contained in the BMP, the Association observed that some shipowners have opted to engage private armed guards aboard their vessels to safeguard their seafarers. In this regard, the Association supported MPA's submission calling for the IMO to discuss the development of guidance for shipowners and ship operators on the employment of private armed security service providers onboard their ships to deter and counter piracy in the Gulf of Aden, the Indian Ocean and the Arabian Sea.

In addition to the threat of Somali pirates, the Sub-Committee also monitored very closely the situation in other parts of the world, such as the west coast of Africa and the South China Sea.

All governments must act decisively and expeditiously to eradicate piracy and attacks on ships, industry must also be prepared to do its part.

*Official launch of Singapore Ship Sale Form at Singapore Maritime Foundation's New Year Cocktail on 6 January 2011*

#### ♦ **Tanker Sub-Committee**

The Tanker Sub-Committee was chaired by Capt. Surendra Dutt of Anglo-Eastern Shipmanagement (Singapore) Pte Ltd. The Sub-Committee engaged itself in discussion mainly on issues emerging from the IMO and some local operations.

#### ♦ **Shore Leave for Seafarers**

In response to reports that a number of terminals in Singapore are not complying with shore leave requirements as put forward by IMO and ILO Conventions, the SSA requested for a meeting in July 2010 with the MPA and the oil terminal operators to discuss how best to reconcile STCW, MLC and ISPS requirements to facilitate shore leave for ships' crew. It was agreed that all stakeholders will work together to develop a set of Standard Procedures for application of crew change/crew leave. In consultation with INTERTANKO, SSA presented a set of draft standard procedures to MPA for consideration. The MPA agreed to work directly with the terminals to streamline the procedures, making allowances for commercial practices.

During the course of the consultation process, the oil and petrochemical terminal operators indicated their

preference for an amendment to an existing form (MPA Port Marine Circular No. 21 of 2006) instead of the creation of a new form. MPA has further informed SSA that its intent is to ensure that the application process will be transparent to local agents.

#### ♦ **Emergency Towing-Off Pennant**

The Sub-Committee noted that Lloyds' Register (LR) had completed an OCIMF-commissioned assessment of the Emergency Tow-Off Pennant Systems (ETOPS) onboard Tank Vessels, recommending that ETOPS be eliminated from general use and that they should not be generally considered essential equipment for vessel safety.

In its efforts to seek MPA's support with a view towards removing the need for ETOPS in Singapore waters, MPA has informed the Association that not all terminals are supporting OCIMF's recommendation.

As such, MPA suggested that SSA and OCIMF might further engage the terminals that have not expressed support for the removal of ETOPS.

#### ★ **LEGAL & INSURANCE COMMITTEE**

Councillor Nicholas Sansom was appointed by the Council to chair the Legal & Insurance Committee following his co-option back into the Council as a result of the resignation of Mr. Ragnar Nielsen from the Council in February 2010. He took the chair since 10 May 2010.

Provided below is a summary of the main issues that have been addressed by the Committee during the period in review:

#### ♦ **Rotterdam Rules**

22 countries representing 25% of the world's trade have signed the Rotterdam Rules as a mark of intent, but only Spain has so far ratified the Rotterdam Rules.

The Committee has noted that most Asian states either favour a status quo position or have indicated strong opposition to the adoption of the Rotterdam Rules. The Legal & Insurance Committee therefore advises that Singapore defer ratification of the Rotterdam Rules until there are clear indications that China, the EU and/or the US will ratify it.

The Association upholds the Committee's views that Singapore should adopt a wait-and-see approach and not rush into ratifying the Convention.

#### ♦ **Singapore Ship Sale Form**

The Committee has worked closely with the SMF and other stakeholders, providing comments when developing the Singapore Ship Sale Form.

Following the adoption of the final draft of the Form in 2010, the Association has strongly supported events leading up to the official launch of the Ship Sale Form on 6 January 2011.

#### ♦ **People's Republic of China (PRC) Marine Pollution Regulations**

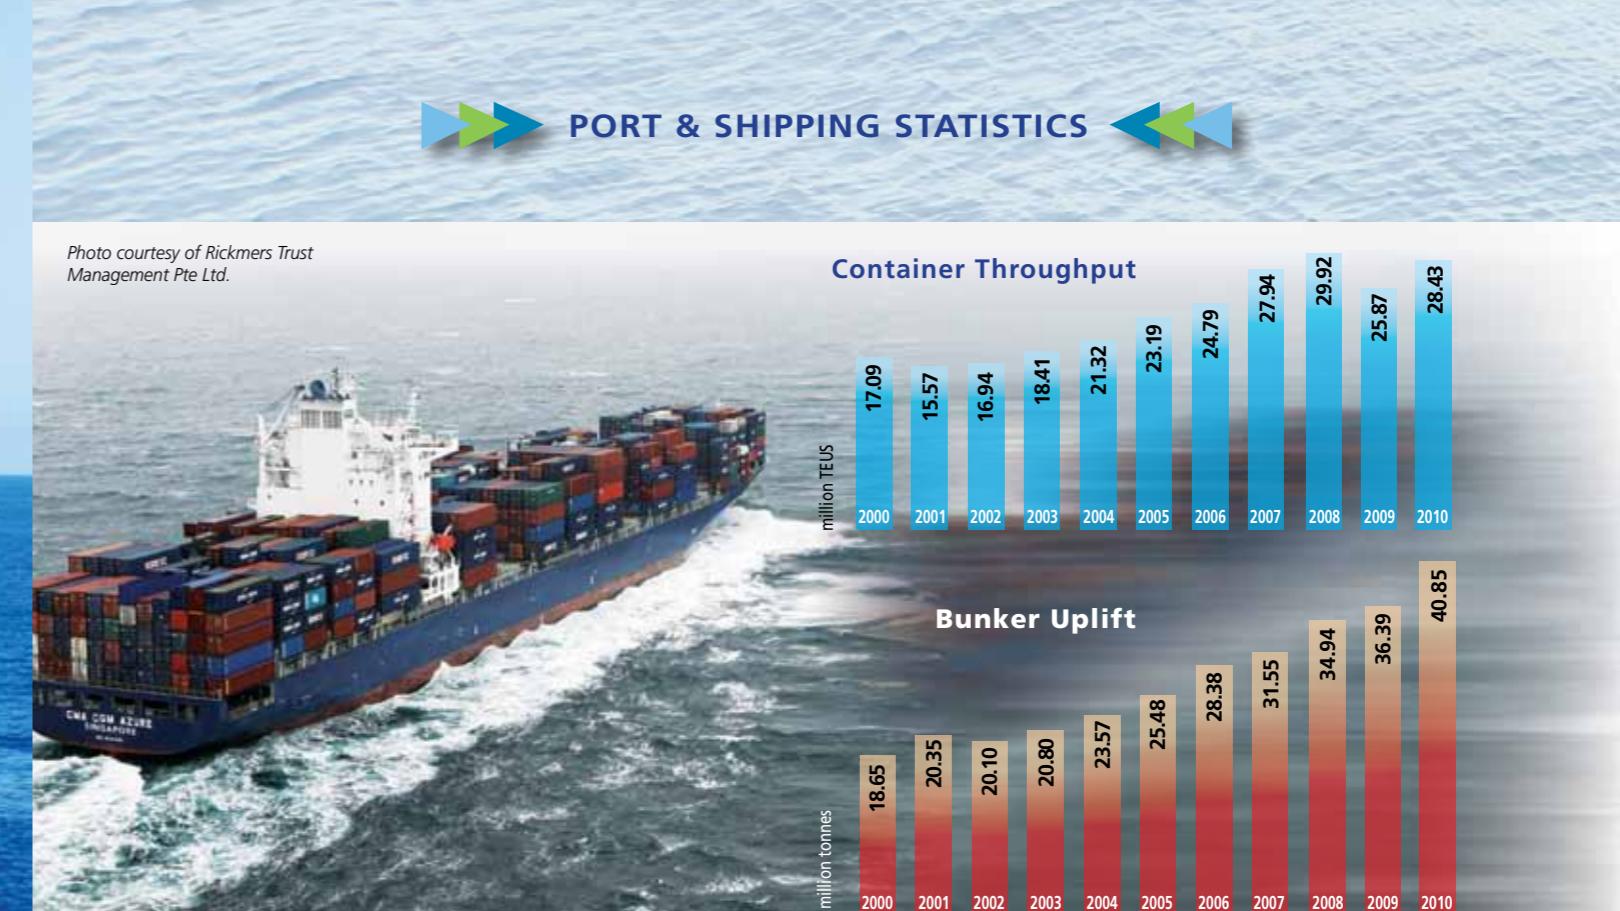

The Committee monitored developments relating to the PRC regulations on the prevention and control of marine pollution from ships (State Council Decree (No.561)) which entered into force in China on 1 March 2010.

Working together with the other SSA Operational Committees, the Committee continued to seek clarification on the actual implementation guidelines on the PRC regulations.

Detailed rules for implementation have now been issued by China's Maritime Safety Administration (MSA), requiring that ship operators engage an approved clean-up contractor in China with effect from 1 January 2012. Nonetheless, members will be requested to wait for the formal publication of a list of approved contractors by MSA before entering into any contractual agreement.

## ★ OFFSHORE SERVICES COMMITTEE

Councillor Capt Brian Townsley was appointed by the Council to form an Offshore Services Committee on 10 May 2010 to address issues of concern to the offshore sector and with a view to establishing Singapore as a centre for the offshore industry in Asia. The Committee was officially formed on 16 July 2010. Provided below is a summary of the main issues that have been addressed by the Committee during the period in review:

### ◆ Safety & Statistics

The Committee agreed to share and collate statistics relating to accidents aboard offshore vessels, study the root causes of the accidents, share the lessons learned and promulgate industry best practices.

It was further agreed that the data shared would be for the sole use of Committee members only, and any reports and case studies presented should be used to study the causes of the incident, rather than naming and blaming the parties involved.

### ◆ Dynamic Positioning Accreditation

The Committee noted that the Deepwater Horizon incident in April 2010 may prompt an increased awareness in the importance of Dynamic Positioning (DP).

In particular, it was noted that International Marine Contractors' Association (IMCA) and OCIMF are currently in the process of developing procedures for the certification and validation of DP accreditation, in anticipation of eventual development by the IMO.

The Committee expressed concerns, however, that the IMO Code of Safety for Special Purpose Ships (2008 SPS CODE) only provides a very rough draft on DP accreditation, there is no unified interpretation for DP Class 1 through DP Class 3, and there are currently DP Officers (DPOs) with no maritime experience serving aboard ships.

In the interest of navigational safety and environmental protection, the Committee strongly agreed that DP should only supplement, not replace actual seagoing experience, and the DPO should be a qualified deck officer. Furthermore, Engineers and Electricians should be trained in maintenance of the DP system.

The Committee will continue to monitor developments relating to DP accreditation.

### ◆ Piracy & Maritime Security

In view of the unique nature of the offshore services sector, the Committee expanded on the work of the Maritime Security Sub-Committee and shared best practices and proposed measures that worked best for offshore services vessels.

## Quality Products and Services YOU CAN DEPEND ON

We understand that quality and on-time delivery are the top priorities of our customers.

We offer a range of quality bunker fuels that caters to different needs of our customers. We provide on-time delivery to vessels within and outside Singapore Port Limit. Our storage facilities at Jurong Island and offshore floating storage equip us to maintain adequate inventory of quality bunker fuel at all times. These multiple refilling points and our dedicated fleet of 11 MPA-certified bunker barges ranging from 500 to 12,000 DWT allow us to respond effectively to last minute requirements or changes in delivery schedule. Having vast experience in complex bunker supply operations, we can supply to vessels of all types and sizes including offshore rigs, FPSOs, ships in dry dock, cruise ships and navy vessels.

# OON & BAZUL

Oon & Bazul is one of the leading commercial law firms in Singapore which has been consistently rated amongst the best by respected legal industry publications. The reason for the firm's success is our commitment to providing clients with high quality, personalized and cost effective services.

Our capabilities in handling the full range of shipping work coupled with our multi-jurisdictional expertise has positioned our admiralty and shipping practice as one of Singapore's best.

## PRACTICE AREAS

- Litigation & Dispute Management
- International Arbitration
- Corporate Restructuring & Insolvency
- Fraud & Asset Recovery
- Corporate & Conveyancing
- Employment
- Private Client Services

## INDUSTRY SECTORS

- Admiralty & Shipping
- International Trade
- Aviation
- Banking & Finance
- Oil & Gas
- Projects & Real Estate
- Insurance & Re-insurance

## Awards & Accolades

Oon & Bazul has an "enviable understanding of international trading and shipping" and fields a dedicated marine insurance practice that is "without peer in Singapore".

Partner Bazul Ashhab is a leading individual in shipping practice and is admired for his "quick intellect and grasp of material issues". He "brings a London-style approach to local matters".

Partner Oon Thian Seng is commended by clients for being "practical, commercial and (delivering) value".

Partner Goush Marikan is known in the market as "knowledgeable in dealing with collision and other casualty work."

Partner Kelly Yap is known to provide "practice advice".
