When it comes to commercial bunker management support, DNV Petroleum Services is the name trusted by ship operators around the world.

With five-strategically located laboratories, round-the-clock technical and customer service assistance, and a dedicated team of specialists delivering Total Fuel Management Solutions, we can help you achieve measurable improvements to fuel efficiency, environmental performance, crew competence and cost savings.

From the planning of long-term bunker strategies to smooth fuel deliveries and safe consumption, our services are tailored to your specific needs.

At DNV Petroleum Services, we're setting the global standards in marine fuel management.

Our quality and integrity is your best assurance.

SSA Mission Statement

As an Association

The Association will protect and promote the interests of its members. It will undertake activities on shipping matters which are beneficial to its members.

For the Industry

The Association will take the view of the shipping industry as a whole. It will play its due role to promote the interests of shipping in Singapore, ASEAN, Asia and the world. To do so, the Association will co-operate with other shipping organisations, in ASEAN, Asia and elsewhere.

For Singapore

The Association will work closely with the government of Singapore to protect the extensive maritime interests of Singapore and to promote Singapore as a major port and international maritime centre.

For International Shipping

The Association will co-operate with governmental and non-governmental organisations to promote freedom of the sea, safety at sea and to protect the marine environment.

The President's Report

Mr. Patrick Phoon,
President, Singapore Shipping Association

2011 has been a very difficult year for the shipping industry. The second half of 2011 saw a slight recovery in the shipping market but this was short-lived. Soaring oil prices, turmoil in global financial markets and the threat of overcapacity have dampened any prospects of recovery. As a result, these developments have adversely affected the whole shipping industry. Shipping rates have dropped substantially, services reduced and vessels laid up. Many shipping companies consequentially have suffered hefty losses whilst some others have regretfully gone under.

New signs of economic weakness are surfacing in Brazil, China, the EU, India, South Africa and the United States, and are darkening the economic outlook for 2012. These developments have prompted the Organisation for Economic Co-operation and Development (OECD) to cut its growth forecast for developed economies. The International Monetary Fund (IMF) also sees the global economy growing more slowly than last year's rate of 3.9%.

Our industry is a cyclical one, however – we have all weathered rough seas before, and I am confident that we will emerge from the current turbulence stronger and more resilient to seize the abundant opportunities that await us.

International Maritime Developments

Shipping is a global industry. Besides the depressed global economy and freight market, our Association has focused on a number of other issues in the past year.

Piracy and Armed Robbery

The ongoing threat of pirate attacks off the coast of Somalia and in the Gulf of Aden continues to remain a topic of real concern. For over half a decade, these criminals have held the world economy and international shipping hostage and putting the lives of our seafarers at risk.

The Association welcomed the EU Naval Forces' strike against Somali pirate logistics base ashore on 15 May

2012 as long-overdue, but a step in the right direction. The effort must be sustained, however! Furthermore, any effective strategy must also address the root causes of the piracy problem. Establishing a stable and credible government in Somalia will help provide job security and employment for young Somalis, keeping them off such illegal activities.

In the absence of any long-term solution, however, SSA members whose ships are transiting the treacherous waters have been strongly advised to comply fully with the 4th Edition of the Best Management Practices for protection against Somalia based piracy developed by various industry organisations.

SSA's owners and managers have also expressed great concern at increased instances of pirate attacks and ship hijacks in the waters off the coasts of Benin and Nigeria. It was extremely unfortunate that a ship belonging to one of our members was attacked recently.

Closer to home, the Association has developed very strong relationships with the Regional Cooperation Agreement on Combating Piracy & Armed Robbery against Ships in Asia (ReCAAP) Information Sharing Centre (ISC) and the

“Our industry is a cyclical one, however – we have all weathered rough seas before, and I am confident that we will emerge from the current turbulence stronger and more resilient to seize the abundant opportunities that await us.”

Information Fusion Centre (IFC) as part of our strong commitment to enhance safety and security for ships operating in Asian waters. We are pleased to note that there had been a significant drop in piracy incidents in South-East Asian waters. The ongoing sea and air patrols, and the vigorous prosecution of captured pirates by the enforcement agencies in neighbouring countries have worked well to ensure the safety and security of passing ships in the Straits of Malacca and Singapore.

Atmospheric Emission From Ships

Focusing on environmental issues, I would like to emphasise once again that ships emit less than 4% of the CO2 emission globally as compared with other industries. Nevertheless, shipping is strongly committed to the protection of life and property at sea, and to the preservation of a pollution-free marine and atmospheric environment.

In June last year, the IMO adopted amendments to MARPOL Annex VI which will give effect to mandatory measures to be implemented by shipowners to reduce emissions of greenhouse gases (GHGs) from international shipping. SSA welcomed the adoption of these measures which represent the first ever mandatory global GHG reduction regime for an international industry sector. SSA also welcomed the IMO's adoption of guidelines intended to assist in the implementation of these measures, which will enter into force on 1 January 2013. These decisions by the IMO demonstrate that the IMO is eminently capable of delivering a global solution for shipping that has clearly defined short and long term goals that are realistic, pragmatic and implementable.

SSA also maintains that the IMO should continue to serve as the only forum to discuss any regulatory measures that would control GHG emissions from ships. It further maintains that any measures adopted should demonstrate effective and substantial reduction of total GHG emissions.

“We are pleased to note that there had been a significant drop in piracy incidents in South-East Asian waters. The ongoing sea and air patrols, and the vigorous prosecution of captured pirates by the enforcement agencies in neighbouring countries have worked well...”

“In spite of the global economic downturn, Singapore’s maritime industry continued to grow, supported by strong intra – Asia trade. Singapore has remained a major hub port with 127,000 ships totaling over 2 billion gross tons (GT) calling in 2011.”

Ballast Water Management (BWM) Convention

Our Association is also monitoring very closely the developments on the Ballast Water Management (BWM) Convention. Many SSA members have cast serious doubts on the availability of ballast water treatment systems which can be universally applicable for all ship types and operating patterns. The current systems have only been tested under controlled laboratory conditions, and uncertainties still exist with regard to sampling, testing methodologies and procedures. This, as a result, has made it difficult for operators to train ships’ crew in their use. The installation of these treatment systems may also have the unintended consequence of increasing a vessel’s carbon footprint.

Maritime Labour Convention 2006

Expectations are that the Maritime Labour Convention (MLC 2006) will meet its entry into force requirements by the end of 2012, which will effectively put it into force one year later.

As such, ship operators and ship managers must ensure that they are ready and fully competent to implement and comply with the MLC standards. To this end, SSA will be organising another national workshop in the later part of August this year to bring all members up to mark on the requirements. I will expect strong participation from all the members.

Singapore Maritime Developments

In spite of the global economic downturn, Singapore’s maritime industry continued to grow, supported by strong intra – Asia trade. Singapore has remained a major hub port with 127,000 ships totaling over 2 billion gross tons (GT) calling in 2011. The Port of Singapore has also handled more than 29 million TEUs of containers in 2011. Being a quality register, the Maritime and Port Authority of Singapore (MPA) has attracted more than 4,100 vessels totaling more than 59 million gross tonnes into the Singapore Registry. The Singapore bunkering industry also performed well, delivering more than 43 million tonnes of bunkers last year.

Our Association

I am very encouraged that many shipping and related companies still find the SSA a very useful Association to join for networking and to enhance their businesses. Our membership has grown very impressively in the past year. As of 1 June 2012, the SSA membership stood at 433 member companies, 255 of which are Ordinary Members, 178 are Associate Members and 2 Individual Members. To all our new members, I warmly welcome them aboard!

The Association’s Young Executives Group (YEG), which celebrated its 6th anniversary in March this year, attracted a membership of over 800 members. We have placed a lot of emphasis and hope in these young professionals by encouraging them to participate and make positive contributions to the Association.

Our Association’s newsletter, “Waves”, has entered its 5th year of publication in May this year. You may have noticed that we have adopted a new look since November last year. I hope your continued advertising support in the “Waves” is a sign that the publication has met with your expectations!

The SSA continues to maintain close working relationships with various industry stakeholders such as the MPA, the Singapore Maritime Academy (SMA), the Singapore Maritime Foundation (SMF) and the two seafarers’ unions. SSA regularly met and engaged these stakeholders in fruitful and productive discussions, addressing industry concerns. In light of current economic conditions, I wish to inform that SSA will pursue very active discussions with some of them to address the costs of doing shipping business in Singapore.

SSA remains strongly committed towards the training of Singaporeans for a seafaring career. In this connection, we have worked very closely with the MPA, the SMA and the Singapore Maritime Officers’ Union (SMOU) to promote careers at sea. Jointly with MPA and the SMA, we have structured a 30-mile Special Limit course to attract Singaporeans to take on a career as Master on board bunker tankers and tug boats operating in the Singapore harbour. The Association has also lent its strong support to the SMOU’s Tripartite Nautical Training Award (TNTA) programme aimed at training Singaporeans as deck officers for foreign-going ships.

Under the MaritimeONE, the SSA also works very closely with the Association of Marine Industries (ASMI), MPA and SMF to strongly entice school leavers, polytechnic and university students to pursue maritime careers ashore.

Conclusion

The SSA is fortunate to have dedicated and committed members serving on the Council, the various Committees and Sub-Committees. I wish to take this opportunity to thank all of them for their hard work, dedication and excellent support in promoting the interests of the SSA. I am grateful for what they had done as a team to advance the well-being of your Association.

Last but not least, I would also like to thank the Secretariat for the efficient discharge of their duties.

“The SSA continues to maintain close working relationships with various industry stakeholders such as the MPA, the Singapore Maritime Academy (SMA), the Singapore Maritime Foundation (SMF) and the two seafarers’ unions. SSA regularly met and engaged these stakeholders in fruitful and productive discussions, addressing industry concerns.”

Activities Report 2011/2012

Annual General Meeting (AGM)

The SSA 15th AGM was held on 6 July 2011 at the Marina Mandarin Hotel Singapore. It was attended by 88 Ordinary and 21 Associate Members. The Meeting adopted the SSA Annual Report (2010/2011) and Financial Report ended 31 December 2010.

The AGM re-appointed M/S Rohan Mah & Partners as the Association's external auditors and M/S Allen & Gledhill as its honorary legal advisor for 2011/2012.

Being an election year, the AGM was informed that the Secretariat had received 8 nominations for election to the incoming Council (2011/2013) as at the close of nominations on 28 June 2011, but 1 nominee had respectfully declined his nomination, leaving 7 candidates. As the 7 nominations just met the constitutional requirements, all 7 nominees were returned unopposed and elected by acclamation to the SSA Council (2011/2013):

	Company in alphabetical order	Name Of Representative	Company Position*
1	APL Co. Pte Ltd	Mr. Kenneth Chia	Managing Director
2	Avra Asia Pte Ltd	Mr. Esben Poulsson	Chairman
3	Evergreen Shipping Agency (Singapore) Pte Ltd	Mr. Patrick Phoon	Deputy Managing Director
4	Ocean Tankers Pte Ltd	Mr. Aloysius Seow	Chief Operating Officer
5	Pacific Carriers Ltd	Mr. Tan Chin Hee	Director
6	Pacific International Lines (Pte) Ltd	Ms. Lisa Teo	General Manager
7	Thome Ship Management Pte Ltd	Capt. Bjorn Hojgaard	Managing Director

*Designation at time of election

The Meeting unanimously re-appointed Mr. Teo Siong Seng, Mr. Aloysius Seow, Mr. Patrick Phoon and Mr. Ong Kok Wah to the SSA Board of Trustees.

Council

The first meeting of the SSA Council (2011/2013) was held immediately after the 15th AGM on 6 July 2011. During that meeting, the following SSA office bearers were elected for a two-year term.

- Mr. Patrick Phoon, Deputy Managing Director, Evergreen Shipping Agency (Singapore) Pte Ltd, was elected as President.
- Mr. Esben Poulsson, Chairman of Avra Asia Pte Ltd, was elected as Honorary Secretary.
- Mr. Kenneth Chia, Managing Director, APL Co. Pte Ltd, was elected as Honorary Treasurer.

During the Meeting, the newly elected Council also decided to co-opt the following:

Ordinary:

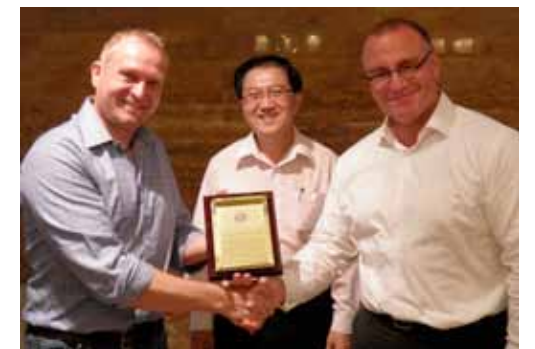

- Ms. Katie Men, Managing Director, Farglory Holdings Pte Ltd
- Mr. Neil Glenn, Managing Director, Swire Pacific Offshore Operations (Pte) Ltd

Associate:

- Ms. Gina Lee-Wan, Partner, Allen & Gledhill LLP
- Mr. Lee Keng Mun, Head of Shipping Asia, HSH Nordbank AG, Singapore Branch

During the period in review, Capt. Bjorn Hojgaard resigned from the Council on 17 October 2011, as he had resigned from Thome Ship Management Pte Ltd to pursue other interests. As an elected member of the Council, the Council approved Thome Ship Management's appointment of Mr. Carsten Brix Ostfeldt, Managing Director, Thome Ship Management Pte Ltd, in place of Capt. Hojgaard on 24 November 2011.

The Council accorded votes of appreciation to Capt. Bjorn Hojgaard for his past contributions and support and wished him well in his new endeavours.

Currently, the composition of the SSA Council (2011/2013) is as follows:

1. Mr. Patrick Phoon *Deputy Managing Director, Evergreen Shipping Agency (Singapore) Pte Ltd (President)*
2. Mr. Esben Poulsson *Chairman, Avra Asia Pte Ltd (Honorary Secretary, Chairman of General Affairs Committee & Chairman of International Committee)*
3. Mr. Kenneth Chia *Managing Director, APL Co. Pte Ltd (Honorary Treasurer & Chairman of Finance, Investment & Audit Committee)*
4. Ms. Gina Lee-Wan *Partner, Allen & Gledhill LLP, (Chairman of Legal & Insurance Committee)*
5. Mr. Neil Glenn *Managing Director, Swire Pacific Offshore Operations (Pte) Ltd, (Chairman of Offshore Services Committee)*
6. Mr. Aloysius Seow *Chief Operating Officer, Ocean Tankers Pte Ltd, (Chairman of Services Committee)*
7. Mr. Carsten Brix Ostfeldt *Managing Director, Thome Ship Management Pte Ltd, (Chairman of Technical Committee)*
8. Ms. Lisa Teo *Executive Director, Corporate Development, Pacific International Lines (Pte) Ltd, (Chairman of YEG Committee)*
9. Ms. Katie Men *Managing Director, Farglory Holdings Pte Ltd*
10. Mr. Lee Keng Mun *Head of Shipping Asia, HSH Nordbank AG, Singapore Branch*
11. Mr. Tan Chin Hee *Director, Pacific Carriers Ltd*

The Council met once every two months. It reviewed the reports of the two administrative committees and six operational committees, and decided on all major policy decisions for the Association.

Administrative & Operational Committees

The Council is supported by two Administrative Committees and six Operational Committees.

The General Affairs Committee Reports ...

The General Affairs Committee is headed by the Honorary Secretary, Mr. Esben Poulsson. All matters relating to the Association's public relations, collaterals, social activities and the Secretariat's administrative affairs come under his area of responsibility.

1. Membership

As of 1 June 2012, the membership of the SSA stood at 433 members, of whom 254 are Ordinary Members, 177 are Associate Members and 2 are Individual Members. The Association also has 3 Honorary Members, namely, Mr. Yeo Cheow Tong, Mrs. Lim Hwee Hua and Mr. Ong Kok Wah.

The Association welcomed 44 new members into the Association since the last AGM. During the same period, 16 members had resigned.

2. SSA Secretariat

The SSA Secretariat is supported by a staff of 11 which is headed by the Executive Director, Mr. Daniel Tan. Besides the SSA, the staff also provides a range of secretarial support to the Singapore Maritime Employers' Federation (SMEF), the Federation of ASEAN Shipowners' Associations (FASA) and the Safe Navigation & Environment Committee of the Asian Shipowners' Forum.

3. Corporate Communications

The Secretariat continues to maintain the SSA website at <http://www.ssa.org.sg>, which provides regular updates and information on the Association's latest activities such as seminars, talks, courses and other social events. Copies of SSA circulars and press releases are also posted immediately on the website.

The Association publishes a quarterly newsletter, "Waves" which is distributed widely in both electronic and paper formats to all SSA members and the maritime community at large. In November 2011, the first issue of "Waves" produced by an external publisher on behalf of SSA was released. Whilst "Waves" is now being produced by an external party, with the exception of a guest column by Mr. David Hughes, SSA retains full editorial control of the articles.

www.ssa.org.sg

4. SSA 26th Anniversary Gala Dinner

The Association's 26th Anniversary Gala Dinner was held on 29 September 2011 at Fairmont Ballroom, Raffles City Convention Centre. The Guest of Honour was Minister for Transport and Second Minister for Foreign Affairs, Mr. Lui Tuck Yew. The Minister of State for Finance and Transport, Mrs. Josephine Teo also attended. Over 1,500 members, guests and associates also attended the 26th Anniversary Dinner.

It was a wonderful evening of delightful entertainment and sumptuous food, coupled with a great sense of camaraderie amongst the shipping fraternity who attended the dinner.

5. Members' Networking Sessions

In addition to the Annual Gala Dinner in September, the SSA also organises regular Cocktail Receptions for its members to interact and network. During the year in review, one reception was held in the beginning of 2012 to tie in with the Lunar New Year, another in December 2011 just before Christmas, and the last, which was held in July 2011 to coincide with the 15th Annual General Meeting.

The receptions have been very well-attended by members and representatives from the other industry stakeholders.

The Association appreciates and thanks all the companies that generously sponsored the cocktails, especially in these difficult times.

6. Relations with Local Bodies

In its efforts to promote the interests of its Members and to enhance Singapore's competitiveness as an International Maritime Centre, the SSA maintains strong working relationships with various relevant government agencies such as the Maritime and Port Authority of Singapore (MPA), the Singapore Customs (SC), the Immigration and Checkpoints Authority (ICA), the Republic of Singapore Navy (RSN) and the Police Coast Guard (PCG).

In addition to conducting regular dialogue sessions to resolve industry-wide shipping problems and to ensure a common understanding of the needs and issues within the industry, SSA is represented on the board, advisory committees and working committees of several government statutory departments. Likewise, some of these government agencies are also invited to participate in several SSA Committees as observers.

Close working relationships are also maintained with other maritime stakeholders such as the Association of Singapore Marine Industries (ASMI), the Singapore Maritime Officers' Union (SMOU), the Singapore Organisation of Seamen (SOS), the Singapore National Shippers' Council (SNSC), the Singapore Maritime Academy (SMA) and the Singapore Maritime Foundation (SMF).

The SSA is also a member of the Singapore Business Federation (SBF) and the Singapore Chinese Chamber of Commerce & Industry (SCCCI).

7. Relations with Foreign Bodies

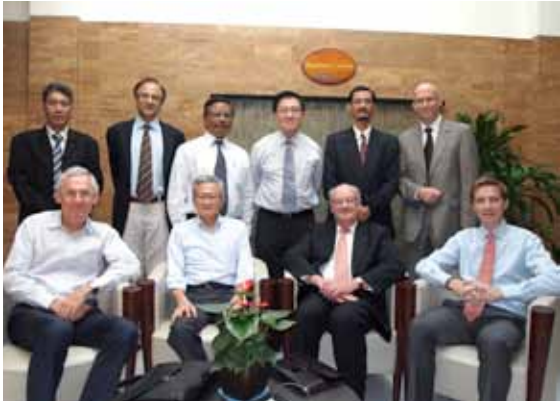

Working closely with its counterparts in the Federation of ASEAN Shipowners' Associations (FASA) and the Asian Shipowners' Forum (ASF), the SSA continues to be an active participant in regional and international forums.

The SSA participated in the FASA 37th Annual General Meeting in Jakarta, Indonesia on 9 December 2011 and the FASA 42nd Executive Committee Meeting in Port Douglas, Australia on 21 May 2012.

The 42nd FASA Executive Committee Meeting was held concurrently with the 21st Asian Shipowners' Forum, which was held 21 to 23 May 2012 in Port Douglas. At the 21st ASF, the SSA was represented by 11 delegates.

As a member of FASA, the SSA continues to hold the Chairmanship of the ASF Safe Navigation and Environment Committee (SNEC). The 21st and 22nd Interim Meetings of the SNEC were held on 16 September 2011 and 26 March 2012 respectively.

Internationally, the SSA is a member of the International Chamber of Shipping (ICS) and the International Shipping Federation (ISF). SSA also continues to nurture good working relationships with various international organisations such as the International Maritime Organisation (IMO), the International Association of Independent Tanker Owners (INTERTANKO), the Baltic and International Maritime Council (BIMCO), International Association of Dry Cargo Shipowners (INTERCARGO), the International Group (IG) of P & I Clubs and the International Association of Classification Societies (IACS).

In its ongoing efforts to help safeguard ships and seafarers, the SSA also maintains strong working relationships with the Regional Agreement on Combating Piracy & Armed Robbery Against Ships in Asia (ReCAAP) Information Sharing Centre (ISC) and the multi-national Information Fusion Centre (IFC) based in Singapore.

8. Educational Awards and Bursaries

The Association continues to support deserving top graduates of the Singapore Maritime Academy's maritime diploma courses, namely the Diploma in Marine Engineering, the Diploma in Nautical Studies and the Diploma in Maritime Transport and Technology.

As a measure of the Association's commitment towards training Singaporeans as seafarers, SSA also continues to support the Tripartite Nautical Training Award (TNTA) initiated by the Workforce Development Agency (WDA), National Trades Union Congress (NTUC) Employment & Employability Institute (e2i) and Singapore Maritime Officers' Union to train Singaporeans as seafaring deck officers to work onboard Singapore ships.

9. Talks and Seminars

The Association regularly organises talks and seminars to keep its members informed and up-to-date with the latest developments in the shipping industry. By inviting distinguished and highly-qualified speakers to share their experiences and expertise, the SSA's talks and seminars help members manage the dynamic, ever-changing nature of the maritime sector.

These talks and seminars are very well-received as they not only serve to update the participants with the current trends and developments in the shipping world, but also offer an opportunity for them to network with the shipping fraternity.

2. Greenhouse Gases – Market-Based Measures (MBMs)

The International Committee Reports ...

Councillor Mr. Esben Poulsson is the Chairman of this International Committee.

A summary of the main issues that were addressed by the Committee during the period in review is as follows:

1. Global Competition Developments

In light of the international nature of the shipping industry, the Committee continued to closely monitor competition law developments in several countries, including Hong Kong, Japan, Malaysia, New Zealand and the Philippines.

2. Greenhouse Gases – Market-Based Measures (MBMs)

Apart from trade matters, the Committee actively discusses environmental issues arising from meetings of the IMO Marine Environment Protection Committee (MEPC).

The Committee followed the MEPC's intensive consideration of proposed MBM proposals at its 63rd session in March 2012, which would complement the technical and operational measures already adopted. The proposals under review range from a contribution or levy on all CO₂ emissions from international shipping or only from those ships not meeting the EEDI requirement, via emission trading systems, to schemes based on a ship's actual efficiency, both by design (EEDI) and operation (SEEMP). However, the draft terms of reference for the impact assessment of the MBM proposals will be considered at the next MEPC session in October 2012 and the SSA will continue to monitor the situation.

Noting that the European Commission (EC) started a public consultation on various policy options in support of MBMs, the Committee expressed concern that the European Union may unilaterally enforce its own shipping regulations if the IMO fails to act. In this regard, the Committee agreed that it was important for SSA to submit its comments to the EC, emphasising that the IMO, as a UN agency governing international maritime affairs, should be the sole international body that should be given due recognition with full power and authority to develop any MBMs to regulate GHG emission by international shipping.

Bunkering in Singapore
The Sub-Committee noted a marked increase in the number of reported bunker quantity disputes, especially disputes involving the so-called “cappuccino effect”. Although the Sub-Committee agreed that the bunker quality in Singapore is well-regulated and addressed very well, the Sub-Committee formed a Working Group to examine the reasons behind the alleged “cappuccino effect” as well as to come up with potential solutions to mitigate the current situation.

The Working Group developed guidance to further enhance the SS600:2008 and will continue to address the operational and technical aspects of the issue.

Summary of Bunker Operations in Singapore					
	2007	2008	2009	2010	2011
No. of Quantity Disputes	11	18	21	27	30
No. of Quality Disputes	5	3	3	2	1
Others	1	-	1	-	1
Total No. of Disputes	17	21	25	29	32
No. of Vessels Bunkered in the Port*	29,729	31,892	32,760	35,572	37,753
Total No. of Disputes Against No. of Vessels Bunkered	0.06%	0.06%	0.08%	0.08%	0.08%

* MPA Port Statistics

Framework to Encourage Singaporeans to Serve on Port Limit Vessels
To help alleviate the chronic shortage of trained seafarers facing the harbour craft sector, SSA members continued to work closely with the MPA and other stakeholders to train Singaporeans to serve as deck officers aboard port limit vessels. As the programme to train Singaporeans enters its second year, SSA is pleased that its harbour craft operators have continued to provide berths for cadets during their sea-phase training.

2. Cruise Sub-Committee

Chaired by Mr. Frankie Tan of Wallem Shipping (S) Pte Ltd, the Cruise Sub-Committee works closely with the MPA, the Immigration and Checkpoints Authority (ICA), the Singapore Tourism Board (STB) and other stakeholders to develop and enhance Singapore’s cruise industry.

Singapore Standard for Mass Flow Meters
The Sub-Committee continued to participate actively in SPRING Singapore’s efforts to develop a new Singapore Standard on the use of mass-flow meters.

Noting that mass-flow meters could help mitigate instances of bunker quality disputes, the Sub-Committee agreed that use of mass-flow meters should be a voluntary option for the measurement of bunkers until such time as industry stakeholders have gained full confidence in the accuracy of the mass-flow meters.

Besides addressing operational issues of concern raised by port agents, the Sub-Committee has worked closely with all the relevant stakeholders to ensure that there are sufficient berths for international cruises calling at Singapore.

On 22 December 2011, STB announced SATS-Creuers Cruise Services Pte Ltd, a joint venture between SATS Ltd (SATS) and Creuers del Port de Barcelona S.A. (Creuers), as the operator of the new International Cruise Terminal (ICT).

In anticipation to the commencement of operations at the ICT, STB consulted with the MPA and the Sub-Committee, and subsequently developed the Berthing Framework for transparent allocation of berths to cruise ships calling at either the ICT or the Singapore Cruise Centre (SCC). It aims to facilitate the cruise ship operations, and to also minimise the occurrence of ships bunching situation. The Berthing Framework has since taken effect on 17 April 2012 and will apply for applications for berths during the 2012/2013 Cruise Season and thereafter.

3. Ship Operations & Port Services Sub-Committee

The Ship Operations & Port Services Sub-Committee is chaired by Mr. Kek Beng of MOL (Singapore) Pte Ltd. The Sub-Committee works closely with the MPA, the ICA, terminal operators and other service providers to overcome any problems associated with ship operations and port services in Singapore.

Ongoing MPA/SSA Meetings on Operational Matters

Representatives from MPA and SSA continued to meet every quarter to discuss issues which affect operations in Singapore ports. Some of the key issues discussed during the meetings were compulsory pilotage and manpower issues for the harbour craft industry.

Compulsory Pilotage & Potential Dangers to Navigation

The Sub-Committee took note of concerns raised about safety of navigation and increasing instances of near misses due to congestion in Singapore's anchorages.

In light of this, the Sub-Committee welcomed MPA's introduction of compulsory pilotage for vessels entering and leaving Singapore's anchorages, subject to periodic reviews to ensure that pilotage service levels are maintained.

Manpower Issues

As reported above, SSA members have continued to work closely with the MPA and other stakeholders to train Singaporeans to serve as deck officers aboard port limit vessels. As part of their commitment towards the programme, SSA's harbour craft operators have continued to provide berths for cadets during their sea-phase training.

Until such time as sufficient Singaporean seafarers have been trained, however, harbour craft operators must continue to draw on foreign seafarers. In this regard, SSA continues to work with MPA and the Ministry of Manpower (MOM) to optimise and streamline the application process for Work Permits for foreign seafarers.

In response to the decision by the Ministry of Manpower to phase in several increases in foreign worker levies, the SSA wrote to Mr. Tharman Shanmugaratnam, Deputy Prime Minister and Minister for Manpower, urging the Ministry of Manpower not to proceed with the proposed increase in the Foreign Worker Levy, but rather, to maintain it at status quo.

4. Training & Development Sub-Committee

The Training & Development Sub Committee is chaired by Capt. Mark Heah of Jardine Shipping Agencies. The role of the Sub-Committee is to assist shipping staff in upgrading their professional skills, and to support and cooperate with other educational institutions in providing executive training courses for the shipping industry.

The Sub-Committee continues to update and renew the courses offered under its Executive Development Programme to ensure the courses remain relevant in today's market.

The SSA now runs 14 courses under its Executive Development Programme, namely:

- Introduction to Shipping
- Principles of Shipping Operations & Practices
- Principles of Shipping Documentations & Practices
- Understanding Import/Export Techniques and Documentation
- Principles of Shipbroking and Chartering
- Shipping Law & Disputes
- Compliance of the IMDG Code for Transport of Dangerous Goods
- Container Management and Practices
- Marine Insurance
- Effective Written Communication in the Shipping Industry
- Basic Course on the Code of Practice for Bunkering (SS600:2008)
- Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter 1 – for Cargo Officers)
- Maritime HR Management (previously known as Crew Operations Management)
- Maritime Labour Convention 2006 – The Concise Perspective

In 2011, a total of 665 people attended courses run by the SSA. The Association also assisted the Institute of Technical Education (ITE) in providing inputs for the development of a new course in “Shipping Operations & Services”, which would start its first run in 2013.

Mandatory Enhanced Bunkering Course for Cargo Officers

As of 1 July 2012, the Maritime and Port Authority of Singapore (MPA) made it mandatory for all cargo officers to successfully complete the enhanced bunkering course (Intermediate Course on the Code of Practice for Bunkering (SS600:2008 Chapter 1 – for Cargo Officers) prior to working independently onboard bunker tankers.

Course Fee Subsidies

The Association successfully obtained Maritime Cluster Fund subsidies for most of its courses under the SSA Executive Development Programme 2012.

Activity Reports

1. Summary of Main Issues

2. Maritime Security Sub-Committee

3. Tanker Sub-Committee

The Technical Committee Reports ...

At the 1st meeting of the SSA Council (2011/2013), Councillor Capt. Bjorn Hojgaard was appointed as Chairman of the Technical Committee. Following Capt. Hojgaard's resignation from Thome Ship Management Pte Ltd, the Council appointed Mr. Carsten Brix Ostenfeldt, as Chairman of the Technical Committee. Mr. Ostenfeldt has two sub-committees under his care, namely the Maritime Security Sub-Committee and the Tanker Sub-Committee.

1. Summary of Main Issues

A summary of the main issues that have been addressed by the Committee and Sub-Committees during the period in review is provided below.

Ballast Water Management (BWM) Convention

The Ballast Water Management Convention will enter into force after 30 countries representing 35% of the world's tonnage ratify the Convention. The Technical Committee noted that, as of 30 April 2012, 33 countries representing 26.46% of the world's tonnage have ratified the Convention.

The Committee further noted that there are no ballast water treatment systems that are universally applicable for all ship types and operating patterns. Available systems are still untested, and not only are there still uncertainties with regard to sampling and testing methodologies and procedures, but the absence of such methodologies and procedures makes it difficult to train ships' crew in their use. Furthermore, installation of ballast water treatment systems may have the unintended consequence of increasing a vessel's carbon footprint.

In view of the high cost of treatment systems, the Committee agreed that these uncertainties should be resolved first.

As such, the SSA Secretariat has written to inform the MPA that SSA could not support the ratification of the Convention until such time as the tonnage and state requirements for entry into force are met.

Greenhouse Gases – Energy Efficiency Measures

The Technical Committee discussed developments at the IMO relating to the development of mandatory requirements of the Energy Efficiency Design Index (EEDI) and the guidance on the Ship Energy Efficiency Management Plan (SEEMP).

In particular, the Committee was pleased to note that the 63rd session of the IMO Marine Environment Committee (MEPC 63) adopted four sets of guidelines which intended to assist in the implementation of the mandatory Regulations on Energy Efficiency for Ships in MARPOL Annex VI, which are expected to enter into force on 1 January 2013.

The SSA views that the finalisation and adoption of the supporting guidelines were significant achievements.

Greenhouse Gases – Market-Based Measures (MBMs)

Further discussions on MBMs were held at the IMO 63rd session of the Marine and Environment Protection Committee which was held from 27 February to 2 March 2012. The MBM proposals which are under review ranges from a contribution or levy on all CO2 emissions from international shipping or only from those ships not meeting the EEDI requirement, via emission trading systems, to schemes based on a ship's actual efficiency.

The SSA is strongly committed towards protecting the environment, and maintains that operational and technical measures developed by the IMO are the preferred ways towards maintaining a pollution-free environment. Acknowledging, however, that the politically-motivated adoption of an MBM is inevitable, SSA maintains that the Bunker Levy Scheme is the preferred option to reduce GHG emission from international shipping as it is transparent, predictable, simple and equitable in application. Noting that similar views have been shared by shipowners' associations of Hong Kong, Japan and Korea, the Technical Committee re-affirmed SSA's support for an incentivised bunker levy scheme.

The SSA will continue to monitor and intervene, where necessary, in the discussions at the IMO.

2. Maritime Security Sub-Committee

Chaired by Capt. George Solomon of Neptune Orient Lines Ltd, the Sub-Committee worked closely with the MPA, the ReCAAP Information Sharing Centre (ISC), the Republic of Singapore Navy (RSN) and other maritime security providers to discuss proposed measures and submissions concerning maritime security and to make appropriate recommendations, including practical measures, to improve security arrangements for ships.

The China Navigation Company Pte Ltd

The Sub-Committee analysed the latest statistics on piracy and armed robbery that threatened international shipping around the world. With statistical and situational reports from the International Maritime Bureau (IMB) and the ReCAAP ISC, the Sub-Committee studied the modus operandi of the pirates. The Sub-Committee observed that the Somali pirates had gained possession of better-equipped vessels and thus were able to conduct piracy operations covering a vast area. The Sub-Committee also expressed great concern at the increasing number of attacks reported in the waters off West Africa, particularly in off Benin and Nigeria.

The Sub-Committee acknowledged that the industry must do its part to mitigate the threat of Somali piracy. As such, the Sub-Committee strongly urged all member companies to comply fully with the voluntary Best Management Practices (BMP) promulgated by the International Maritime Organisation and industry associations.

Noting that there have been increasing calls to develop guidelines for the hiring of Privately-Contracted Armed Security Personnel (PCASPs) as well as the development of accreditation standards to regulate said PCASPs, the Sub-Committee agreed that there should be a single international standard, preferably administered by a body such as the International Organisation for Standardisation (ISO). Such an international standard could propose standard guidelines for the certification of PCASPs, as well as the adoption of pro-forma contracts for users to consider.

In the Asia region, the Sub-Committee monitored closely incidents of piracy and armed robbery in the Straits of Malacca and Singapore, ports and anchorages in the region, the South China Sea and off the southwest coast of India, where there have been increasing reports of fishermen being mistaken as pirates.

3. Tanker Sub-Committee

The Tanker Sub-Committee is chaired by Capt. Surendra Dutt of Anglo-Eastern Shipmanagement (Singapore) Pte Ltd. The Sub-Committee engages itself in discussion on issues from the IMO and local operations.

Shore Leave for Seafarers

Previously, in response to reports that a number of terminals in Singapore are not complying with shore leave requirements as put forward by IMO and ILO, the Tanker Sub-Committee had worked closely with the MPA to develop a revised form for the application of crew change/crew leave for ships berthed alongside Singapore's oil terminals.

Following the adoption of MPA Port Marine Circular No. 4 of 2011 (the revised version of Port Marine Circular No. 21 of 2006), it has been noted that there have been reports by local agents that some terminals simply do not reply to the application.

MPA has since advised that for future applications, SSA Members who did not receive any reply from the oil terminals, should resend their applications with a copy to MPA's Port Security Department as well as SSA. This arrangement would then facilitate MPA in following up with the respective oil terminals in the event that the terminals still fail to reply.

Free-Fall Life Boats

The Sub-Committee sought clarification on MPA's policy for the launching of free-fall lifeboats for drills. In response, MPA replied that lifeboat drills which do not require in-water manoeuvring test as well as unmanned free-fall lifeboats were permissible as long as proper application procedures were abided to. For free-fall lifeboat launching with crew onboard, MPA would be checking the indemnity coverage aspects with its Legal Department.

SSA would continue to monitor the developments.

3. Protocol of 1996 to the Convention on Limitation of Liability for Maritime Claims, 1976 (LLMC '96)

The Legal & Insurance Committee Reports ...

Chaired by Ms. Gina Lee-Wan of Allen & Gledhill LLP, the Legal & Insurance Committee looks into the legal aspect of policies and issues arising in the shipping community.

Provided below is a summary of the main issues that have been addressed by the Committee during the period in review:

1. People's Republic of China (PRC) Marine Pollution Regulations

The Committee continued to monitor developments relating to the PRC Pollution Regulations, which specify that shipowners and operators calling at PRC ports must have in place a pollution clean-up contract with a PRC Maritime Safety Agency approved Spill Response Organisation (SPRO). The Regulations were enforced with effect from 1 January 2012, and will apply to owner/operators of (a) any ship carrying polluting and hazardous cargoes in bulk or (b) any other vessels above 10,000gt.

The SSA will continue to monitor any updates on the Regulations.

2. Singapore War Risk Pool

In November 2011, the Legal & Insurance Committee took note of exploratory initiatives to create a Singapore War Risk Pool. Based on the model established by the Norwegian War Pool being proposed, the Committee agreed that the creation of a Singapore War Risk Pool may benefit the Singapore shipping industry and shipowners in many ways. Not only would the creation of a Singapore War Risk Pool strengthen Singapore's position as an International Maritime Centre, it would also take advantage of economies of scale and assist in securing the best possible cover for crew and ships, thereby achieving significant cost-savings for Singapore shipowners.

The Committee will continue to conduct exploratory discussions with a view towards assessing Singapore shipowners' interest in establishing a Singapore War Risk Pool.

3. Protocol of 1996 to the Convention on Limitation of Liability for Maritime Claims, 1976 (LLMC '96)

Singapore is currently a party to the Convention on Limitation of Liability for Maritime Claims, 1976 (LLMC 76).

MPA has since invited the industry to review whether it was timely for Singapore to consider accession to LLMC 96. The Committee noted that the LLMC 96 has limits doubled in most categories as compared to the LLMC 76, and it will allow for quick future amendments to keep up with future inflation rates. From the shipowners' perspective, however, LLMC 96 may not be advantageous as liabilities on the shipowners will increase as well.

As such, the Committee agreed that further observation and analysis is required before SSA can make any recommendations as to whether or not Singapore should accede to LLMC 96.

2. On-Going Dialogue Sessions

The Offshore Services Committee Reports ...

The Offshore Services Committee is chaired by Councillor Mr. Neil Glenn. The Committee addressed issues of concern to the offshore sector and with a view to establish Singapore as a centre of the offshore industry.

Provided below is a summary of the main issues that have been addressed by the Committee during the period in review:

1. Piracy and Maritime Security

Whilst piracy and maritime security issues were also discussed in other Operational Committees and Sub-Committees, the Offshore Services Committee focused on the impact of piracy and armed robbery on offshore supply vessels, tugs and other specialised ships. The Committee shared best practices and proposed measures that worked best for offshore services vessels.

The Committee further opined that more assistance should be rendered to mitigate the upward trend of piracy and armed robbery incidents in the Malacca Straits and Singapore Straits.

2. On-Going Dialogue Sessions

Given the broad scope of the offshore sector, Members of the Committee shared with one another their experiences on issues relating to the offshore industry. Through these sharing sessions, the Chairman hoped that members would gain knowledge and understanding about one another's businesses and issues relating to individual companies.

Activity Reports

1. General Report

The Young Executives Group Committee Reports ...

The Young Executives Group (YEG) continues to enjoy strong support from SSA member companies. As of 15 June 2012, more than 800 young shipping executives have joined the YEG. Established in 2006, the main role of the YEG is to encourage young shipping executives' greater awareness of SSA and to encourage them to participate in the Association's activities with a view towards nurturing future leaders for the Association.

The YEG, previously a Sub-Committee under the General Affairs Committee, had been converted into a full-fledged standing committee as of 11 August 2011, as decided by the SSA Council.

The YEG Committee is chaired by SSA Council Member Ms. Lisa Teo.

Ms. Sue Ann Gan of Norton Rose (Asia) LLP, Mr. Desmond Chong of Sinanju Marine Services Pte Ltd and Mr. Andrea Costantini of Ishima Pte Ltd were elected as Vice Chairman, Secretary and Treasurer respectively by their fellow members to lead the YEG.

The activities of the YEG were focused in three main areas. They were Networking, Education and Community Outreach. Events were organised to suit the age group of the YEG.

(L-R) Mr. Andrea Costantini, Ms. Lisa Teo, Ms. Sue Ann Gan, Mr. Desmond Chong

During the reporting period, the YEG organised the following events:

YEG EVENTS

Annual Bowling Tournament
Kallang Leisure Park

02.11.11

Year End Networking Event
Fabrika, Klapsons
the boutique hotel

29.11.11

Pink Cocktail to raise funds for the Breast Cancer Foundation
SSA Maritime Lounge

19.10.11

Lunar New Year 'Lo Hei' Lunch
SSA Maritime Lounge

01.02.12

Educational Talk & Networking Session on "Overview of Indonesian Shipping Markets and Success Story of Cabotage Implementation"

Mr. Asmari Herry – Chief Operating Officer & Executive Director, Samudera Shipping Line Ltd
SSA Maritime Lounge

23.02.12

Community Visit with ACE@Boon Lay
Raffles Lighthouse

10.03.12

Maritime Youth Conference & YEG 6th Anniversary Reception

Ambassador Mary Seet-Cheng – Senior Specialist Adviser, Ministry of Foreign Affairs
Mr. Rodricks Wong – Senior Research Analyst, Marine Money Asia

Mr. Mike Zampa – Vice President, Corporate Communications, NOL Group
Mr. Chia Yujin – Assistant Corporate Finance Manager, EOC Limited

Mr. Thai Low Ying-Huang – Assistant Director, International Policy Department, Maritime and Port Authority of Singapore
Marina Mandarin Singapore

13.03.12

"A Wine Affair" Wine Appreciation Night
Wine Mansion

06.06.12

(Top) *The Annual Bowling Challenge is a highly popular event that brings together competitors from various SSA member companies in a competitive but fun environment.*

(Left) *A 'lo-hei' lunch was specially organised by the YEG networking subgroup as part of the Lunar New Year festivities.*

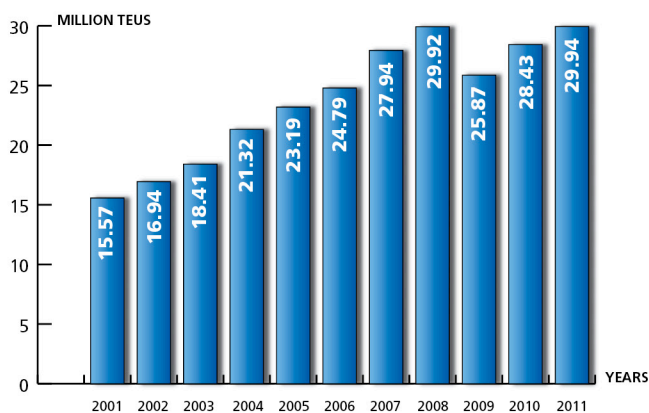

(top) *The SSA YEG celebrated its 6th anniversary with a reception which followed the inaugural Maritime Youth Conference held at Marina Mandarin Singapore.*

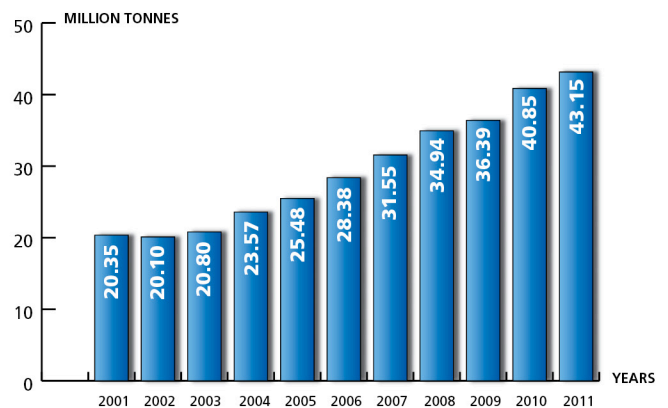

(Right) *More than just nurturing young executives, the YEG also reaches out to the underprivileged community in Singapore. This outing to the Raffles Lighthouse aims to provide an awareness of the shipping industry - these children could be the future leaders of the local maritime sector!*

Quality Products and Services YOU CAN DEPEND ON

We understand that quality and on-time delivery are the top priorities of our customers.

We offer a range of quality bunker fuels that caters to different needs of our customers. We provide on-time delivery to vessels within and outside Singapore Port Limit. Our storage facilities at Jurong Island and offshore floating storage equip us to maintain adequate inventory of quality bunker fuel at all times. These multiple refilling points and our dedicated fleet of 11 MPA-certified bunker barges ranging from 500 to 12,000 DWT allow us to respond effectively to last minute requirements or changes in delivery schedule. Having vast experience in complex bunker supply operations, we can supply to vessels of all types and sizes including offshore rigs, FPSOs, ships in dry dock, cruise ships and navy vessels.

Partner for solutions

Keppel Offshore & Marine (Keppel O&M) is a leader in offshore rig design, construction and repair, ship repair and conversion and specialised shipbuilding. Its 'Near Market, Near Customer' strategy is bolstered by a global network of 20 yards.

Focused on technology leadership, strategic alliances and the development of its talent pool, Keppel O&M is well-placed to meet the needs of the oil and gas industry, and to deliver on its promises on time, within budget and without incidents.

Keppel Offshore & Marine

Svitzer Salvage moved to a new location

WE PROVIDE SAFETY AND SUPPORT AT SEA

With over 4,000 employees and a diverse fleet of more than 550 vessels, SVITZER provides towage, salvage and related marine services world-wide.

SVITZER Salvage serves the marine industry with extensive Emergency Response, Wreck Removal and Cargo & Oil Recovery services, and with a groundbreaking Prevention and Preparedness programme. We assist our clients to minimise risks and impacts of marine accidents, by all means.

- Dedicated fast response
- Prepare & Act for the safety of your operations
- Casualty response by constructive teamwork
- Wreck removal, preventing loss of assets and environmental damage
